Dear Parent/Guardian:

Every ***Student Succeeds Act*** (ESSA) is our country's most important education law. This law, which was reauthorized in 2016, was formerly known as the *No Child Left Behind Act*. The revision was designed to make changes in teaching and learning that will help our students achieve more in school.

The law requires that all schools receiving federal funds must inform parents of their right to ask schools about the qualifications of their child's teachers. Our school receives federal funding, and we are happy to share this information with you.

We believe that nothing is more important to your child's education at school than having a well-prepared and highly qualified teacher. The law requires that all teachers must meet a specific, legal definition of "highly qualified" to teach in schools that receive federal funding. The legal definition of a "highly qualified teacher" has three parts. It states that the teacher must have:

1. A four-year college degree;
2. A regular teaching certificate/license; and
3. Proof of their knowledge in the subject they teach.

New Jersey has some of the most qualified teachers in the country and we are extremely proud of the quality of the teaching staff in the Manasquan School District. All of our regular teachers have college degrees, and many have advanced degrees. The State of New Jersey has always required a teaching certificate/license for all teachers. In addition, every teacher continues his or her own learning through professional development activities and our teachers are evaluated each year to make sure that their teaching skills remain at the highest possible level.

A highly qualified teacher knows what to teach, how to teach, and has a full understanding of the subject matter being taught. Every teacher in our school is fully qualified and dedicated to teaching your child. After reviewing the federal requirements individually with each teacher in our school, I am very pleased to inform you that every member of our instructional staff meets the legal definition of "highly qualified" required by the federal government.

I encourage you to support your child's education and communicate with his or her teacher on a regular basis. By partnering together – families and educators – we can provide your child with the best education possible.

## EMERGENCY EARLY DISMISSAL PROCEDURES

If an Emergency Early Dismissal is needed (weather conditions, power outages, etc.), parents will be notified by using the Honeywell Instant Alert System. Please understand that ALL students must be signed out at the Early Dismissal time by a Parent/Guardian or a contact on your child's Emergency Procedure Card. Be aware that the Dismissal Form you complete at the beginning of the school year is NOT in effect. If your child has your permission to walk/ride home after school, we cannot honor that in the case of an early closing. We must be assured that you are aware of the Emergency Dismissal and understand that your child will need to leave school earlier during the day. The only exception is for students in Grades 6 – 8, in which parents may call the office and give verbal permission for their child(ren) to walk/ride home at the early dismissal time. Also understand that parents cannot come in and tell us they are taking another parent's child home without verbal permission from that child's parents. We know that parents are trying to be helpful, but NO CHILD will be dismissed without permission from their parent/guardian since EVERY child's safety must be accounted for.

## EMERGENCY SCHOOL CLOSINGS

In the event of severe weather, or an emergency, a special announcement will be made using our School Messenger System. In addition, emergency announcements can be found on our district website at [www.manasquanschools.org](http://www.manasquanschools.org) and News 12 New Jersey.

If an emergency occurs during school hours, students will remain in school until they are picked up by their parents or authorized representative. Contact will be made through our **School Messenger System**. Parents must make every effort to pick up their children as soon as they are contacted.

## STUDENT ATTENDANCE

For the Board of Education to fulfill its responsibility to provide a thorough and efficient education for each pupil, the complete cooperation of parents/guardians and pupils is required to maintain a high level of school attendance. Absence from school jeopardizes the ability of a pupil to satisfactorily complete the prescribed course of study and violates the statutes requiring children to regularly attend school (N.J. S.A. 38:25–26). The administration accepts its responsibility of properly operating the school within the context of prevailing laws and regulations. Students have the right to receive an education which allows for maximum personal growth and prepares them to be productive members of our society. It cannot succeed in the paramount task of providing an education through accepted curricula unless the pupils for whom it is intended are present for all regularly scheduled classroom activities. Consequently, there is an inherent responsibility upon the parents and pupils for the pupil to attend school regularly.

### OFFICE PHONE CALLS

The telephone in the office is to be used for students calling for forgotten lunches, forgotten glasses, to let a parent know that he/she has detention, or for emergency purposes **ONLY**. It is not to be used for making after school plans with other classmates that should be done with your child before coming to school. Students will also not be permitted to use the office phone for forgotten homework, forgotten gym clothes/sneakers, or other forgotten assignments. Please remind your child of this information. Your help with this matter would be greatly appreciated.

### ATTENDANCE POLICY

The frequent absence of pupils from classroom learning experiences disrupts the continuity of the instructional process and limits the ability of pupils to successfully complete the prescribed curriculum requirements. Students shall be subject to the school district's response to unexcused absences that count toward truancy, as outlined in N.J.A.C. 6A:16-7.6(a)4. and [Policy/Regulation 5200](#).

#### Unexcused Absences and Truancy Response:

1. **Up to Four Unexcused Absences:**
  - The school will notify parents, investigate the cause, and work with the family to address and correct attendance issues.
2. **Five to Nine Unexcused Absences:**
  - The school will notify parents, assess the situation, and create an action plan, including referrals to support services, alternative placements, or court involvement.
3. **Ten or More Unexcused Absences:**
  - The student will be considered truant, and the school may refer the case to court.
  - Ongoing consultation with parents and agencies to encourage regular attendance.
4. **Court Referral:**
  - Parents may be referred to the Municipal Court for compulsory education violations.
5. **Students with Disabilities:**
  - Attendance plans will be implemented in accordance with the student's IEP and other applicable plans.

#### Discipline:

- Students may be denied participation in co-curricular activities if they do not meet attendance standards.
- Absences for religious holidays will not impact eligibility for awards or activities.

Students absent for **more than 20 days** from Manasquan Elementary School may be considered for retention. After **ten days** of absence, a warning letter will be sent. Disciplinary actions will include a review by the Intervention & Referral Services (I&RS) Committee, which will meet with the parents to address attendance issues. Students absent from school are ineligible to participate in after-school activities on the day of their absence unless the administration approves of extenuating circumstances.

### TRUANCY

After four cumulative unexcused absences in which the school has not been notified by a parent or guardian for the reason(s) for absence, a student may be considered truant. Administration must obtain the cause of the absences by a parent or guardian. Between five and nine unexcused cumulative absences not reported to the school, an action plan may be required to specify needed interventions to support the students return to school and regular attendance. After ten or more cumulative unexcused absences with a cause not reported to the school, a student will be considered truant, and Administration must cooperate with law enforcement and the appropriate agencies pursuant to N.J.S.A. 18 A:38–25 and N.J.A.C. 6A:16–7.6 (a)4i.v. and H.4 to determine need for a court referral for truancy.

## EXTENDED ABSENCES DUE TO ILLNESS

Absences from school due to extended illness require immediate notification to the school. After three (3) days of absence due to illness, a physician's note indicating the nature of illness, possible duration of period of illness, and medical clearance to return to school will be required. In the event of an extended illness beyond a two-week period (10 school days), arrangements for home instruction will be scheduled.

## ATTENDANCE REPORTING PROCEDURES

Due to procedures required by the State Department of Education regarding the reporting of student absences, accurate records need to be maintained in the Main Office designating whether student absences are *excused* or *unexcused*. This data will be printed on every school's NJ State Report Card.

To assist the school with this new requirement, please understand that it is critical for you to report your child's absence on our telephone attendance extension: 732–528–8810 (Press "4")

It is imperative that **you leave a detailed message before 8:00 AM** describing the reason for your child's absence. In addition, please remember that a note to the homeroom teacher is also required upon your child's return.

For your information, the reasons listed below are considered "excused" for our school's attendance reporting policy only — **but ALL absences, excused or unexcused, count towards the 20-day limit with the exception of #4, #5 and #6.**

1. Medical: illness/medical procedure – with a doctor's note or verbal parent confirmation
2. Family illness or death
3. Where appropriate, when consistent with Individualized Education Programs, the Individuals with Disabilities Act, accommodation plans, and Individualized Health Care Plans.
4. Religious observation
5. Pupil suspension from school
6. Bring Your Child to Work Day

## PRE-EXCUSED ABSENCES

Absences from school other than for illness or emergency reasons are strongly discouraged. On occasions that necessitate this absence, a note to the school advising the duration of the absence is required. Assignments required during the absence will be completed upon the student's return.

## SIBLING ATTENDANCE AT SCHOOL PERFORMANCES

To clarify any questions regarding attendance at grade level performances during the school day, please know that we do **NOT** permit parents to sign their children out of class to attend a sibling's performance elsewhere in the building. Since many of our children have siblings, it would be unfair to allow some children to attend their brothers' or sisters' special performances, and not others. In addition, it is also very disruptive to the teacher and the instructional program in the classroom when individual students are signed out to see a performance that their classmates cannot.

## PUPIL VACATIONS DURING SCHOOL YEAR

State law and local Board of Education Policy require school attendance unless illness or certain other legitimate situations prevent a child from coming to school. **THE PRACTICE OF STUDENT ABSENCES FROM SCHOOL FOR FAMILY VACATIONS IS STRONGLY DISCOURAGED. SINCE SCHOOL TIME IS VITAL TO LEARNING IT IS DETRIMENTAL FOR PUPILS TO BE ABSENT FROM SCHOOL FOR EXTENDED PERIODS OF TIME AND MAY SEVERELY AFFECT STUDENT GRADES. PARENTS WHO CHOOSE TO REMOVE THEIR CHILDREN FROM SCHOOL MUST ASSUME FULL RESPONSIBILITY FOR ANY EFFECT THIS MAY HAVE ON THEIR CHILD'S EDUCATION AND GRADES.**

## RETURNING TO SCHOOL FOLLOWING ABSENCE

The student is required to bring a note to school stating the reason(s) for the absence from a parent/guardian on the day immediately following an absence. Additionally, parents are asked to call the office each day their child is absent.

## MAKE-UP WORK

It is the responsibility of the student to request from his/her teacher(s) and complete all work missed during an absence. This shall include tests, quizzes, projects, lab reports, etc. Make-up work must be submitted to the teacher by the end of the second day following each absence. If a student does not meet his/her responsibility during the designated period, a grade of "0" will be recorded for the assignments. Parents are asked to monitor their children's make-up work when an absence occurs to ensure its completion. Please note in the event of missed classes due to extracurricular or other school-related activities during the school day, students are responsible for completing their work as normal. This circumstance will not be treated as an absence! Students in such situations have the opportunity to see their teachers (or classmates) before dismissal to inquire about missed assignments.

In addition, requests for make-up work will not be accepted on days with delayed openings.

If a student must be absent for an extended period of time due to a family vacation, **all work must be completed upon the student's return to school.**

*If work is requested in advance*, parents must notify the teacher(s) directly with a written request for assignments **at least one week prior to the vacation absence or the request will not be granted.** Requests for work for an extended period must be made to the teachers. It is not the responsibility of the office to coordinate requests for make-up work for an extended period of time.

If work is requested in advance, it is expected that the work missed during the absence be completed and turned in to the teacher(s) upon the student's return to school. Please know that gathering a week's worth of work in advance is time-consuming and a courtesy granted by the teachers, therefore, your cooperation in ensuring your child's completion of the work would be greatly appreciated. In addition, please understand that it is impossible for a teacher to predict the exact assignments during the course of a future week. If work is given ahead of time, some assignments may change by the time your child returns from vacation.

## TARDINESS TO SCHOOL

**Tardiness** – Defined as not being in the assigned seat in homeroom at the beginning of the school session. **A student must report to the Courtesy Desk in the vestibule upon late arrival to school and obtain a late slip.** Parental notes do not excuse the tardiness, but only let the office know that parents are aware of the student's tardiness.

Excessive tardiness will be addressed on an individual basis according to the guidelines listed below:

- 10 Tardies: A letter to parent/guardian regarding tardiness and assignment of Central Detention
  - 20+ Tardies: A letter regarding excessive tardiness and a parent conference with an Administrator to discuss the infraction and needed corrective action.
- A referral will also be made to our school's Intervention and Referral Services Team (I&RS).

## EARLY SIGN-OUT PROCEDURE FOR STUDENTS

A parent **must** report to the Security Desk in the vestibule to sign out their child. No student will be permitted to leave the building area during the normal school day unless a parent or designated adult officially signs the student out. If a designated adult is sent to sign a student out early, that individual's name **MUST** appear on the student's Emergency Procedure Card. In addition, the student must be sent to school with a signed note specifying the time the student will be leaving and who will be signing the student out.

Children will not be dismissed from their classroom until an adult has physically signed them out.

## SCHOOL NURSE SERVICES

Our school nurse is available daily during school hours to attend to student injuries and illnesses that occur during the school day. She is also responsible for various health screenings (vision, hearing, scoliosis, etc.), medication administration, health updates, and the coordination of various health related programs. A log is kept of students' daily visits to the nurse's office and if there is reason for concern, a parent/ guardian will be notified. Please do not send your child to school with a request to see the nurse first thing in the morning to be checked for a fever or an injury that occurred outside of school. If you suspect any problems with your child's well-being, please consult your family physician. **Any student with an injury requiring exclusion from gym or recess will require a note from the doctor stating the date(s) of exclusion. A new physician's note will then be required to return to gym/recess activities.**

## HONOR ROLL POLICY (Grades 6 – 8)

### Marking Period Criteria

**First Honors:** 90 (or above) average in each subject (A)

**Second Honors:** 80 (or above) average in each subject (B)

High School level courses (Algebra I, Geometry 1 and World Languages) – will be weighted by adding seven points to the final grade for Honor Roll calculations only. (The additional points will not be added to the final marking period grades shown on report cards.)

Students in the Seventh and Eighth Grade Honors Classes will have the Major Subject Area classes (Mathematics, Language Arts, Social Studies and Science) weighted three points for Honor Roll calculations only. (The additional points will not be added to the final marking period grades shown on report cards.)

## ACADEMIC AWARDS

Recognition for students in Grades 6 – 8 will be given in an Academic Awards Ceremony at the end of the school year. To achieve the **Principal's Award** a student must accumulate a minimum of 6 points. The **P.T.O. Achievement Award** will be presented to students who have achieved a minimum of 4 points.

Points are obtained per Marking Period as follows:

First Honor Roll	–	2 points
Second Honor Roll	–	1 point

Due to the preparation needed regarding the extensive number of awards, and to ensure greater accuracy for the Academic Awards Program, the 4th Marking Period honor roll status will be determined by the grade average calculated at the time of Fourth Marking Period Progress Reports. This allows us the opportunity to at least acknowledge the students' progress up to the midway point of the fourth marking period.

### EIGHTH GRADE GRADUATION AWARDS

President's Award for Educational Excellence is based on the following criteria:

- Grade Point Average
  - A 3.5 G.P.A. on a 4.0 scale of all grades from fourth grade through the mid–point (end of second marking period) of the eighth grade.
- NJSLA scores
  - Exceeds Expectations ("5") in either Language Arts or Mathematics.

**Board of Education Academic Awards** are based on the following criteria:

- Grade Point Average
  - A 3.5 G.P.A. on a 4.0 scale from fourth grade through the first three marking periods during the eighth–grade year
- Honor Roll
  - Students must achieve **first honors** two out of first three marking periods of their eighth–grade year.

Student Honors Speakers at Graduation is based on the following criteria:

- Grade Point Average: The **top two** students achieving the highest G.P.A. on a 4.0 scale from fourth grade through the first three marking periods during the eighth–grade year. (In the event that more than two students have the same GPA on a 4.0 scale, a numerical GPA on a 100–point scale will be used to determine the top two students.)
- Honor Roll: In addition to the above G.P.A. criteria, the students must also achieve **first honors** all three of the first three marking periods during their eighth–grade year.

## STEM (STEAM) EDUCATION

Manasquan Elementary School provides curriculum-based STEM Education to **ALL** students in **EVERY** class, Grades K–8.

STEM education is the preparation of students in competencies and skills in the four major disciplines of science, technology, engineering, and mathematics. It is the re-visioning of science education to enable the next generation of innovators. STEM includes a range of instructional strategies to help students apply concepts and skills in the different disciplines while participating in a **design process** with opportunities to solve meaningful problems. STEM education encourages creativity, creates problem solvers, supports communication and collaboration, produces critical thinkers, offers students challenging and engaging content, and meets the criteria for the new Next Generation Science Standards (NGSS).

In addition, planning is also being currently conducted to infuse the arts into our STEM Program. The “A” stands for the broad spectrum of the liberal arts including Fine Arts and Music, Language Arts, and Social Studies that each shape developments in STEM fields. Ultimately, all subject areas relate to each other and to the real world. STEAM allows educators to better teach academic and life skills in a standards-backed, reality-based, personally relevant exploratory learning environment. As a result, STEAM Education is defined as ***“science and technology, interpreted through engineering and the arts, all based in mathematical elements”***.

## STATE-MANDATED STANDARDIZED TESTING

The Commissioner of Education has implemented a system and related schedule of statewide assessments to evaluate student achievement of the approved academic standards in accordance with the provisions of N.J.A.C. 6A:8–4.1 et seq. The Board of Education is required to administer the applicable statewide assessments according to the schedule prescribed by the Commissioner.

The New Jersey Department of Education, pursuant to State law and regulations, requires all students to take State assessments as scheduled. At the present time, the state assessment is the New Jersey Student Learning Assessment. (NJSLA).

There is NO state provision for a student to “opt-out” of statewide assessments. If a student is absent on a testing date, the student will be expected to take the missed test on the day he/she returns to school. Parents and students will be informed of all scheduled testing dates, including make-up work, for students who missed the initial testing date(s).

Please refer to the entire Board of Education policy on the district website ([www.manasquanschools.org](http://www.manasquanschools.org)) under the “Board of Education” link at the top of the webpage:

### **Policy 2622 – STATE ASSESSMENT**

For curricular concerns, please refer to **Policy 5250 – EXCUSAL FROM CLASS OR PROGRAM**.

# MANASQUAN ELEMENTARY SCHOOL'S GIFTED & TALENTED/ENRICHMENT PROGRAM

The Manasquan School District strives to provide all students with the opportunities to learn and grow in a learning environment that challenges them to think critically in an evolving, ever-changing world. Students are encouraged to explore their own interests, and our teachers are trained to provide challenging coursework, projects and means of discourse that not only align with course curricula, but also enhance the student's specific strengths and interests.

The District's Gifted & Talented program looks to reach students in all grade levels, providing them with opportunities for enrichment, exploration and academic rigor in their specific areas of strength and interest. While criteria to qualify for these enrichment opportunities vary based on grade level and content area, teachers and administrators consistently look for ways by which to provide a variety of opportunities (both in and out of district) for students to excel. Our teachers are provided professional development in the areas of differentiated instruction, and time is allotted in teachers' Professional Learning Communities (PLCs) for teachers to develop project-based enrichment opportunities for our students. Students in grades K–8 will be identified as "gifted and talented" through multiple measures in the areas of STEM, Humanities, and Visual & Performing Arts.

The Manasquan School District continually evaluates the Gifted and Talented program to provide students with diverse and challenging opportunities by which to enhance their educational experience.

## HONORS CLASSES

### *Grades 7 & 8*

In Grades 7 & 8, major subject area **HONORS CLASSES** have been created in the respective grade levels for enhanced academic advancement. Using criteria established by the Gifted and Talented Committee, select students will be identified for the honors classes. The criteria is subject area specific, as students have the opportunity to be eligible for any or all of the four honors classes in Mathematics, Science, Language Arts, and Social Studies. The program is designed to enhance the curriculum to include rigorous coursework and activities in order to further differentiate instruction for students identified with a strength in specific subject areas. Students will participate in advanced lessons that require increased critical thinking and problem-solving skills. Innovative, project-based learning experiences will be incorporated in the instructional design by our classroom teachers.

### **Criteria for the Grade 7 & Grade 8 Honors Classes:**

Students entering the Eighth Grade will be eligible to take a high school level Algebra I course with the stipulations listed below. Students meeting the criteria will be placed in the Eighth Grade Honors Mathematics Class.

#### **Criteria for Eligibility**

Students must meet 3 out of the 4 listed criteria below:

- Spring NJSLA Mathematics Test: minimum score of 770
- Final average of 93 or higher in Grade 7 Mathematics class
- 80 or higher on the Algebra I Placement Test
- Cognitive Abilities Test (CogAT): minimum score of 77

1. Final grades will be averaged on all four marking periods plus an average of the mid-term and final exam.
2. Students may drop the course and transfer to another eighth grade mathematics class at any time up to the mid-term examination, which may be used in the final decision for remaining in or dropping the subject.
3. Students who receive a final grade of an “A” will have the opportunity to take *Geometry Honors*. Students who receive a “B” or “C” as the final grade will have the opportunity to take *Geometry*. If a student receives a “C” or “D”, consideration will be made to repeat **Algebra I** during their freshman year. Students failing the course will be required to repeat **Algebra I** in high school.
4. Students taking **Algebra I** in the eighth grade will receive credit for that course in Elementary School only. **The course will not appear on their high school transcript.**
5. Marking Period final grade will be weighted (7 points) for honor roll status only.

### **Criteria for Eligibility**

Students must meet three out of four:

1. Spring NJSLA Mathematics Test: minimum score of 770
2. Final average of 93 or higher in Grade 7 Mathematics class
3. 80 or higher on the Algebra I Placement Test
4. Cognitive Abilities Test (CogAT): minimum score of 77

### ***GRADE 7 ALGEBRA I PROGRAM – Bridge Class***

Selected Seventh Grades will have the opportunity to participate in an accelerated mathematics program. Identified students will bypass the 7<sup>th</sup> grade mathematics class and attend a high school level Algebra I class as a grade 7 student. With successful completion of Algebra I, these students will then have the opportunity to take a high school level Geometry class as an Eighth Grader. (Students will receive credit for the Geometry class in Elementary School only. The course will not appear on their high school transcript.)

### **Criteria for Eligibility**

Students must meet 2 out of the 3 criteria listed below:

1. 85 or higher on the Algebra I Placement Test
2. 93 or higher in Mathematics during all four marking periods of Sixth Grade
3. Recommendation by the 6<sup>th</sup> grade Math Teacher

Marking Period final grade will be weighted (7 points) for honor roll status only.

In addition, students identified for the program (who have accepted participation) will be required to take a two-week “Algebra I Bridge Class” in July to prepare for the program beginning in September.

### ***NOTE FOR BOTH ALGEBRA PROGRAMS ABOVE:***

The State of NJ requires that ALL students taking High School Algebra achieve a minimum score of “4” (Met Expectations) or “5” (Exceeded Expectations) on the Spring NJSLA Algebra Assessment in order to meet the High School Graduation Requirements. Students that do not meet the needed score of 4 or 5 MUST retake the assessment OR repeat the Algebra course.

### **Gifted & Talented Complaint Policy/Appeals Process**

Parents, students and teachers may appeal the decisions of the selection committee regarding selection or removal from the gifted program by following these steps:

1. Submit an appeal letter to the building principal no later than 15 working days after the committee has notified the parents of the selection decision.
  1. The committee members will review their decision and will respond to the person making the appeal no later than 15 working days after receipt of the letter of appeal.
  2. The committee may request additional testing or data collection and may interview the student and/or parents.
2. If dissatisfied with the decision of the committee, file a complaint with the Manasquan Board of Education. The BOE shall issue a decision, in writing, to affirm, reject, or modify the district’s action in the matter.
3. If dissatisfied with the decision of the Board of Education, file a petition of appeal of the board’s written decision to the Commissioner of Education through the Office of Controversies and Disputes in accordance with N.J.S.18A:6–9 and the procedures set forth in State Board of Education regulations.

**ADDITIONAL NOTES:**

- All data according to the established criteria will be reviewed by the Gifted and Talented Committee for student identification for the accelerated/honors classes. The list of recommended students must then be approved by the Building Administration for class placement and enrichment opportunities.
- Identified students will receive a letter stating their acceptance into the accelerated/honors classes. Students have the choice to either accept or decline placement in the accelerated/honors classes. Parental approval is required.
- Students participating in the 7<sup>th</sup> and 8<sup>th</sup> Grade Honors Classes will have the major subject area classes (Mathematics, Language Arts, Social Studies and Science) weighted three (3) points for Honor Roll calculations ONLY. The additional points will NOT be added to the final marking period grades shown on report cards.
- Should a parent opt-out their child from taking the State-Mandated Assessment (currently NJSLA), please know that is counted as one missed component of the criteria and all other criteria must be achieved.

**ACADEMIC/BEHAVIORAL REVIEW OF STUDENTS PARTICIPATING IN ACCELERATED/HONORS CLASSES:**

- The School Counseling Office and Building Administration will review final grades at the end of each marking period. Students who are achieving grades of 69 (D) or below – as well as students who have been identified by their teachers as experiencing academic difficulties – will be reviewed for continuation in the honors classes. For students identified as experiencing academic difficulty, time will be given through the next marking period interim reports to monitor their progress, allow time for academic improvement, leading to a decision regarding continuation in the honors classes. Such intervention will include parental notification, parent/student conferences, and on-going updates on student progress. It should be noted that behavioral concerns causing classroom disruption will also be reviewed and discussed as reason for removal from an honors class.

**GIFTED AND TALENTED**

Gifted and Talented (G&T) offers additional enrichment programs or experiences for identified students to participate in outside of the regular classroom to expand their knowledge in specific subject areas relating to STEM, Humanities, and/or Visual Arts. G&T will be offered to identified students in Grades K–8. Parents/Guardians have the opportunity to accept/deny G&T services. Additional opportunities will be made available to students via the Shore Consortium for the Gifted and Talented and the South Shore Consortium for the Gifted and Talented when deemed appropriate. Program opportunities vary from year to year.

**MONMOUTH COUNTY ARTS MIDDLE SCHOOL**

The Monmouth County Arts Middle School is an enrichment program for artistically gifted and talented students in Grades 6–8. The program offers accelerated Arts Education Classes for middle school students throughout Monmouth County. The Arts Middle School Program offers accelerated classes in creative writing, instrumental music, dance, visual arts, theater, filmmaking, and photography taught by a faculty of professional working artists. Identified students are accepted into the program through audition and are released from their regular classes one afternoon a week (for three hours) for a twelve-week term. Student transportation is provided. The classes will be held at the Henry Hudson Regional School. Students accepted into the program must maintain passing grades in all MES classes to remain eligible for the program. Students are also responsible for making up regular classwork that is missed.

**NATIONAL JUNIOR HONOR SOCIETY**

The purpose of the National Junior Honor Society (NJHS) is to create enthusiasm for scholarship, stimulate interest in community service, promote leadership, develop character, and encourage good citizenship.

Eligible students in Grades 6–8 must meet the minimum grade of 93 in core subject areas (Math, Language Arts, Science, Social Studies). Students who qualify will receive an invitation to apply. Students who complete the required forms will be selected by our Faculty Council for meeting the high standards of scholarship, service, leadership, citizenship, and character as outlined by the organization.

Members are required to attend NJHS meetings, to participate in community service, and to model behaviors that exemplify the standards listed above.

Additional Note: Students participating in accelerated or honors classes, as well as high school level courses are NOT weighted for NJHS acceptance calculations.

### ***HONORS CLASSES AT MANASQUAN HIGH SCHOOL***

## PROMOTION/RETENTION PROCEDURES

The grade placement of each child enrolled in the Manasquan Elementary School shall be made according to his/her individual achievement and needs pursuant to [Policy 5410- Promotion and Retention](#).

While academic achievement shall be given primary consideration in determining promotion/retention, other factors must also be carefully considered. These include the child's social, physical, and emotional development as well as chronological age, effort, and achievement. The final determination must be based upon **what is best for the child**. Retention will be considered if a student's academic achievement is below grade level placement.

### Policy for Grades 6, 7, and 8

Students who fail two of the following major subjects will be recommended for retention in that grade for the following school year. In addition, failure of three minor subject areas will be considered the equivalent of one major subject.

Major Subjects:	Minor Subjects:
Mathematics Language Arts Science Social Studies	Technology Education Health Art Music Physical Education World Languages (Spanish/French/Italian)

Students passing a New Jersey certified Summer School course (60 hours) in the area(s) of deficiency or documented completion of a minimum of 30 hours of private tutoring by a certified instructor, with the approval of the Principal, will be eligible for promotion for the upcoming school year. Certified on-line recovery courses (from Educere) will also be accepted.

# **HOMEWORK POLICY**

## **Goal:**

To develop skills through application and practice by building upon classroom instruction.

## **Statement:**

Homework is an important way to maintain continuity in a student's educational program. It is to be considered an integral part of the school curricula and students are expected to complete all homework assignments as their personal responsibility. Homework is a way for children to practice what they learned in school, and in doing so, communicate the curriculum to parents. Although homework is primarily the responsibility of the students, there needs to be a homework partnership with parents providing guidance and encouragement. While assistance with homework, at times, may be necessary, please encourage self-reliance. Overall, the cooperation and understanding of the parent/guardian towards their child's homework responsibility is important in the formation of positive attitudes toward school.

Homework assignments may be made to an entire class, to small groups, or to individual pupils. The amount of homework assigned is grade level appropriate, naturally increasing as students move up through the grade levels.

## **RULES FOR HOMEWORK**

1. Every homework assignment should be properly evaluated.
2. Homework is expected to be completed the night assigned in a satisfactory manner and turned in when due.
3. Late homework assignments
  - a. Grades 1 through 3: full credit by the end of the day.
  - b. Grades 4–6: 80% credit when submitted one day later. After one day, a grade of zero will be assigned.
  - c. Grades 7 & 8: 70% when submitted one day late. After one day, a grade of zero will be assigned.
4. After no later than the third missing homework assignment in a subject in a marking period, the teacher will contact a parent/guardian. Following the third missing assignment and parental contact, should the infraction continue, the teacher will refer the student to the Administration/Counselor for assigned extra help sessions.
5. If a student has an excused absence, a time period of 1 day for each day's absence will be provided to complete missed work. Students experiencing an extended absence will be given a two-week make-up period.
6. IT IS THE STUDENT'S RESPONSIBILITY TO MAKE THE INITIAL CONTACT TO FIND OUT WHAT THEY MISSED DURING THEIR ABSENCE.
7. Homework should never be given for disciplinary purposes, either for the individual child or the group.

## ACADEMIC ELIGIBILITY FOR EXTRA-CURRICULAR ACTIVITIES

Extra-curricular activities are offered to students in grades 4 through 8. These activities include all sports, all clubs, Student Council, School Newspaper, Band, Chorus, and all enrichment programs. A student must not be failing **any** subject to be eligible to participate in those activities.

During each marking period, if a student has a failing grade at the time of the initial progress report, the student will have a two-week period to improve his/her grade. If satisfactory improvement is not made, the student is ineligible to participate, and his/her progress will be reviewed at two-week intervals until the end of the marking period.

Students who fail a course for a marking period will be ineligible to participate for a period of two weeks when his/her progress will be reviewed. Continued failing grades will be reviewed at the time of progress reports and at two-week intervals until passing grades are achieved.

During the fourth marking period, an academic review will be taken after the first two weeks. Students failing any subject at this time will be **ineligible** to participate in extra-curricular activities.

Students who fail a course at the end of the school year will be on academic probation until September 30 of the new school year. If a student has a failing grade as of that date, he/she becomes ineligible to participate in extra-curricular activities for the remainder of the first marking period. Teachers will notify activity advisors and coaches of those students ineligible for participation.

Students absent from school are ineligible for participation in the above mentioned after school activities as well. In addition, it should be noted that participation in school events is not a right and may be denied to any student who has demonstrated disregard for the rules of the school.

In accordance with school policy, the administration reserves the right to deny any student the privilege of participation in extra-curricular activities, social events, and class trips if said student has been suspended from school two or more times during the school year for disciplinary reasons.

## ACADEMIC INTERVENTION PROGRAM

Selected students will be offered academic support throughout the school year, as needed, in the subject areas of mathematics and language arts literacy. Students may be identified for the program upon examination of school records including, but not limited to, NJSLA scores, subject area grades, teacher recommendation (based on benchmark assessments, observation, guided reading levels, etc.) and/or recommendation from the Intervention and Referral Services Team (I&RS). Once a student has been identified by the school as eligible for the Intervention Program, parents have the right to accept or deny the services for their child.

Parents/guardians will receive progress updates from their intervention teacher at the end of each progress monitoring cycle. The I&RS Team will review student progress and decide on the appropriate program based on the student's response to intervention at the end of each cycle. Academic interventions can be adjusted based on the evaluation of the child's progress, and any changes to the intervention plan's frequency and/or duration will be communicated to the parent/guardian.

## PARTICIPATION IN SPORTS

Athletic teams are designated for interested students in grades 6–8.

Prior to trying out for any team, including cheering, students **MUST** complete all required permission/medical forms and have a physical examination. Dates of physicals will be announced.

## PARENT CONCERNS

In all organizations as complex as a school system, a hierarchy must be established for the processing of problems, inquiries, and requests. A parent having concerns with the educational process or with a specific member of the faculty or staff, **shall make every effort to first resolve the issue in an informal conference with the staff member concerned**. All parents are expected to follow this procedure so that the organization will function in an efficient and professional manner.

- a) All conferences shall be carried out in an atmosphere of mutual good will and respect.
- b) IT IS EXPECTED THAT PARENTS FOLLOW THE PROCEDURES WITHIN THE ESTABLISHED CHAIN OF COMMAND IN THE DISTRICT TO RESOLVE ALL ISSUES:
  - (1) TEACHER
  - (2) SCHOOL COUNSELOR (OR CHILD STUDY TEAM PERSONNEL)
  - (3) ASSISTANT PRINCIPAL
  - (4) PRINCIPAL
  - (5) SUPERINTENDENT OF SCHOOLS
  - (6) BOARD OF EDUCATION.

## ELEMENTARY CLASS ASSIGNMENT

Class placement of a student is determined through extensive examination of various criteria by the staff and administration in determining appropriate class assignments for all students.

**PARENT REQUESTS WILL NOT BE ACCEPTED** according to Board Policy # 6150 which states as follows:

The Manasquan Board of Education is responsible for providing an ultimate program free of bias for each student. To fulfill this responsibility, class assignments must be made that create and maintain:

1. equal distribution of total enrollment, per class;
2. gender balance;
3. balance of students with varying ability levels;
4. balance of students with special needs;
5. student interaction;
6. learning styles.

The Board directs the elementary school principal to develop class lists, with assistance of staff, based on the above concerns. Parent requests will not be honored unless an extenuating circumstance exists. A parent may apply, in writing to the principal, if such an extenuating situation does exist. The principal shall have sole authority to make the decision of student class assignments.

## CLASSROOM VISITATION BY PARENTS OR OTHER GUESTS

All visitors **MUST** enter through the front Main Office, sign in at the Courtesy Window in the Main Lobby, show proper ID, and receive a Visitor's Badge. All other school doors will remain locked during the school day. Staff members will be advised of the arrival of the parent/visitor. All parents, including class parents and PTO Committee Members, are required to follow this procedure. **PARENT CONFERENCES ARE TO BE REQUESTED OF A TEACHER OR THE PRINCIPAL/ASSISTANT PRINCIPAL IN ADVANCE.** Parents are not permitted to stop in and demand to meet with a teacher. All conferences must be scheduled and agreed upon by the teacher and the parent. Entrances to the building are posted with signs notifying visitors/parents to directly report to the Main Office. In addition, all classroom doors will be locked by the teacher when he/she leaves for the day. Students will not be allowed to return to their classrooms after the rooms are locked. These are safety measures to protect our children.

## NUTRITION POLICY & PHYSICAL FITNESS

We believe that children need access to healthy foods and have opportunities to be physically active to grow, learn, and thrive, and that good health fosters student attendance and education. To promote proper nutrition in school, we are committed to encouraging our students to eat healthy foods and snacks. In an effort to meet and exceed the nutritional standards set by the U.S. Department of Agricultural (USDA) Child Nutrition Program, the Manasquan School District serves only healthy and nutritious foods that meet the USDA nutrient standards that include serving fresh fruits and vegetables, low-fat milk and whole grains. In particular, all food and beverage served and distributed to students may not list sugar, in any form, as the first ingredient. This includes all forms of candy. Parents of primary grade students sending in birthday treats, as well as classroom parents when planning classroom parties, are reminded to adhere to the nutrition policy above.

In addition to encouraging students to maintain healthy eating habits, we emphasize the importance of engaging in daily physical activity. This is achieved through a comprehensive physical education program for grades K–8 that is consistent with the standards set by the NJ Department of Education Core Curriculum Content Standards, including a school-wide physical fitness program designed to motivate students to personally enhance their individual physical activity level.

## CAFETERIA COURTESY CODE

Children in Grades K–8 may purchase a lunch from our cafeteria service or bring lunch and purchase milk/snacks at school. Proper eating and dining habits will be required. Students are responsible for clearing their tables of all utensils, trays, and refuse after eating. Students are to remain in their seats until directed to recess activities by teachers and/or paraprofessionals on duty. Disruptive and inappropriate behavior will not be permitted. Uncooperative students will be sent to the Main Office with a disciplinary referral. Any student going home for lunch must submit a written parent request to the Office at the beginning of the school day and a parent/guardian must sign the student out in the Main Office at lunch time. Upon return, the student must sign in the Main Office **on time for the next class** or a disciplinary action may result. Lunch may be purchased through the district's online service: [Payschoolscentral.com](http://Payschoolscentral.com). An on-line account may be created to pay for meals, check balances, and view student purchases.

## STUDENT GRIEVANCES

The Student Council, the official student government body, serves as the forum for all student requests or grievances affecting more than one student. When satisfaction cannot be obtained through the Student Council or when a request or grievance involves only an individual student, the following procedure is to be used:

### STUDENT GRIEVANCE PROCEDURES

Step 1	Submit a grievance in writing to the teacher(s) involved. If the matter cannot be resolved by agreement of the parties involved, a student will continue with the grievance procedure.
Step 2	Submit a grievance in writing to the Principal. If the grievance involves the Principal, a written grievance should be filed with the Superintendent of Schools.
Step 3	Upon receipt of the written grievance, the Principal will arrange an appropriate meeting within five school days.
Step 4	Resolution of the grievance will occur within ten school days of the grievance meeting. This resolution will be submitted in writing to all parties of the grievance.
Step 5	Failure of the Principal to comply with Step 2 and 3 of the grievance procedure, constitutes automatic referral of the grievance to the Superintendent of Schools.
Step 6	The Superintendent will arbitrate the grievance within fifteen school days after meeting with all involved parties. This resolution will be provided in written form to parties involved in the grievance.

## **HARASSMENT, INTIMIDATION, AND BULLYING (HIB)**

The Board of Education prohibits acts of harassment, intimidation, or bullying of a pupil, and expectations and consequences are consistent with board of education [policy 5512](#). This is pursuant to N.J.A.C 6A:16-7.7. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Pupils are expected to behave in a way that creates a supportive learning environment and is consistent with the Code of Pupil Conduct. School procedures are in place to ensure that both appropriate consequences and remedial responses are implemented for pupils who commit one or more acts of harassment, intimidation, or bullying. An Anti-Bullying Specialist for the school, a School Safety Team, and a District Anti-Bullying Coordinator are in place to ensure that incidents of harassment, intimidation, or bullying are completely investigated, properly addressed, and clearly reported. The Anti-Bullying Specialist serves as the Chairperson of the School Safety Team. The School Safety Team's primary responsibility is to review and strengthen the policies and procedures of the school to prevent and address harassment, intimidation, and bullying of students and to further develop, foster, and maintain a positive and respectful school climate. At Manasquan Elementary School, we firmly believe that bullying is a serious problem and students who have been bullied need help from the educational community to stop those who continuously harass, intimidate, or bully. Our goal is to ensure that students feel safe and know that there is help available in their school to deal with bullying adequately and effectively should they become a victim.

- PreK – 8 Anti-Bullying Specialist: Mrs. Leigh Busco
- District Anti-Bullying Coordinator: Mr. Craig Murin

**Philosophy**

The Board of Education believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of pupils. The Board believes that the best discipline is self-imposed and that pupils should learn to assume responsibility for their own behavior and the consequences of their actions. Board policy requires each pupil of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Furthermore, such rules and regulations are in place to ensure that the school operates in a manner that will provide for the welfare and safety of all students who attend.

To ensure that all students obtain the best education possible in a positive social climate, it is important that students understand that acceptable standards of behavior are expected at all times. Most importantly, Manasquan Elementary School students are expected to be respectful, kind, and courteous at all times. Each student should conduct himself/herself in an orderly manner within the entire building, on the playground, at all extra-curricular activities, assembly programs, and on field trips. Any act of harassment, intimidation, or bullying will not be tolerated. Disciplinary actions will be administered when an individual’s actions interfere with the rights of teachers to teach and the rights of students to learn. Students who violate established school rules and do not adhere to the Code of Pupil Conduct shall be referred to the Principal and/or the Discipline Committee. Appropriate disciplinary measures will then be imposed on an individual basis. The Discipline Policy presents a fair, firm, and orderly process for handling individual and repeated infractions of school rules and regulations. Specific judgments regarding consequences will be based on Board Policy, severity, frequency, and the number of prior behavioral infractions committed during the school year.

**School Behavioral Goals**

Manasquan Elementary School maintains the following behavioral goals:

- (1) to educate children academically, socially, and emotionally;
- (2) to create a safe, positive learning environment; and
- (3) to teach good citizenship skills.

Our school’s overall behavioral objective is to foster a school-wide atmosphere of mutual respect. To successfully achieve these goals, the following guidelines for student behavior will be implemented.

***Attendance and Tardies***

Manasquan Elementary School believes that attendance is critical to student success in all aspects of education. Expectations and consequences for issues with attendance will be consistent with district [policy 5200](#) for attendance and district [policy 5240](#) for tardiness. This is pursuant to N.J.A.C 6A:16-7.6.

**Disciplinary Measures**

Teachers will first attempt to contact parents when the behavior of a pupil creates a situation where the education of the child and those around him or her is disrupted. Teachers are responsible for handling minor infractions including, but not limited to, incomplete assignments, unprepared/forgotten materials, lateness to class, gum chewing, excessive talking/calling out in class, failure to return paperwork requiring a parent signature, and other common classroom situations.

***Minor Infractions:***

First Offense	Verbal Warning from Teacher
Second Offense	Verbal Warning and Teacher Conference with student
Third Offense	Teacher Detention and Parent Notification

***Teacher Detention***

Teacher detention may be assigned for disciplinary reasons or to complete missed work. For grades 1–2, detention with the classroom teacher may be assigned from 3:00 – 3:10 p.m. For grades 3–8, teachers may keep a student after school anytime up until 3:30 p.m. In all grade levels, a teacher may also have the option of keeping a student in for lunch/playground detention. In all cases of teacher detention, a parent must be notified by the teacher of the student's infraction with either a phone call or in writing. Parents must be notified with a phone call *prior* to the end of the school day regarding any student being kept after school. If a parent cannot be contacted, the student will be detained the following school day. In addition, please note that attendance at extracurricular activities (sports, clubs, etc.) are not acceptable reasons for missing teacher detention. An unexcused absence at a teacher–assigned detention will result in a formal disciplinary referral.

When the teacher has exhausted the usual means to ensure control and has followed the sequence of responses to minor infractions as listed above, the situation shall then result in a formal referral to the Administration should the inappropriate behavior(s) continue. Habitual problems or those of such a nature that disrupt the educational process will not be tolerated.

### ***Central Detention:***

Central Detention (CD) may only be assigned by the Principal for students in grades 3–8. Parents will be notified from the office of their child's Central Detention obligation by the Principal or by the student. CD will be assigned for the following day after the referral to allow for written notification. Student Central Detention is served from 3:00 p.m. – 4:00 p.m. in a designated area with a CD Proctor who is a certified teacher. Any student who misses CD without a note from the parent explaining a legitimate reason (i.e., doctor's appointment or religious obligation), will be assigned three (3) additional days of CD. Please note that attendance at extracurricular activities (sports, clubs, etc.) **are not** acceptable reasons for missing Central Detention.

### ***Special Education Students***

Classified students are subject to the same school disciplinary procedures and may be disciplined in accordance with their Individual Education Plan (I.E.P.) in consultation with the Child Study Team. However, before disciplining a classified student, it must be determined that (1) the student's behavior is not primarily caused by his/her educational handicap; and (2) the program that is being provided meets the student's needs. The administration and staff shall comply with the Manasquan Board of Education's physical restraint and seclusion policy and regulation #5561 (Use of Physical Restraint and Seclusion Techniques for Students with Disabilities) and of the New Jersey statutes N.J.S.A. 18A:46–13.4 et seq. when dealing with an emergency in which a student is exhibiting behavior that places the student or others in immediate physical danger. This is in accordance with the provisions of N.J.S.A 18A:46-13.4 et seq. For students with disabilities, the behavior interventions and supports shall be determined and provided by N.J.A.C 6A:14

### **Discipline Expectations and Progressive Discipline:**

Students should fully understand that any teacher or paraprofessional in the building has the authority to correct misconduct at any time and submit formal disciplinary referrals to the Administration. Disciplinary measures by Administration may include any combination of the following: lunch/recess detention, Central Detention (CD), Parental Conferences, ineligibility to participate in extra–curricular activities and/or school sponsored events, referral to the Child Study Team, and/or the possibility of in–school or out–of–school suspensions.

Consequences are determined on a case–by–case basis utilizing a progressive discipline approach. This means that behavioral issues will be monitored, and consequences will be more severe with repeated infractions. In all circumstances, the individual needs of the student and the details of the infraction will be considered when determining an appropriate consequence.

### **Behavioral Supports:**

Students will be provided with comprehensive behavioral supports that promote positive student development and the students' abilities to fulfill the behavioral expectations established by the district board of education. These supports may include: positive reinforcements for good conduct and academic success; supportive interventions and referral services; and remediation of problem behavior that takes into account the behavior's nature, students' developmental ages, and students' histories of problem behaviors and performance.

### **Disciplinary Actions:**

Listed below are examples of unacceptable behaviors that will justify formal Disciplinary Referrals to the Principal. Please note this list is not exhaustive and is provided as a frame of reference. Such behaviors will then be subject to disciplinary actions by Administration. *Students should fully understand that any teacher or paraprofessional in the building has the authority to correct misconduct at any time and submit formal disciplinary referrals to the Administration.* Disciplinary measures by Administration may include any combination of the following: lunch/recess detention, Central Detention (CD), Parental Conferences, ineligibility to participate in extra-curricular activities and/or school sponsored events, Discipline Committee Conferences, referral to the Child Study Team, assignment of a work-related task to emphasize the importance of civic responsibility, and/or the possibility of in-school or out-of-school suspensions (as further clarified under "Suspensions and Expulsions").

Students demonstrating habitual disciplinary problems may lose their extra-curricular privileges. This policy is in effect for all extra-curricular activities including, but not limited to, athletics, clubs, class trips, dances, plays, concerts, and graduation exercises. - Five disciplinary referrals during a marking period – minimum loss of privileges for two weeks
- Eight accumulated referrals during the school year – loss of privileges for the remainder of the school year
- After any disciplinary referral, upon discretion of the Administration, depending upon the severity of the infraction.

## **Suspension and Expulsion**

The Board of Education realizes exclusion from the educational program of the schools, by suspension or expulsion, is the most severe sanction to be imposed on a student and one that cannot be imposed without due process, since exclusion deprives a child of the right to an education in our district.

For the purposes of this policy, “suspension” shall be *temporary* exclusion, by the school Principal, of a student from his/her regular school program. Such suspension may take place within (in-school suspension) or outside school facilities. A “short-term suspension” shall be a suspension of *not more than five school days*.

“Expulsion” is permanent exclusion of a student from the schools of this district. No student below the age of sixteen should be expelled from school without provision for an alternate educational program.

No student otherwise eligible for attendance at schools of this district shall be excluded from school unless he/she has interfered, materially and substantially, with the maintenance of good order in the schools or because it is necessary to protect the student’s physical or emotional safety and well-being.

A student may be suspended by the building Principal, who shall report such action to the Superintendent as soon as possible; the Superintendent shall report the action to the Board of Education at its next regular meeting. The suspended student may be reinstated by the Principal within five days of the suspension, by the Superintendent at any time before the second meeting of the Board following such suspension, or the Board at their first such meeting. At its second regular meeting after the suspension and thereafter, the Board alone may reinstate, continue the suspension of, or expel the student.

No student shall be deprived of the right to an education in the public schools of this district without being given notice of the charges and an opportunity to be heard on his/her behalf before the person or body holding authority to reinstate him/her. Each student shall be afforded an informal hearing before the suspension or, if circumstances prohibit, as soon as possible after the suspension within one day thereafter (except that when extraordinary circumstances involving the health and safety of the student or others in the school require immediate exclusion, the hearing may be delayed to such time as circumstances permit).

Students suspended for a period of time longer than a “short-term” suspension shall be afforded a formal hearing which shall take place not later than twenty-one days after the suspension occurred. The Board requires each such hearing shall be closed to the public (but the hearing may be publicly held should all parties thereto agree).

Each suspended student who has requested a formal hearing shall be restored to a regular educational program pending outcome of the hearing except when, in the opinion of the Superintendent, the presence of the student in school poses such a danger to himself or others as to warrant continued absence.

The Board of Education, consistent with the provisions of N.J.A.C. 6A:16–7 and Board of Education Policy/Regulation #5610 (Suspensions) requires the oral or written notification to the student's parent/guardian of the student's removal from the student's educational program prior to the end of the school day on which the Principal decides to suspend the student.

Students referred to the Principal for infractions including, but not limited to, the following are subject to suspension/expulsion:

1. fighting on school grounds
2. continuous willful disobedience and/or open defiance toward staff members
3. physical assault on another person
4. physical assault on another person with a weapon (Manasquan Board of Education Policy #5613)
5. willfully causing or attempting to cause damage (i.e. cut/deface/otherwise injure) to School property
6. taking personal/school property from another person by force or fear
7. smoking or chewing tobacco in school or on school grounds
8. habitual use of profanity/obscene language
9. use of profanity/obscenity toward any staff member
10. verbal assault/threat toward any staff member
11. unauthorized assembly/occupancy and failure to disperse when directed to do so by the principal or others in authority
12. incitement which could possibly disrupt normal school functioning or causes violent behavior and/or truancy by students
13. continuous and deliberate class disruption
14. conduct of such character as to constitute a continuing danger to the physical well-being of other students
15. possession and/or use of drugs, alcohol, and/or other controlled dangerous substance
16. causing false alarm(s)
17. stealing
18. physical assault upon a board member or employee (Manasquan Board of Education Policy #5612).
19. lewd/obscene exposure
20. possession of a weapon(s) and/or item(s) which may present a danger to others (Manasquan Board of Education Policy #5611)

Teaching staff members shall not use physical force or the threat of physical force to maintain discipline or compel obedience except as permitted by law (exceptions as allowed in N.J.S.A. 18A:6–1) but may remove pupils from the classroom or school by the lawful procedures established for the suspension and expulsion of pupils. Any pupil who commits assault upon a teacher, administrator, board member, other employee of a school board, or another student, with a weapon, on any school property, on a school bus, or at a school-sponsored function shall be immediately removed from the school's regular education program pending a hearing before the local board of education. A student who is removed from the regular education program pursuant to N.J.S.A. 18A:37–2.2 must be placed in an alternative education program. If an alternative education program is not available, the student must be provided home instruction or other suitable facilities and programs until placement is possible.

The Administration reserves the right to deny any student the privilege of participation in extra-curricular activities including (but not limited to) clubs, athletic events, social activities, and class trips if the student has been suspended from school (2) or more times during the school year for disciplinary reasons as indicated:

Second suspension:      loss of participation/privileges for 30 days

Third suspension:        loss of participation/privileges for the remainder of the school year (This includes the Eighth Grade Graduation Ceremony, Eighth Grade Breakfast, and the Graduation Dance.)

Rules and regulations regarding suspensions shall be in effect at all times a student is under authority of the school. This includes (but is not limited to) the regular school day, field trips, athletic events, social events such as dances/plays, etc., in, on, and/or off Board of Education property.

***Rules governing suspensions:***

1. Suspension begins at the end of the school day in which the infraction was committed and extends to the beginning of the school day the student is scheduled to return.
2. Making up class assignments missed during suspension is the responsibility of the student. Work must be made up and submitted upon the day of the student's return to school to receive credit.
3. For a student to be re-admitted, a parent/guardian must accompany that student upon return to school.
4. Suspended students may not be on school grounds during the period of suspension.
5. Students under suspension may not take part in or attend any school-sponsored activity in, on, or off school property.
6. The Principal or designee will notify the parent/guardian of the suspension by both phone call and registered letter.
7. Failure to abide by the rules governing suspension may result in
  - Additional suspension period
  - Police action
  - Expulsion
8. Additional offenses or actions of extreme severity, dangerous to the well-being of other students or interfering with orderly functioning of the school will result in recommendations to the Board for expulsion and/or filing of appropriate complaints or juvenile petition.

***Considerations:***

- A. These rules and regulations shall be in affect at all times a student is under authority of the school. This includes (but is not limited to) the regular school day, field trips, athletic events, social events such as dances, plays, etc., in on, and/or off Board of Education property.
- B. When a student is suspended, the parent must be notified in writing.
- C. Students under suspension are ineligible to participate in all extra-curricular activities during the period of the administrative action.
- D. Continued disciplinary infractions may result in suspension or exclusion from participating in extra-curricular activities including athletics, clubs, dances, and the graduation ceremony.

## INTERVENTION AND REFERRAL SERVICES (I&RS)

Manasquan Elementary School's Intervention & Referral Services (I&RS) Committee has been established to design and monitor the implementation of strategies for general education students referred to the I&RS Committee because they are experiencing academic, behavioral, emotional difficulties within the school setting. Committee members work cooperatively with teachers and parents to recommend intervention/modifications that may benefit students and help them achieve greater success in their academic studies. A written "*Pupil Accommodation Plan*" shall be prepared by the I&RS Committee for students who have been referred and are determined to require support services, modifications to their regular education program, and/or referrals to school or community-based social and health provider agencies. The I&RS Committee is also responsible for coordinating any necessary student cases under Section 504 of the Rehabilitation Act of 1973.

The Intervention & Referral Services differs from the Child Study Team in that the I&RS deals with regular education students' difficulties with a particular emphasis on the specific behavioral patterns that are exhibited within the school environment. The I&RS, after recommending interventions and modifications for implementation in the regular classroom, may refer students to the Child Study Team. The Child Study Team is responsible for the evaluation, identification, and remediation of student educational disabilities.

The I&RS Committee meets on a weekly basis and accepts referrals from administration, school staff members, parents, and/or students. I&RS Committee members must successfully participate in the required training program to serve on the Committee. Members may include Principals, School Counselors, School Nurse, Reading Specialist, School Psychologist, and designated teachers.

## STUDENT COUNSELING PROGRAM

The Student Counseling Program was designed to identify, refer and provide support services for students who exhibit signs of personal, emotional, and/or substance abuse related difficulties. Such difficulties may manifest themselves in a variety of ways and may affect the student's functioning both in and out of school. The problems that pupils bring with them to school are often a reflection of the more complex problems of our society. The Student Counseling Program attempts to link the family with the school and with other community agencies to better address these complex social issues.

Students who are identified as having interpersonal, family, emotional, academic, alcohol or other drug-related problems may be referred to our School Counselors. Such problems may manifest themselves in a variety of ways such as poor attendance/truancy, lack of motivation, depression, acting out, lack of academic achievement, poor attitude, withdrawal, or unspecified frequent illnesses.

Some of the areas the Student Counseling Program incorporates includes substance abuse awareness and prevention, harmful effects of tobacco, eating disorders, depression, family relationships, grief and loss, divorce, and interpersonal relationships.

To protect students and staff who choose not to smoke, from an environment noxious to them, the Board prohibits smoking at any time in any area of the school building, on school buses, in any classroom/hallway/instructional area, and while accompanying students on any approved field trip.

By New Jersey State Law, "The Board of Education of each school district shall make and enforce regulations to prohibit smoking of tobacco anywhere in its buildings except as part of a classroom instruction/demonstration or a theatrical production."

## PUPIL SELF-ADMINISTRATION OF MEDICATION

## Grades 6–8

The Board shall permit self-administration of medication for asthma or other potentially life-threatening illnesses by pupils in grades 6 (six) through 12 (twelve), both on school premises during regular school hours and off-site or after regular school hours when a pupil is participating in field trips or extra-curricular activities. Life-threatening illness means an illness or condition that requires an immediate response to specific symptoms or that if left untreated may lead to potential loss of life such as, but not limited to, the use of an inhaler to treat an asthma attack or the use of an epinephrine injection to treat a potential anaphylactic reaction.

Parents/guardians of the pupil must meet the following conditions.

- Provide the Board with written authorization for the pupil's self-administration of medication by completing the proper form.

Please note: A, B, and C above are all included on one form.

- The privilege of self-administering medication may be revoked when the pupil has failed to comply with this policy and the tenets of the agreement to self-medicate. A termination of the privilege will be made by school officials, including the school district physician and the school nurse, after consultation with the pupil, the pupil's parent or guardian, and the pupil's physician.

## HEALTH SERVICES

The primary goal of the school health services is to identify students with health problems that might interfere with their learning. The school nurse is responsible for readmitting pupils who have been ill 3 days or more.

Sport physicals are required prior to participation in each athletic team activity. The nursing staff wukk review and the school physician must sign clearance for approval. Students who become ill during the day must report to the school nurse and/or office **prior** to leaving the building. Proper arrangements will be made with parents or guardians.

The school nurse assists the school physician with physical examinations of transfer students. She is also responsible for weighing and measuring, for visual and hearing screenings. Scoliosis screening (spinal deviation) is done bi-annually on children ages 10 through 18 as mandated by State Law of New Jersey. Referrals are then sent home accordingly. Tuberculosis testing is done according to the rules and regulations mandated by the New Jersey Department of Health. The nurse is constantly reviewing health records to update immunizations. Any deficiencies are reported to the parents by the school nurse.

## MEDICAL EXAMINATIONS

The district board of education would like to notify parents of the importance of obtaining subsequent examinations at least once during each of the student's developmental stages:

- early childhood (pre-school through grade 3)
- pre-adolescence (grades 4 through 6)
- adolescence (grades 7 through 12).

## **FIELD TRIPS**

A field trip that coordinates with a curriculum area may be scheduled for your child's class during the school year. Each child who participates in a field trip (including local walking trips) MUST have a signed permission slip by a parent/guardian. Bus transportation and/or admission fees, may be required to cover field trip expenses. In such instances, if sufficient funds are not collected, it will be necessary to cancel the field trip.

## **1:1 TABLETS (Students in Grades 5–8)**

As part of our Student Mobile Technology Initiative aimed at preparing students for college and careers in the 21<sup>st</sup> century, middle school students in Grades 6–8 will be issued 1:1 Dell Tablets for use within our instructional program. All regulations must be followed according to District Policy #7523 – “School District provided technology Devices to Pupils”. Guidelines are established for the issuance and utilization of any school district technology device provided to students of the district. Before being issued a device, each student and parent MUST sign the district's “Student Mobile Technology Device & Use Fee Acceptance/Waiver Form”, which will be provided at the beginning of each school year. Students are expected to bring their tablet to all classes as a required instructional tool. Students are also permitted to take the tablets home with them each day. As with any district-owned electronic equipment issued to students, these devices must be handled with care regardless of where they are being used.

## **USE OF SCHOOL EQUIPMENT AND TEXTBOOKS**

Textbooks should be covered at all times to preserve the books. Students are responsible to exercise good care in use of all schoolbooks and equipment, especially technological devices (tablets, iPads, PCs, digital cameras). Fines for damages to these materials will be assessed to students.

## **STUDENT LOCKERS**

Students in grades 5–8 are assigned lockers. This locker assignment is a privilege and each student this privilege or causes damage to the locker or locker area, will have locker privileges revoked.

STUDENTS ARE RESPONSIBLE FOR ALL CONTENTS OF THE LOCKER ASSIGNED TO THEM. A REMINDER TO PARENTS AND STUDENTS, ASSIGNED LOCKERS ARE THE PROPERTY OF THE SCHOOL. IN ORDER TO PROTECT THE SAFETY AND WELLBEING OF STUDENTS, PERIODIC UNANNOUNCED LOCKER INSPECTIONS WILL BE CONDUCTED BY THE PRINCIPAL OR OTHER SCHOOL OFFICIALS WITH OR WITHOUT THE ASSISTANCE OF DETECTION CANINES THROUGHOUT THE SCHOOL YEAR. Locker assignments are not to be switched by students. All lockers should be locked when you leave them.

Note: Backpacks are to be kept in the lockers during the school day. Students will not be allowed to carry their backpacks in the hallways, cafeteria, or on the playground. Sufficient opportunities to use their lockers will be provided at designated times during the school day.

## **BACKPACKS**

Backpacks will not be permitted to be carried in the hallway between classes or taken to the cafeteria or playground. Students in grades 5–8 will have sufficient opportunities to go to their lockers at specifically designated times during the school day. Parents and teachers are reminded to “keep an eye” on students whose backpacks look too heavy. Such students should be questioned about the need for certain books in their backpacks. Whenever possible, teachers will try to assign homework that does not require the use of the textbook at home.

## VALUABLES

Students are specifically requested not to bring to school large sums of money, toys, expensive jewelry, watches, or other valuable property since the school can assume no responsibility in the event of loss or theft. Likewise, the school cannot be responsible for lost or stolen books, or gym equipment. A lost and found bin is in the rear of the cafeteria. Students may retrieve lost items at this location during the usual arrival and dismissal times.

## MEDIA CENTER RULES

The Media Center is an important integral part of the school. During the regular school day, it is available to classes, as scheduled by the teacher with the librarian, as a resource to supplement the regular curricula, for research and as a source of recreational reading. Students are to obey the following rules:

## EMERGENCY EVACUATIONS AND FIRE DRILLS

Each classroom has posted above the entrance door a card informing students in cases of emergency evacuations and/or fire drills where their class is to exit the building. The evacuation alarm will consist of intermittent ringing of the bell. **STUDENTS MUST IMMEDIATELY LEAVE THE BUILDING WITH THEIR CLASS BY THE NEAREST EXIT.** Move quickly and quietly so that necessary instructions may be heard. Throughout the school year practice fire drills will be conducted.

## CELL PHONE USE

Students are not permitted to use personal electronic devices (cellular phones, digital cameras, I-Pads, etc.) during the academic school day unless specifically requested by a teacher for use in a specific instructional lesson/activity. If students are found with cell phones outside of these circumstances, consequences shall proceed as follows:

First occasion: returned to student at the end of the school day

Second occasion: returned when parent comes to claim the item;

Subsequent occasions: progressive disciplinary consequences starting with detention

## CONDUCT

### CONDUCT AT ATHLETIC EVENTS

Our athletic program meets the interests and athletic needs of many students and is of great value to them. The success of the program is due to a large extent to the work of the coaches and students involved. The spectator also has a role in the program. If the program is going to continue to be successful, spectators must encourage good sportsmanship. Courteous treatment of visitors, and absolute fairness under all conditions is expected. **PARENTS ARE REQUIRED TO MONITOR THEIR CHILDREN AT THESE ACTIVITIES.** Any individual who displays inappropriate/disruptive behavior will be required to leave the premises by school administration.

The following applies to all sports events:

- **Be courteous:** To the teams, officials and other spectators.
- **Be enthusiastic:** By “rooting” for your team, not by “booing” opponents or officials.
- **Be fair:** Have confidence in the honesty and integrity of the officials. Remember, they are neutral; you are partisan.
- **Be a good sport:** By all your support of your team before, during and after the game.
- **Be a good fan:** This is a game with respected opponents; not a fight with a bitter enemy.
- **Enjoy the game:** Let the athletes play the game, the coaches coach, and the officials officiate. We are representing our school and will make the best possible impression.

### CONDUCT AT EVENING SCHOOL FUNCTIONS

Any student K – 6, not accompanied by a parent to evening school functions will be denied admission unless special permission is provided by the Principal or Assistant Principal. **PARENTS ARE REQUIRED TO MONITOR THEIR CHILDREN AT THESE SCHOOL FUNCTIONS.** Appropriate behavior and courtesy are expected at all times during the evening events.

Any individual displaying inappropriate/disruptive behavior will be required to leave the premises by school administration.

In addition, regarding pupil safety, bicycles and skateboards are not to be brought to evening school activities.

## STUDENT GOVERNMENT

The Student Council is a service organization representing the student body. It is the forum for exchanging ideas, expressing concerns, and improving our school. It provides interaction between the students and faculty in all matters and takes an active role in promoting interest and enthusiasm within the student body.

The Student Council's principle purposes are as follows:

1. To unify student activities under one control and promote the general activities of the school.
2. To aid in the internal administration of the school.
3. To teach the student the values of working in a democracy.

Election to select representatives from Grades 6 – 8 homeroom classes are held in the Fall. Student Council Officers (from Grade 8) are elected in the Spring. All officers must have and maintain at least a “C” average in all academic areas to hold an office. Their purpose is to support and assist the Student Council of our school. In addition to the elected representatives in Grades 6 – 8, the Principal can appoint a student from each grade level to serve on the council.

5. Skateboards and backpacks are prohibited at all dances.
6. Students **MUST** sign up and prepay prior to the dance, as money will not be collected at the door.

## ANNOUNCEMENTS

Information regarding club meetings, athletic events, PTO social events, general information for the day, and specific school instructions may be announced each morning on our PA system and again at the end of the school day. Individuals responsible for submitting notices for the daily announcements must have their notices approved by the Administration and be in the Main Office by noon the day preceding the announcement. This includes Club Advisors, Coaches and PTO Officers/Committee Chairpersons. **In addition, please register on our website for our *E-Backpack* to receive important school information and grade level activities.**

## DROPPING OFF/PICKING UP STUDENTS

When dropping off your children in the morning we strongly advise that you follow the procedures listed below to ensure the safety of the children who walk, ride bicycles, or have been dropped off by car, as well as to minimize the traffic congestion. In addition, please remember to move along as quickly as possible when dropping off your children. Waiting to watch and see your child enter the school playground areas backs up the line of parents trying to drop off their children. Your patience while waiting for your turn to drop off your children will also be greatly appreciated.

### **PreK, K, 1, and 2**

Students should be dropped off on Broad Street in front of the south end of the building and enter through the primary playground.

### **Grades 3 & 4**

Students may be dropped off on Broad Street in front of the south end of the building, enter through the primary playground, and walk down the ramp to the rear playground **OR** students may be dropped off via Curtis Avenue to the back parking lot and walk over the bridge to the back playground.

### **Grades 5 & 6**

Students should be dropped off on Broad Street in front of the north end of the building and walk to their line-up areas on the sidewalk by Pod B (Grade 5) and Science room (Grade 6) doorways.

### **Grades 7 & 8**

Students should be dropped off via Curtis Avenue to the back parking lot **OR** on Broad Street in front of the north end of the building and walk down the driveway onto Curtis Avenue into the rear parking lot and line-up area by Pod C.

Additional Note:

Cars parked in the High School horseshoe cannot be left unoccupied. Parents can utilize the horseshoe for drop off from 7:45 am to 8:30 am and for pick up from 2:30 pm – 3:30 pm.

# SAFETY PROCEDURES FOR ARRIVAL/DISMISSAL

## SAFETY RULES:

- The driveway by Pod C (at the north end of the building) is one-way only. Cars are not permitted to enter the driveway from Curtis Avenue. During morning drop-off and afternoon pick up times, students only are permitted in the driveway walking (or walking their bicycles).
- When dropping off students in the back parking lot, cars must loop around the parking lot **to the right**.

Cars moving in one direction to the right will improve the traffic flow

- Please remember that parents are NOT ALLOWED to enter the side Parking Lot (off Broad Street). No “turnarounds” are allowed for our students’ safety. Parking in the faculty lots (and waiting for the students to enter or exit the school building) is also not permitted.

## DISMISSAL DESIGNEE FORM

To ensure the safety of our students, parents of all students, K–8, are required to complete a form noting their permission for dismissal procedures. By submitting the form, you are alerting the school to your intentions and giving permission, if applicable, for your child(ren) to walk/bike home unaccompanied by a parent/escort on all school days, including early dismissals. If your child leaves school on foot, you also have the option to request that your child not be dismissed from school unless you (or an escort designated by you) is present at the dismissal location. In addition, please note that for the safety of our youngest students, K–2 children will NOT be dismissed from school without a parent or a guardian present.

## CROSSING GUARDS

Please remember to utilize the services of our crossing guards before and after school – children and adults! Our crossing guards are there for your safety and protection.

## BICYCLE SAFETY

Bicycle racks are provided at three locations on the school property.

- Students in Grades 2 and 3 use the rack at the southern end of the building by the primary playground.
- Students in Grades 4 through 6 use the racks in the front of the school to the left of the main entrance.
- Students in Grades 7 & 8 are asked to use bicycle racks at the back of the school by Pod C.

All bicycles should be locked to the rack.

- Students in Kindergarten through Grade 2 are ONLY permitted to ride bicycles to school when accompanied by a parent or guardian. Children at such a young age will not be permitted to ride bicycles to and from school alone or with an older sibling. All bicycles must be walked on school property fifteen minutes before or fifteen minutes after school for safety reasons. Students violating these regulations will lose privileges of bringing their bike to school.

Note: Skateboards and scooters are not permitted on school property at any time. In addition, bicycles, skateboards, and scooters are not to be brought to evening school activities.

ALL STUDENTS ARE REQUIRED TO ABIDE BY THE LAW AND WEAR A HELMET WHEN RIDING A BIKE TO SCHOOL. ALTHOUGH SKATEBOARDS AND SCOOTERS ARE NOT PERMITTED ON SCHOOL PROPERTY,

PLEASE REMEMBER THAT WHEN USED OUTSIDE OF SCHOOL, HELMETS ARE ALSO REQUIRED BY LAW.

## **STUDENT FUNDRAISING**

The district appreciates the efforts of many groups, individuals, businesses, etc. in the financial support of our children. Many activities would not be possible without those efforts and the financial support involved.

Unfortunately, many factors today make solicitation by students very dangerous. As a reminder:

- PLEASE DO NOT PERMIT STUDENTS TO SOLICIT ALONE!
- THE SELLING OF ANY/ALL FUNDRAISING ITEMS SHOULD BE UNDER CAREFUL SUPERVISION OF AN ADULT!

PLEASE EXERCISE EXTREME CAUTION WHEN PERMITTING DOOR-TO-DOOR SELLING.

## **STUDENT ACCIDENT INSURANCE – OVERNIGHT TRIPS**

Student Accident Insurance is purchased by the Board of Education for all students enrolled in the Manasquan School District. This policy is strictly an excess policy and claims can only be made after the claim has first been considered by the individual's primary insurance and must be followed to qualify for an excess coverage. Claims will be paid on a schedule; this schedule does not guarantee full coverage of the balance of any bills. An accident report should be filled out in the school with the School Nurse at the time of the incident. All claims should be processed by the Main Office in each school and then forwarded to the Office of the Business Administrator. If you have any further questions, please call the Board of Education Business Office.

## **RIGHT TO KNOW**

The Manasquan Board of Education affirms its responsibility to keep on file in the main office of every building the Employee/Community Right to Know required list of hazardous materials as well as Material Safety Data Sheets.

## **BLOODBORNE PATHOGENS**

The Manasquan Board of Education affirms its responsibility to provide a safe and healthy environment for all students and staff. An Exposure Control Plan (ECP) is provided to eliminate or minimize occupational exposure to bloodborne pathogens in accordance with OSHA Bloodborne Pathogens Standards, Title 29 Code of Federal Regulations 1910, 1030 and N.J.A.C. 10:100–4.2. Copies of the ECP are on file in the Nurses' Office, the Main Office of the school, and the Business Administrator's Office.

## **ASBESTOS MANAGEMENT PLAN**

The Manasquan Board of Education continues to conduct required inspections of all district facilities in accordance with Section 203 of Title II of the Toxic Substance Control Act, 15 USC Section 2653 – the Asbestos Hazard Emergency Response Act (AHERA) regulation 40 CFR 763.

A copy of the Asbestos Management Plan is available for your review at the Board Office, 169 Broad Street, Manasquan, NJ. The Plan will be maintained and updated as required by law.

## **SECTION 504**

### **ADA – Americans with Disabilities Act**

Any student who has an impairment which affects a major life activity (walking, hearing, learning) is eligible for educational program modifications. The parent/guardian is required to document this impairment with a physician's diagnosis. Once the district has this documentation, an educational program will be developed by the Intervention and Referral Services Committee (I&RS).

For additional information, contact the District Section 504 Compliance Officer, Mrs. Lesley Kenney, at 732-528-8820 (x 1017).

## **INTEGRATED PEST MANAGEMENT**

The New Jersey School Integrated Pest Management Act of 2002 requires schools to implement a school integrated pest management policy. The Manasquan Board of Education will implement Integrated Pest Management (IPM) procedures to control pests and minimize exposure of children, faculty and staff to pesticides. The Manasquan Board of Education has developed and maintains an IPM plan as part of the school policy. For additional information, contact Matt Hudson, IPM Coordinator, at 732-528-8820 (x 1058).
