MANASQUAN BOARD OF EDUCATION

Central Administration Offices, 169 Broad Street, Manasquan, NJ 08736
 Dr. Peter Crawley, School Business Administrator/Board Secretary
 732.528.8803 – FAX: 732.223.7422

December 22, 2023

Honorable President and
 Members of the Board of Education
 Manasquan School District
 Manasquan, New Jersey

Dear Board Members/Citizens:

It is with pleasure that we submit the Annual Comprehensive Financial Report (ACFR) of the Manasquan School District for the fiscal year ended June 30, 2023. This ACFR includes the District's Basic Financial Statement prepared in accordance with Governmental Accounting Standards Board Statement 34. The District adopted this financial reporting model as required by the State in 2003. This model is supposed to provide the users of this document with more useful financial and statistical information relying on and including all disclosures made by the District. To the best of our knowledge and belief, data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The Annual Comprehensive Financial Report is presented in four sections as follows:

- The Introductory Section contains a Table of Contents, Letter of Transmittal, List of Principal Officials, and an Organizational Chart of the School District.
- The Financial Section begins with the Independent Auditor's Report and includes the Management's Discussion and Analysis, the Basic Financial Statements and Notes providing an overview of the School District's financial position and operating results, and other schedules providing detailed budgetary information.
- The Statistical Section includes selected economic and demographic information, financial trends, and the fiscal capacity of the School District, generally presented on a multi-year basis.
- The Single Audit Section – The District is required to undergo an annual audit in conformity with the provisions of the Single Audit Act of 1986, as amended, the U.S. Office of Management and Budget Circular Title II U.S. *CFR*, Part 200, "Audits of States, Local Governments and Non-Profit Organizations", and the State Treasury Circular Letter NJ OMB 15-08, "Single Audit Policy for Recipients of Federal Grants, State Grants, and State Aid". Information related to this single audit, including the independent auditor's report on the internal control and compliance with applicable laws, regulation, contracts and grants, along with findings and questioned costs, if any, is included in the single audit section of this report.

1. **REPORTING ENTITY AND ITS SERVICES:**

The Manasquan School District is an independent reporting entity within the criteria adopted by the GASB as established by Statement No. 14. All funds of the District are included in this report. The Manasquan Board of Education and its two schools constitute the District's reporting entity.

The District continues to maintain a high quality of education. The District provides a full range of programs and services appropriate to grades Pre K -12.

Supervising district-wide goals is a district superintendent, a school business administrator/board secretary, a supervisor of special services, a director of technology and human resources, a high school principal, two vice principals, an elementary school principal, one vice principal, Director of Curriculum & Instruction, Director of School Counseling Services and Supervisors.

The Board of Education is comprised of twelve members. Manasquan holds nine positions on the Board, these members are usually elected for three year terms. We currently have 9 three year term members. The Sending Districts fill the other three positions and are appointed to one year terms according to the agreement filed with the County Office. The Manasquan Board of Education usually meets on the third or fourth Tuesday of each month except when district functions or holidays interfere with that schedule. The actual schedule is posted on our website for the year. During its agenda and action meetings the Board determines district goals and priorities and conducts the business of the Board of Education. These meetings begin at 6:00 p.m.

The PTO's are highly active in the District and provide community support for a variety of programs and activities for the children.

To maintain effective communications, the District has a website that is updated frequently. Information about the budget is posted on the website during the budget review process. Meetings are held and offers to present materials on the budget are available to all community and civic groups within the district.

Each of the schools in the district strive to meet the district-wide goals by employing best practices in instruction and focusing on student achievement, while maintaining a unique personality that makes up the particular school. All curricula in our district have been aligned to the New Jersey Student Learning Standards.

Manasquan Elementary School

Manasquan Elementary School holds classes for students in Kindergarten through Eighth Grade. Integrated Pre-School classes are also offered for both three-year olds and four-year olds. Grades 6-8 operate as a departmentalized middle school and Grades Preschool – Grade 5 operate as an elementary school with self-contained classes. Two cafeterias are in operation with Grades 5-8 assigned lunch periods in the Cafetorium and Grades K-4 assigned lunch periods in our original Cafeteria. The use of both facilities allows all students to eat at what would be considered a normal lunch hour.

Manasquan Elementary School is comprised primarily of Manasquan students, but receives a small number of students on a tuition basis. Overall, our school is in very good condition, especially after the completion of an addition to create middle school classrooms, an additional computer lab, a Multi-purpose Cafetorium, upgrades to our HVAC system, and a renovated Media Center that includes the

creation of a new STEAM Lab. We have two designated areas for playground equipment, and our athletic fields have recently undergone a full overhaul to provide proper drainage and a consistent grass surface.

With regards to technology, interactive whiteboards are installed in every classroom. Every teacher is provided with a Dell laptop and classrooms are equipped with connections for projection. A designated computer lab, as well as two additional mobile labs equipped with Dell laptops, are available for our students. Furthermore, a Student Mobile technology initiative has been implemented, providing 1:1 Dell tablets to all of our middle school students in Grades 5-8. With regards to our STEAM Lab, an additional classroom set of tablets and iPads are available for student projects and activities as well as a wide variety of STEM manipulatives. Overall, the district is a Windows 10 Microsoft Active Directory computer environment using MS Office 365.

Additional technological advances include increased usage of our Genesis Student Data Management System and our school website, hosted by Finalsity. Our district utilizes SchoolMessenger as a tool for electronic school communication with families. This tool includes the use of a translation feature, as well. Our school website also includes a virtual “E-backpack” for school notices and information. Eighth grade students continue to participate in multi-media digital storytelling, in which they have an opportunity to engage in this project-based learning experience utilizing video and sound-editing software. STEAM units have also been added to our Technology Education curriculum in every grade level, as well as electives such as Podcasting. The Genesis Parent Portal is utilized for student attendance, real-time gradebook access, electronic report card and interim report distribution. We have also utilized i-Ready assessment and MyPath instructional tools to determine student math proficiency as well as differentiate instruction in the mathematics classrooms in grades K-8. In addition, the Canvas Learning Management System is utilized by our middle school teachers with their students to connect all digital teaching and learning tools in one place. We continue the process of utilizing the Microsoft Teams online platform for our students in Grades K-5 as well as for staff communication.

Currently, our K-5 language arts program, Houghton-Mifflin’s Journeys, is implemented with curriculum alignment to the NJ Student Learning Standards for English Language Arts. In order to enhance differentiation of instruction, more time has been designated for Guided Reading lessons with the assistance of the school’s Reading Specialist, who works collaboratively with the classroom teachers on implementing a balanced literacy program. The language arts program was further expanded by the implementation of the Wilson Foundations Program in Grades K-3 and additional formative assessment opportunities using the Fountas & Pinnell Benchmark Assessment Program. With regards to mathematics, to assure alignment to the NJ Student Learning Standards, the Ready Math program is implemented with an extensive differentiation component. Furthermore, a Basic Skills Program has been established for students in Grades K-8 in both language arts and mathematics. Our science program, SAVVAS Realize Science, has been adopted for use in Grades K-8. Our curriculum is aligned to the Next Generation Science Standards and the NJ Student Learning Standards. A school-wide STEAM initiative across all grade levels, K-8, has been implemented that includes instructional access for all students in our fully-equipped STEAM Lab.

With regards to our school’s Guidance Department, the Second Step Character Education Program was continued in Grades 3-5, with classroom lessons relating to tolerance, respect, and anti-bullying initiatives. Important life skills such as conflict resolution, stress management and coping skills are also an integral part of the program. In Grades K-3, the Kelso’s Choice Program remains in place to help our youngest students begin to learn conflict resolution and coping skills. Social-Emotional Learning electives are available for all students in grades 5-8. Furthermore, an active Intervention & Referral Services Team (I&RS) and Child Study Team (CST) both support students, teachers, and parents to promote the

academic, behavioral, and social success of our students. In addition, a Summer Skills Program is offered for all students to provide skill refinement in mathematics and language arts, as well as an Extended School Program (ESY) for classified students identified by our Child Study Team and an ESL program to serve our English Language Learners. In addition, school-wide anti-bullying, respect, and violence awareness programs and assemblies are presented during every school year. Our parents are also provided with the availability of a Before and After Care Program, the Warrior Clubhouse, for their children.

In addition to our academic program and our athletic teams (soccer, basketball, baseball, softball, tennis, field hockey, cross-country, cheer, and wrestling team), our students also participate in a wide variety of extracurricular activities including Chorus, Band, Student Council, National Junior Honor Society, Drama Club, School Yearbook, School Newspaper, Mathematics Club, Environmental Club, Middle School Art Club, Elementary School Art Club, and STEM Club. A variety of PTO-sponsored after-school enrichment activities are also offered (such as Chess, Robotics, Ukulele, Kids Art, Yoga, Mad Science, Lego Bricks for Kids, and Hip Hop), as well as opportunities for participation in chorus and band competitions. In addition to our school's commitment to differentiation of instruction to meet the academic needs of all of our students, subject area Honors classes have been established in Grades 7&8.

Our students are provided with an array of fun and engaging experiences as part of a positive school culture. Field Days for Grades 5-7 and Grades 1-4 were implemented and enjoyed by all. Our Fifth Graders once again did an outstanding job with their virtual Wax Museum, portraying famous people throughout history. Our 8th grade students performed and presented original films in Multimedia Literacy, and our Drama Club put on a full-scale production of Matilda. Band and chorus concerts took place and were enjoyed by our students and families alike. Our 8th graders were able to attend an overnight field trip to Hersey, PA and participated in our traditional moving-up ceremony in addition to our end of the year recognition ceremonies for academics and athletics. Our annual Art Show was a great success.

The Manasquan Elementary School Parent-Teacher Organization also continues to remain very active, organizing such events as an Art Appreciation Program, a Science Fair, Book Fairs, an Organic Garden, and a Summer Enrichment Program. In addition to our outdoor classroom and amphitheater area for Grades Preschool – Grade 4, outside tables are present for middle school students in order to create a second area for outdoor classroom activities. We continue to expand the use of the mindfulness garden as an alternative space for teachers and students to utilize.

Manasquan High School

Manasquan High School is a four-year comprehensive public high school that serves students in the ninth through twelfth grade for the Manasquan School District, in Monmouth County, New Jersey. In addition, the high school also serves students from Avon-by-the-Sea, Belmar, Brielle, Lake Como, Sea Girt, Spring Lake and Spring Lake Heights, who attend Manasquan High School as part of sending/receiving relationships with their respective districts. The current location of Manasquan High School opened in 1931. The school community celebrates the long history and tradition of the past, while continuing to innovate the current academic programs and facilities. Most recently a new state of the art science lab addition opened in the Fall of 2018. The Manasquan School Community is committed to providing a preeminent education to all students, preparing them for success and to be global citizens in the 21st Century.

Manasquan High School believes in the potential and promise of all students. The school schedule operates a flexible “drop and rotate schedule”, for the purpose of increased rigor and student engagement in the classroom. MHS offers students the opportunity to experience a career-focused academy model centered on subject area elective courses. Through participation in one or more of MHS’s five academies, students can earn college credits and/or develop important vocational skills, in areas of finance, health careers, public safety, engineering and performing arts. The entire academic program is supported by its 1:1 technology initiative, providing teachers the opportunities to design instructional activities previously unavailable to students. Manasquan HS most recently invested in providing Project Lead the Way engineering courses as a part of the Engineering Academy.

Students from the class of 2023 were accepted into some of the most prestigious colleges and universities. Ninety-five percent of students planned to attend 4 or 2-year post-secondary school. The Career and Counseling Department uses SCOIR with students to guide through the college & career planning process, including required testing and financial aid resources. MHS administers the PSAT to 9th, 10th & 11th graders annually to prepare students for SAT testing and provide merit scholarship opportunities for students.

In addition, comprehensive services are provided by the Manasquan High School Child Study Team to at-risk students and students with disabilities. MHS offers a complete English Language Learner program, a Freshman Transition program, student mentoring/tutoring through PEERS, and guided college & career guidance through SCOIR. MHS Life Skills program completed its 5th year, blending academic, daily living, personal/social, and occupational skills into integrated lessons designed to help students learn to function independently in society.

Manasquan High School offers a wide array of extracurricular clubs and activities, from honor societies to civic organizations and the performing arts. Over 85% of our students participate in extra-curricular activities, as Manasquan High School offers 29 varsity sports and 40 clubs and activities. Each year, hundreds of students participate in Squan-a-Thon, a 12-hour dance-a-thon to benefit children with cancer.

MHS partners with a variety of community stakeholders such as the MHS Endowment & Alumni Foundation and the Manasquan Athletic Hall of Fame. The administration facilitates 8th Grade Open House, Freshman Orientation, and fine & performing arts shows to welcome the community to our halls and showcase the best of our programs. MHS continues to value communication with parents through Genesis Parent Portal, the Canvas LMS, and School Messenger Instant Alert System. Manasquan High School embraces the challenge of the celebration our past, planning for today and preparing our students for the future.

Special Education

The Special Education program is an integral part of each school. In the 2022-2023 school year the number of students with a disability in the district was 129 High School students, 89 Elementary School students, 9 Pre-School Disabled students and 23 Out of District students (8 Manasquan, 15 Sending Districts). Of the 227 In District students majority were placed in general education classes with In-Class Resource supports and services. In addition, Manasquan High School has several Learning Language Disabled classes, supporting students in receiving coursework in their high school graduation requirements in a more supportive learning environment. Manasquan Elementary School offers a Multiply Disabled class where students require a more individualized approach to instruction. There is also an in-house Integrated Preschool 3-year-old half day classes and a 4-year-old full day classes. These

classes provide preschool instruction and related services to preschoolers with disabilities, as well as to typically developing preschoolers who attend on a tuition basis. Manasquan High School runs two specialized programs for students with Developmental Disabilities. The High School runs the Academy Program for students in Grades 9-12. The focus of this program is functional academics as well as social skills and pre-vocational skills. The Center for Independent Living (CLI) program educates students with Developmental Disabilities ages 18-21. This program strictly focuses on building student's ability to live independent lives. This goal is accomplished through Community Based Instruction outings, supportive employment with job coaches at local businesses, and exposure to age-appropriate leisure activities.

New Jersey Student Learning Standards

Throughout the 2022-2023 school year, the Manasquan School District ensured that our curriculum was rigorous, aligned to the standards, and engaged students in authentic learning as well as critical thinking. Teachers reviewed and updated existing curriculum, revised courses and wrote new curriculum for the implementation of several new courses. A primary focus in revising and reviewing curriculum was to prepare for the District's QSAC review in February of 2025. In June of 2023, teachers were trained in all components of the district's curriculum template before beginning. This training emphasized the connections between each component (Essential Questions, Unit Goals, Objectives, Tasks, Activities, Resources & Assessments) as well as their link to NJSLA standards. In the template, teachers were to connect their content area instructional practices and activities to the ELA, Math standards so as to demonstrate various interdisciplinary connections in specific units, individual lessons and various assessments. Teachers were also trained in Sheltered Instruction and were encouraged to include 'language goals' in their long- and short-term plans.

All teachers were also trained in Microsoft Teams, a platform that the Director of Curriculum and Instruction chose to employ as a means to 1) provide virtual professional development in curriculum writing 2) edit/revise/develop existing and new curriculum documents 3) collaborate with colleagues and administrators so as to develop a meaningful, interactive process during (and beyond) the curriculum writing process. The MT platform serves as a development platform where the district Canvas page serves as the portal for all final Board-approved curriculum documents.

Teachers also examined the District Evidence Statement Analysis reports which identified the standards with which students struggled. Teachers and administrators then examined the curriculum to ensure that all topics were being sufficiently addressed as well as the order in which they were being taught.

The elementary school continued to update curriculum based on the adoption of Ready Math and the Saavas science program. Curriculum and pacing charts continued to be reviewed and revised. Each department continued the evaluation of its courses during department meetings and PLC meetings.

All curriculum was approved by the Board of Education before the start of the 2022-2023 school year.

Staff Development

During the 2022-2023 school year, Manasquan School District continued to ensure that every teacher received the professional development he/she needed to grow as educators.

All staff members attended the state-mandated trainings which were presented by administrators or content experts at faculty meetings. Staff members are also provided with access to Safe Schools' online programs/training in August 2022. Staff members viewed videos pertinent to relevant district issues, safety and wellness trainings and topics required by the state (Child Abuse: Mandatory Reporting; FERPA; Health Emergencies; Bloodborne Pathogens; Child Abuse: Identification and Intervention; Asthma Awareness; Making Schools Safe for Transgender Students; Making Schools Safe for LGBTQ Students; Bullying: Recognition & Response; Sexual Harassment: Student Issues and Responses; Student Mental Health; Threat Assessment; Discrimination Awareness in the Workplace; Playground Supervision; Stress Management).

At the beginning of the school year all teachers were trained on the District evaluation instrument, and the forms used by the district. The district's creation and adoption of a Reflective Practice Protocol for "highly effective" teachers was introduced at a district meeting. Additional meetings were held for interested teachers to outline the process and expectations. Within departments and grade levels, teachers examined their previous year's SGOs and students' Start Strong test results so as to determine how to make the data more useful, to ensure the rigor was adequate, and that teaching strategies met the needs of all learners in order for them to meet their target goals. Many teachers revised and/or changed their SGOs to better accommodate all learners while maintaining rigorous, high expectations.

Also, in September 2022, teachers new to the district received training on our evaluation model, a district-created tool and the observation policies established by the state and district. In August 2022 all new hires attended a three-day New Teacher Induction Program. This program, run by the Director of Curriculum & Instruction, welcomed the new hires to the district, introduced them to our expectations through modeling, time with department/grade level colleagues, discussions with administrators, and town and building tours. Those individuals who were first-year teachers worked with a mentor. Logs were kept by both parties, meetings were held and together they met with the Director of Curriculum & Instruction to ensure that their needs and the requirements outlined by the state were being met. All procedures and protocols were in line with the district Mentoring Plan.

The district undertook an initiative to explore training staff in Sheltered Instruction (SIOP) so as to better meet the needs on English Language Learners in grades K-12. Selected teachers received fifteen hours of training over three days during the fall of 2021. Teachers learned how to assess the specific needs of ELLs based on learning data as well as strategies by which to develop "language-based objectives" for their lessons. Content- and grade-level specific resources were provided in the training.

Our elementary school continued its work with Deanne Opatosky, Balanced Literacy Consultant, continued to provide collaborative writing workshops for our teachers both in-district and at our neighboring sending schools with whom we have developed a consortium. The elementary school also began training on the Guided Math Program. Teachers in grades 7-8 received professional development throughout the year on our new math program, Ready Math.

Technology

Throughout the district, technology integration and building 21st century skills remains a focus. Technology is used to enrich instruction and curriculum, increase productivity, and to enhance communication.

All classrooms are equipped with multi-media equipment including projectors and audio, most with interactive white boards. All faculty and students in grades 5-12 are issued 2-in-1 Windows laptop devices permitting them to be mobile throughout the school buildings and use at home. Our wireless network throughout all areas of the school buildings support wireless-n and wireless-ac standards, and allow for high-speed network and internet connections from all classrooms and offices.

All administrators, teachers and support staff have access to computers, printers, networked copiers, e-mail, work-order systems, and the Internet within their work areas. The district continues its migration to more cloud computing and storage, leveraging the Microsoft Azure platform for, among others, Exchange online cloud-based email and OneDrive for cloud file storage. The district has and will continue to emphasize technology training in district in-service programs for all staff.

The District continues to leverage technology in physical security, including the complete overhaul of external door access control and monitoring in the entire elementary school high school.

Personnel

The district employed 258 people during the 2022-2023 school year. The certificated staff numbered 189 and educational support personnel 69.

Pupil Enrollment

The district completed the 2022-2023 fiscal year with an Average Daily Enrollment of 1438.50 which is 44.27 students less than 2022-2023 enrollment. The following details the changes in the student enrollment of the district over the last 20 years. The table presents the actual historical pupil enrollment as of June 30 of each year:

FISCAL YEAR	ENROLLMENT JUNE 30	PERCENTAGE CHANGE
2003-04	1726.5	0.012%
2004-05	1723.1	-0.197%
2005-06	1720.6	-0.145%
2006-07	1712.3	-0.482%
2007-08	1702.0	-0.602%
2008-09	1712.3	0.605%
2009-10	1698.6	-0.800%
2010-11	1696.8	-0.106%
2011-12	1666.1	-1.809%
2012-13	1593.0	-4.388%
2013-14	1635.4	2.662%
2014-15	1598.9	-2.166%
2015-16	1579.8	-1.263%
2016-17	1560.2	-1.240%
2017-18	1504.6	-3.560%
2018-19	1494.8	-0.651%
2019-20	1465.5	-1.960%

2020-21	1507.8	2.89%
2021-22	1482.8	-1.658%
2022-23	1438.5	-2.988%

2. ECONOMIC CONDITION AND OUTLOOK:

The population of families with school age children is relatively stable in Manasquan; however, the total school enrollment has decreased by 44.27. Any future changes in the population served could be due to continued home sales or changes resulting from expansion and/or development in Manasquan post Superstorm Sandy. It appears that any differences in the High School enrollment may be due to our Sending/Receiving relationships with the seven surrounding towns, either through development, population shifts or both.

3. MAJOR INITIATIVES:

2023-2024 Board Goals

Goal 1: Curriculum Program

The Manasquan Board of Education in collaboration with the Manasquan High School administrators, teachers and guidance staff, will launch the International Baccalaureate programme with the goal of offering courses beginning in the following school year. In 2023-2024, all staff will receive professional development in the project-based learning pedagogy called for in the program and will have developed a unified vision of what excellent instruction is and how it is delivered with the expectation that all high school students, whether in the program or not, will benefit from the high quality instructional strategies associated with it. The guidance staff will develop and inform the student body of program “pathways,” and opportunities during the Spring when students are preparing schedules for the following year.

Goal 2: MES Curriculum

The Manasquan Board of Education will facilitate Manasquan Elementary School providing professional development and PLC time to teaching staff dedicated to building resources, reflection on current best practices, and discussion about improving student engagement.

Goal 3: MHS Curriculum

The Manasquan Board of Education and administration will enhance and expand opportunities for practical skill development learners. This will be done by systematically introducing high school and middle school students and families to concepts surrounding various paths to successful careers. We will work to provide continued exposure to various trades and careers to students through guest speakers, site visits, and counseling experts.

Goal 4: Finance and Facilities

The Manasquan Board of Education and administration will facilitate the first portion of the construction related to the \$13.77 million bond referendum passed in January 2023. The Superintendent, School Business Administrator and other pertinent staff and professional consultants will prepare specifications, accept bids, create a final construction schedule, and administrate construction beginning in Winter or Spring of 2024.

Goal 5: Technology

The Manasquan Board of Education will analyze the current effectiveness and opportunities for improvement of the one-to-one student technology program through stakeholder (faculty and student) meetings facilitated by the Assistant Superintendent and building administrators culminating in a report on current use, strengths of the current program, and suggestions for improvement.

4. INTERNAL ACCOUNTING CONTROLS:

Management of the district is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the district are protected from loss, theft or misuse; and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally-accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state awards, the district also is responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws, regulation, contracts and grants related to those programs. This internal control system is also subject to periodic evaluation by the district management.

As part of the District's single audit, described earlier, tests are made to determine adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as, to determine that the district has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS:

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, special revenue funds and the debt service fund. Project length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as reappropriations of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at fiscal year end.

6. CASH MANAGEMENT:

The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements", Note 3. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provision of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the ACT.

7. RISK MANAGEMENT:

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, fidelity bonds and worker's compensation. A schedule of insurance coverage is found in J-20.

8. OTHER INFORMATION:

Independent Audit – State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Robert A. Hulsart and Company, CPA's was selected by the Board. In addition to meeting the requirements set forth in state statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1996, as amended and the related OMB Circular Title 2 U.S. CFR, Part 200 and the New Jersey OMB Circular NJ OMB 15-08. The Auditor's Report on the basic financial statements and as well as both the required and other supplementary information is included in the financial section of this report. The Auditor's reports related specifically to the single audit are included in the single audit section of this report.

9. ACKNOWLEDGMENTS:

We would like to express our appreciation to the members of the Manasquan Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of our business office staff.

Respectfully submitted,

Dr. Peter Crawley
Business Administrator/Board Secretary

INDEPENDENT AUDITOR'S REPORT

Honorable President and Members
of the Board of Education
Manasquan School District
County of Monmouth
Manasquan, New Jersey

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the government activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Manasquan Board of Education, as of and for the year ended June 30, 2023, and the related Notes to the Financial Statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Manasquan Board of Education, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section in our report. We are required to be independent of the Manasquan Board of Education, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error; a fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States require that the management's discussion and analysis, budgetary comparison information and pension and post-employment benefit trend information as noted in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Manasquan Board of Education's basic financial statements. The combining and individual non-major fund financial statements, and the schedule of expenditures of federal awards and state financial assistance, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*; and New Jersey OMB's Circulars 15-08, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements, and the schedule of expenditures of federal awards and state financial assistance are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists; we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with ***Government Auditing Standards***, we have also issued our report dated December 22, 2023, on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with ***Government Auditing Standards*** the District's internal control over financial reporting and compliance.

Respectfully submitted,

ROBERT A. HULSART AND COMPANY

REQUIRED SUPPLEMENTARY INFORMATION
PART I

**MANASQUAN PUBLIC SCHOOL DISTRICT
BOROUGH OF MANASQUAN**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2023**

UNAUDITED

The discussion and analysis of Manasquan Public School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2023. The intent of this discussion and analysis is to look at the School District's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the School District's financial performance.

Financial Highlights

Key financial highlights for 2023 are as follows:

- ◆ General revenues accounted for \$40,272,293 in revenue or 94.0% of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$2,741,976 or 6.0% to total revenues of \$43,014,269.
- ◆ The School District had \$43,447,612 in expenses; only \$2,741,976 of these expenses was offset by program specific charges for services, grants or contributions. General revenues (primarily property taxes and tuition) of \$40,272,293 were adequate to provide for these programs.
- ◆ The General Fund had \$39,010,207 revenues and \$40,069,434 in expenditures. The General Fund's balance decreased \$1,059,227 from 2022. This decrease was anticipated by the Board of Education.

Using this Annual Comprehensive Financial Report (ACFR)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Manasquan Public School District as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The *Statement of Net Positions* and *Statement of Activities* provide information about the activities of the whole School district, presenting both an aggregate view of the School district's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. In the case of Manasquan Public school district, the General Fund is by far the most significant fund.

Reporting the School District as a Whole

Statement of Net Positions and the Statement of Activities

While this document contains the large number of funds used by the School District to provide programs and activities, the view of the School district as a whole looks at all financial transactions and asks the question, "How did we do financially during 2022-2023?" The Statement of Net Position and the Statement of Activities helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. This basis of accounting takes into account, all of the current year's revenues and expenses regardless of when cash is received or paid.

These two statements report the School District's net position and changes in that position. This change in net position is important because it tells the reader that, for the school district as a whole, the financial positions of the School district has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the School District's property tax base, current laws in New Jersey restricting revenue growth, facility condition, required educational programs and other factors.

In the Statement of Net Position and the Statement of Activities, the School District is divided into two distinct kinds of activities:

- ◆ **Governmental Activities** – All of the School District's programs and services are reported here including, but not limited to, instruction, support services, operation and maintenance of plant facilities, pupil transportation and extracurricular activities.
- ◆ **Business-Type Activities** – This service is provided on a charge for goods or services basis to recover all the expense of the goods or services provided. The Food Service enterprise fund is reported as a business activity.

Reporting the School District's Most Significant Funds

Fund Financial Statements

The analysis of the School District's major (all) funds begins with Schedule B-1. Fund financial reports provide detailed information about the School District's major funds. The School District uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the School district's most significant funds. The School District's major governmental funds are the General Fund, Special Revenue Fund, Capital Projects Fund and Debt Service Fund.

Governmental Funds

The School District's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future years. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the School district's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance educational programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements.

Enterprise Fund

The enterprise fund uses the same basis of accounting as business-type activities; therefore, these statements are essentially the same.

The School District as a Whole

Table 1 provides a summary of the School District's net position for 2023 and 2022.

Inc./(Dec.) in Net Assets	<u>\$ (433,343)</u>	<u>\$ 470,078</u>

Business-Type Activities

Revenues for the District's business-type activities (food service, aftercare and school development) were comprised of charges for services and federal and state reimbursements.

- ◆ Food service revenue was greater than expenditures by \$49,343.
- ◆ Charges for services represent \$596,915 of revenue. This represents amount paid by patrons for daily food services.
- ◆ Federal and state reimbursements for meals, including payments for free and reduced lunches and donated commodities was \$193,284.
- ◆ The Before and After Care Program is supported by participant revenues. The current year revenues and expenditures left a net asset of \$26,505.
- ◆ The School Development Program is supported by fund raising activities. The current year revenues and expenditures left a net asset of \$20,638.

Governmental Activities

The Statement of Activities shows the cost of program services and the charges for services and grants offsetting those services. Table 3 shows the total cost of services and the net cost of services. The net cost shows the financial burden that was placed on the District's taxpayers by each of these functions.

	Total Cost of Services 2023	Net Cost of Services 2023
Instruction	\$14,517,714	\$13,888,273
Support services		
Pupils and instructional staff	5,017,060	3,891,173
General administration, school administration, business and employee benefits	15,198,838	15,198,838
Operation and maintenance of facilities	2,784,195	2,784,195
Pupil transportation	837,353	837,353
Interest and fiscal charges	782,799	782,799
Capital Outlay	2,334,846	2,296,398
Other	<u>1,062,821</u>	<u>1,062,821</u>
Total Expenses	<u>\$ 42,535,626</u>	<u>40,741,850</u>

Instruction expenses include activities directly dealing with the teaching of pupils and the interaction between teacher and student, including extracurricular activities.

Pupils and instructional staff include the activities involved with assisting staff with the content and process of teaching to students, including curriculum and staff development.

General administration, school administration and business include expenses associated with administrative and financial supervision of the District including all employee benefits, workers compensation and social security.

Operation and maintenance of facilities activities involve keeping the school grounds, buildings and equipment in an effective working condition.

Curriculum and staff development includes expenses related to planning, research, development and evaluation of support services, as well as the reporting of this information internally and to the public.

Pupil transportation includes activities involved with the conveyance of students to and from school, as well as to and from school activities, as provided by state law.

Extracurricular activities includes expenses related to student activities provided by the School district which are designed to provide opportunities for students to participate in school events, public events, or a combination of these for the purposes of motivation, enjoyment and skill improvement.

Interest and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the School District.

Other includes unallocated depreciation and amortization.

The School District's Funds

Information about the School District's major funds starts with Schedule B-2. These funds are accounted for using the modified accrual basis of accounting. All governmental funds (i.e., general fund, special revenue fund, capital projects and debt service fund presented in the fund-based statements) had total revenues of \$42,066,069 and expenditures of \$43,280,242. The net change in fund balance for the year was made up of the General Fund, a decrease of \$1,059,227 due to increases in expenditures. The debt service fund balance had a decrease of \$2,512. Capital projects activity decreased by \$211,223 due to project expenditures in 2022-2023.

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedules present a summary of the revenues of the governmental funds (excluding capital projects) for the fiscal year ended June 30, 2023, and the amount and percentage of increases and decreases in relation to prior year revenues.

Revenue	Amount	Percent of Total	Increase/ (Decrease) from 2022
Local Sources	\$32,350,206	76.90%	\$911,569
State Sources	8,856,476	21.05%	52,216
Federal Sources	<u>859,387</u>	<u>2.05%</u>	<u>(252,407)</u>
Total Revenue	<u>\$42,066,069</u>	<u>100.00%</u>	<u>\$711,378</u>

The increase in Local Sources of \$911,569 was attributed to an increase in tuition revenues and tax returns.

The increase in State Sources of \$52,216 was attributed to various changes.

The decrease in Federal Sources of \$252,407 was attributed to decreased grant funding for the American Rescue Plan.

The following schedule presents a summary of general fund, special revenue fund and debt service fund expenditures for the fiscal year ended June 30, 2023.

Expenditures	Amount	Percent of Total	Increase/ (Decrease) from 2022
Current:			
Instruction	\$14,517,714	33.54%	405,366
Undistributed expenditures	24,432,902	56.45%	(363,560)
Capital outlay	2,617,763	6.05%	(7,685)
Debt service:			
Principal	1,090,000	2.52%	267,219
Interest	621,863	1.44%	(439,932)
Total Expenditures	\$43,280,242	100.00%	(138,592)

The increase in Current - Instruction of \$405,366 was attributed to an increase in salaries and other instructional costs.

The decrease in Current-Undistributed Expenditures of \$363,560 was primarily attributed to other support costs.

The decrease of \$7,685 in capital outlay was based on project expenditures decreasing.

The decrease in debt service of \$172,713 is in accordance with the districts bond schedule.

General Fund Budgeting Highlights

The School district's budget is prepared according to New Jersey law, and is based on accounting for certain transactions on a basis of modified accrual and encumbrance accounting. The most significant budgeted fund is the General Fund.

During the course of the fiscal year 2023, the School District amended its General Fund budget as needed. The School district uses program based budgeting and the budgeting systems are designed to tightly control total program budgets but provide flexibility for program management.

- ◆ Staffing changes based on student needs.
- ◆ Additional costs for student transportation both in regular education and special education.
- ◆ Changes in appropriations to prevent budget overruns.

Capital Assets

At the end of the fiscal year 2023, the School District had \$28,534,003 invested in land, buildings, furniture and equipment, and vehicles. Table 4 shows fiscal 2023 balances compared to 2022 and 2021.

Table 4
Capital Assets (Net of Depreciation) at June 30,

	2023	2022	2021
Land	\$ 1,068,000	\$ 1,068,000	\$ 1,068,000
Infrastructure	114,773	117,983	121,193
Site Improvements	1,852,940	1,986,282	2,100,315
Buildings	25,094,188	25,952,936	26,808,763
Machinery and Equipment	444,984	392,971	435,251
Totals Capital Assets	\$ 28,574,885	\$ 29,518,172	\$ 30,533,522

Overall capital assets decreased \$943,287 from fiscal year 2023 to fiscal year 2022. This decrease was due primarily due to annual depreciation.

Debt Administration

At June 30, 2023, the School district had \$41,098,368 outstanding debt. Of this amount \$630,258 is for compensated absences, \$34,780,000 for bonds payable, \$39,650 for capital leases, and \$5,648,460 for pension liability.

For the Future

The Manasquan Public School District is in very good financial condition presently. A concern is the decline in enrollment growth of the district with the increased reliance on local property taxes. However, future finances are not without challenges as the community continues to grow and state funding is limited.

Manasquan is primarily a residential community, with very few ratables; thus the burden of taxes is placed primarily on homeowners. The Manasquan School District has and will continue to look for ways to relieve this burden.

In conclusion, the Manasquan Public School District has committed itself to financial excellence for many years. In addition, the School District's system for financial planning, budgeting, and internal financial controls are well regarded. The School District plans to continue its sound fiscal management to meet the challenge of the future.

Contacting the School District's Financial Management

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School district's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information contact Dr. Peter Crawley, School Business Administrator/Board Secretary at Manasquan Board of Education, 169 Broad Street, Manasquan, NJ 08736.

NOTES TO FINANCIAL STATEMENTS

BOARD OF EDUCATION
MANASQUAN SCHOOL DISTRICT
NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2023

NOTE 1: Summary of Significant Accounting Policies

The financial statements of the Board of Education (Board) of the Manasquan School District (District) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below.

A. Reporting Entity:

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB Codification of Government Accounting and Financial Reporting Standards, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds and account groups of the District over which the Board exercises operating control. The operations of the District include an elementary and a high school located in Manasquan Borough. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore the District is not includable in any other reporting entity on the basis of such criteria.

The District receives high school students from Brielle, Sea Girt, Spring Lake, Spring Lake Heights, Lake Como and Belmar on a tuition basis which represent about 70% of the high school students.

B. Government-Wide Financial Statements

The School District's basic financial statements consist of government-wide statements, and fund financial statements which provide a more detailed level of financial information.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

NOTE 1: Summary of Significant Accounting Policies (Continued)

B. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are specifically associated with a service, program, or department and, therefore, clearly identifiable to a particular function. It is the policy of the School District to not allocate indirect expenses to functions in the statement of activities. Program revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes and other items not properly included among program revenues are reported instead as general revenues.

In regards to the fund financial statements, the School District segregates transaction related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. Fund financial statements report detailed information about the School District. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a single column. Fiduciary funds are reported by fund type.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide statements report using the economic resources measurement focus and the accrual basis of accounting generally including the reclassification or elimination of internal activity (between or within funds). Proprietary and fiduciary fund financial statements also report using this same focus and basis of accounting although internal activity is not eliminated in these statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred regardless of the timing of related cash flows. County tax revenues are recognized in the year for which they are levied while grants are recognized when grantor eligibility requirements are met. The Unemployment Trust Fund recognizes employer and employee contributions in the period in which contributions are due.

Governmental fund financial statements report using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they are both measurable and available. Available means collectible within the current period or soon enough thereafter to apply current liabilities. The District considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for long-term pension and compensated absences, which are reported as expenditures in the year due.

Major revenue sources susceptible to accrual includes Intergovernmental revenues, and the county tax levy. In general, other revenues are recognized when cash is received.

NOTE 1: Summary of Significant Accounting Policies (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary continuing operations of the fund. Principal operating revenues for proprietary funds are charges to customers for food sales and for services provided to other governmental entities. Principles operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

D. Fund Accounting:

The accounts of the District are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types".

Governmental Fund Types

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

Special Revenue Fund: The District accounts for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditures for specified purposes in the special revenue funds.

Capital Projects Fund: the capital projects fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds).

Debt Service Fund: The debt service fund is used to account for the accumulation of resources for, and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

NOTE 1: Summary of Significant Accounting Policies (Continued)

D. Fund Accounting (Continued):

Proprietary Fund Type

Enterprise Fund: To account for operations that are financed and operated in a manner similar to private business enterprises, in which the intent of the District is that the costs of providing goods or services to the District on a continuing basis be financed or recovered primarily through user charges.

Fiduciary Fund Types

Trust and Agency Funds: The trust and agency funds are used to account for assets held by the District on behalf of outside parties, including other governments, or on behalf of other funds within the District.

Unemployment Compensation Trust Fund: The trust fund is used to account for assets held under the terms of a formal trust agreement. The District reimburses the costs of unemployment benefits paid by the New Jersey Department of Labor.

Agency Funds (Payroll and Student Activities Fund): Agency funds are used to account for the assets that the District holds on behalf of others as their agent. Agency funds are custodial in nature and do not involve measurement of results of operations.

E. Budgets/Budgetary Control:

Annual appropriated budgets are prepared in the spring of each year for the general, special revenue, and debt service funds. Budgets are prepared using the modified accrual basis of accounting; the legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2.2(g)1. All budget amendments must be approved by School Board resolution. Budget amendments during the year ended June 30, 2023 were insignificant.

The Public School Education Act of 1975 limits the annual increase of any district's net current expense budget. The Commissioner of Education certifies the allowable amount for each district but may grant a higher level of increase if he determines that the sums so provided would be insufficient to meet the identified goals and needs of the district or that an anticipated enrollment increase requires additional funds.

The Commissioner must also review every proposed local school district budget for the next school year. He examines every item of appropriations for current expenses and budgeted capital outlay to determine their adequacy in relation to the identified needs and goals of the district. If, in his view, they are insufficient, the Commissioner must order remedial action. If necessary, he is authorized to order changes in the local district budget.

NOTE 1: Summary of Significant Accounting Policies (Continued)

E. Budgets/Budgetary Control (Continued):

Once a budget is approved, it can be amended by transfers or additional appropriation of fund balances by approval of a majority of the members of the Board. Amendments are presented to the Board at their regular meetings. Each amendment must have Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year-end as dictated by law. Individual transfers were not material in relation to the original appropriations. All uncommitted budget appropriations lapse at year-end.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and generally accepted accounting principles with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

F. Encumbrances:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

G. Short-Term Interfund Receivables/Payables:

Short-Term interfund receivables/payables represents amounts that are owed, other than charges for good or services rendered to/from a particular fund in the District and that are due within one year.

H. Inventories and Prepaid Expenses

Inventories and prepaid expenses, which benefit future periods, are recorded as an expenditure during the year of purchase. The value of inventories remaining at the end of the fiscal year is not included on the balance sheet.

NOTE 1: Summary of Significant Accounting Policies (Continued)**H. Inventories and Prepaid Expenses (Continued)**

Enterprise fund inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Prepaid expenses in the enterprise fund represent payments made to vendors for services that will benefit periods beyond June 30, 2023.

I. Capital Assets and Depreciation

The District's property, buildings and improvements, equipment, vehicles, furniture and fixtures with useful lives of five years or more are stated at historical or estimated historical cost and are reported in the government-wide financial statements. Proprietary Fund capital assets are reported in its respective fund.

The District contracted with an outside service company during the 2023 fiscal year to provide a report with a comprehensive detail of capital assets and depreciation. The report included capital assets purchased during the 2022-2023 fiscal year and prior with a historical cost of \$2,000 or more. Accumulated depreciation prior to fiscal year 2023, fiscal year 2023 depreciation expense, total accumulated depreciation and book values were also provided. The district upgraded for subsequent years with its in-house system. The costs of normal maintenance and repairs that do not add to the asset value or materially extend the useful lives are not capitalized. Capital assets are depreciated using the straight-line method. When capital assets are disposed, the cost and applicable accumulated depreciation are removed from the respective accounts. Estimated useful lives, in years, for depreciable assets are as follows:

Buildings and Improvements	20 – 50
Equipment and Vehicles	5 – 20
Furniture and Fixtures	5 – 20

Capital asset activity for the year ended June 30, 2023 was as follows:

	<u>Balance</u> <u>July 1, 2022</u>	<u>Additions</u>	<u>Adjustments</u>	<u>Balance</u> <u>June 30, 2023</u>
Governmental Activities:				
Land	\$ 1,068,000	_____	_____	1,068,000
Depreciable Assets:				
Infrastructure	133,607			133,607
Land Improvements	3,694,944			3,694,944
Buildings	40,001,536			40,001,536
Machinery/Equipment	2,407,872	125,844	_____	2,533,716
Total	46,237,959	125,844	_____	46,363,803

NOTE 1: Summary of Significant Accounting Policies (Continued)**I. Capital Assets and Depreciation (Continued)**

	<u>Balance</u> <u>July 1, 2022</u>	<u>Additions</u>	<u>Adjustments</u>	<u>Balance</u> <u>June 30, 2023</u>
Less: Accumulated Depreciation:				
Infrastructure	15,624	3,210		18,834
Land Improvements	1,708,663	133,341		1,842,004
Buildings	14,048,600	858,748		14,907,348
Equipment	<u>2,062,093</u>	<u>67,522</u>	<u> </u>	<u>2,129,615</u>
Total Accumulated Depreciation	<u>17,834,980</u>	<u>1,062,821</u>	<u> </u>	<u>18,897,801</u>
Net Depreciable Assets	<u>28,402,979</u>	<u>(936,977)</u>	<u> </u>	<u>27,466,002</u>
Governmental Activities Capital Assets (Net)	<u>\$ 29,470,979</u>	<u>(936,977)</u>	<u> </u>	<u>28,534,002</u>
Business-Type Activities: Equipment	\$ 472,667			472,667
Less: Accumulated Depreciation: Equipment	<u>425,474</u>	<u>6,310</u>	<u> </u>	<u>431,784</u>
Business-Type Capital Assets (Net)	<u>\$ 47,193</u>	<u>6,310</u>	<u> </u>	<u>40,883</u>

Accumulated depreciation was allocated to governmental activities as follows:

	<u>Prior Years'</u> <u>Accumulated</u> <u>Depreciation</u>	<u>Current Year</u> <u>Depreciation</u> <u>Expense</u>	<u>Total</u> <u>Accumulated</u> <u>Depreciation</u>
Unallocated	<u>\$ 17,834,980</u>	<u>1,062,821</u>	<u>18,897,801</u>

NOTE 1: Summary of Significant Accounting Policies (Continued)

J. Compensated Absences

District employees are permitted, within certain limitations, to accrue vacation and sick leave in varying amounts under the Districts personnel policies and may be paid at a later date according to contractual agreements.

The liability for vested compensated absences of the governmental fund types is recorded in the government-wide financial statements as a non-current liability. Governmental funds report only matured compensated absences payable to currently terminating employees and are included in wages and benefits payable

K. Deferred Revenue

Deferred revenue in the general and special revenue funds represent cash which has been received but not yet earned. Deferred revenue in the general fund represents monies received for fiscal year 2022. See Note 1(F) regarding the special revenue fund.

L. Fund Equity

The governmental fund financial statements report reserved fund balance for amounts not available for appropriation or legally restricted for specified purposes. The general fund reserve for restricted purposes includes net assets relating to capital reserve.

M. Net Position

Net position represents the difference between the summation of assets and deferred outflows of resources, and the summation of liabilities and deferred inflows of resources. Net position is classified into the following three components:

Net Investment in Capital Assets – This component represents capital assets, net of accumulated depreciation, net of outstanding balances of borrowings used for the acquisition, construction, or improvement of those assets.

Restricted – Net Position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Unrestricted – Net position is reported as unrestricted when it does not meet the criteria of the other two components of net position.

The School District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

NOTE 1: Summary of Significant Accounting Policies (Continued)

Fund Balance

The School District reports fund balance in classifications that comprise a hierarchy based primarily on the extent to which the School District is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The School District's classifications, and policies for determining such classifications, are as follows:

Nonspendable – The nonspendable fund balance classification includes amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, such as inventories and prepaid amounts.

Restricted – The restricted fund balance classification includes amounts that are restricted to specific purposes. Such restrictions, or constraints, are placed on the use of resources either by being (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation.

Committed – The committed fund balance classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the School District's highest level of decision-making authority, which, for the School District, is the Board of Education. Such formal action consists of an affirmative vote by the Board of Education, memorialized by the adoption of a resolution. Once committed, amounts cannot be used for any other purpose unless the Board of Education removes, or changes, the specified use by taking the same type of action (resolution) if employed to previously commit those amounts.

Assigned – The assigned fund balance classification includes amounts that are constrained by the School District's *intent* to be used for specific purposes, but are neither restricted nor committed. *Intent* is expressed by either the Board of Education or by the business administrator, to which the Board of Education has delegated the authority to assign amounts to be used for specific purposes. Such authority of the business administrator is established by way of a formal job description for the position and standard operating procedures, approved by the Board of Education.

Unassigned – The unassigned fund balance classification is the residual classification for the general fund. This classification represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the general fund. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the policy of the School District to spend restricted fund balances first. Moreover, when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications can be used, it is the policy of the School District to spend fund balances, if appropriate, in the following order; committed, assigned, then unassigned.

NOTE 2: Cash and Cash Equivalents and Investments

Cash and cash equivalents for all funds, include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. Such is the definition of cash and cash equivalents used in the statement of cash flows for the proprietary funds. U.S. treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

Investments are stated at cost, which approximates market. The District classifies certificates of deposit, which have original maturity dates of more than three months but less than twelve months from the date of purchase, as investments.

Deposits

New Jersey statutes require that school districts deposit public funds in public depositories located in New Jersey which are insured by the Federal Deposit Insurance Corporation, the Federal Savings and Loan Insurance Corporation, or by any other agency of the United States that insures deposits made in public depositories. School districts are also permitted to deposit public funds in the State of New Jersey Cash Management Fund.

New Jersey statutes require public depositories to maintain collateral for deposits of public funds that exceed depository insurance limits as follows:

The market value of the collateral must equal at least 5% of the average daily balance of collected public funds on deposit.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, the Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000.000.

Investments

New Jersey statutes permit the District to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States.
- b. Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Agency or any United States Bank for cooperatives which have a maturity date not greater than twelve months from the date of purchase.
- c. Bonds or other obligations of the school district.

NOTE 2: Cash and Cash Equivalents and Investments (Continued)**Investments (Continued)**

As of June 30, 2023, cash and cash equivalents and investments of the District consisted of the following:

	<u>Cash and Cash Equivalents</u>
Checking, Money Market Accounts And Certificate of Deposit	<u>\$ 3,470,736</u>

During the period ended June 30, 2023, the District did not hold any investments. The carrying amount of the District's cash and cash equivalents at June 30, 2023 was \$3,470,736 and the bank balance was \$3,942,382. Of the bank balance, \$250,000 was covered by federal depository insurance and \$3,692,382 was covered by a collateral pool maintained by the banks as required by New Jersey statutes.

Credit Risk Categories

All bank deposits and investments as of the balance sheet date are classified as to credit risk by the following two categories described below:

FDIC	\$ 250,000
GUDPA	<u>3,692,382</u>
	<u>\$ 3,942,382</u>

NOTE 3: General Long-Term Debt

During the fiscal year ended June 30, 2023, the following changes occurred in liabilities reported in the general long-term debt account group:

	<u>Balance June 30, 2022</u>	<u>Additions</u>	<u>Adj.</u>	<u>Deletions</u>	<u>Balance June 30, 2023</u>	<u>Long-Term Portion</u>	<u>2023-24 Payment</u>
Pension Liability	\$ 4,366,514	1,281,946			5,648,460	5,648,460	
Compensated Absences Payable	631,840			(1,582)	630,258	630,258	
Capital Leases Payable	197,659			(158,009)	39,650	20,203	19,447
Bonds Payable	<u>22,100,000</u>	<u>13,770,000</u>		<u>(1,090,000)</u>	<u>34,780,000</u>	<u>33,660,000</u>	<u>1,120,000</u>
	<u>\$ 27,296,013</u>	<u>15,051,946</u>		<u>(1,249,591)</u>	<u>41,098,368</u>	<u>39,958,921</u>	<u>1,139,447</u>

NOTE 3: General Long-Term Debt (Continued)**A. Bonds Payable**

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are of general obligation bonds.

1. 2013 refunding bonds for an addition to the elementary school for \$5,550,000 at interest from 3% to 5% with a balance of \$1,280,000 maturing on January 15, 2025.
2. 2017 Referendum bonds for \$20,680,000 at interest from 2% to 3% with a balance of \$19,730,000 maturing on July 1, 2044.
3. 2023 School Bonds for \$13,770,000 at interest from 3.25% to 4% with a balance of \$13,770,000 at June 30, 2023 maturing on July 15, 2048.

Principal and interest due on serial bonds outstanding is as follows:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Year Ending June 30,			
2023-2024	\$ 1,120,000	581,612	1,701,612
2024-2025	1,110,000	1,334,082	2,444,082
2025-2026	1,310,000	1,035,425	2,345,425
2026-2027	1,310,000	1,002,350	2,312,350
2027-28	1,315,000	969,194	2,284,194
2028-29 to 2032-33	6,850,000	4,282,025	11,132,025
2033-34 to 2037-38	7,545,000	3,157,088	10,702,088
2038-39 to 2042-43	8,100,000	1,830,850	9,930,850
2043-44 to 2047-43	5,400,000	558,000	5,958,000
2048-2049	<u>720,000</u>	<u>14,400</u>	<u>734,400</u>
	<u>\$ 34,780,000</u>	<u>14,765,026</u>	<u>49,545,026</u>

Schedule of Bonds/Loans Payable

<u>Description</u>	<u>Date</u>	<u>Interest Rate</u>	<u>Balance June 30, 2023</u>
Refunding Bonds	04-30-13	3% to 5%	\$ 1,280,000
2017 Referendum	07-10-19	2% to 3%	19,730,000
2023 Referendum	07-15-23	3.25% to 4%	<u>13,770,000</u>
			<u>\$ 34,780,000</u>

B. Bonds Authorized But Not Issued

As of June 30, 2023, the Board had no authorized but not issued bonds.

NOTE 3: General Long-Term Debt (Continued)**C. Capital Leases Payable:**

The District has a lease with Manasquan Bank for the field turf, textbooks and equipment. This capital lease is for a term of five years. The following is a schedule of the future minimum lease payments under the capital lease, and the present value of the net minimum lease payments at June 30, 2023.

Year Ended	
<u>June 30</u>	<u>Amount</u>
2024	\$ 20,328
2025	19,861
2026	<u>678</u>
	40,867
Less: Amount Representing Interest	<u>(1,217)</u>
Present Value of Net Minimum Lease Payments	<u>\$ 39,650</u>

Summary of Leases

Textbooks lease at 2.60% maturing 2024-25 with a balance of \$36,000 at 6/30/23.

Copiers lease at 5.66% maturing 2023-24 with a balance of \$3,650 at 6/30/23.

NOTE 4: Pension Plans

Description of Plans – All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teacher's Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625.

Teachers' Pension and Annuity Fund (TPAF) – The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

NOTE 4: Pension Plans (Continued)

Public Employees' Retirement System (PERS) – The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

Vesting and Benefit Provisions – The vesting and benefit provisions for PERS are set by N.J.S.A. 43:15A and 43.3B, and N.J.S.A. 18A:6C for TPAF. All benefits vest after eight to ten years of service, except for medical benefits that vest after 25 years of service. Retirement benefits for age and service are available at age 60 and are generally determined to be 1/60 of the final average salary for each year of service credit, as defined. Final average salary equals the average salary for the final three years of service prior to retirement (or highest three years' compensation if other than the final three years). Members may seek early retirement after achieving 25 years of service credit or they may elect deferred retirement after achieving eight to ten years of service in which case benefits would begin the first day of the month after the member attains normal retirement age. The TPAF and PERS provide for specified medical benefits for members who retire after achieving 25 years of qualified service, as defined, or under the disability provision of the System.

Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contribution. In the case of death before retirement, members' beneficiaries are entitled to full interest credited to the members' accounts.

Significant Legislation - During the year ended June 30, 1997, legislation was enacted Chapter 114, P.L. 1997) authorizing the New Jersey Economic Development Authority to issue bonds, notes or other obligations for the purpose of financing, in full or in part, the State of New Jersey's portion of the unfunded accrued liability under the State of New Jersey retirement systems. Additional legislation enacted during the year ended June 30, 1997 (Chapter 115, P.L. 1997), changed the asset valuation method from market related value to full-market value. This legislation also contains a provision to reduce the employee contribution rate by ½ of 1% to 4.5% for calendar years 1998 and 1999, and to allow for a reduction in the employee's rate after calendar year 1999, providing excess valuation assets are available. The legislation also provided that the Districts' normal contributions to the Fund may be reduced based on the revaluation of assets. Due to recognition of the bond proceeds and the change in asset valuation method as a result of enactment of Chapters 114 and 115, all unfunded accrued liabilities were eliminated, except for the unfunded liability for local early retirement incentive benefits, accordingly, the pension costs for TPAF and PERS were reduced.

Funding Policy – The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provide for employee contributions of 7.20% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the District is a non-contributing employer of the TPAF.

NOTE 4: Pension Plans (Continued)

Legislation enacted during 1993 provides early retirement incentives for certain members of TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1994 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years of service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 years but less than 20 years of service. The Board will assume the increased cost for the early retirement as it affects their districts.

During the year ended June 30, 2022, the State of New Jersey contributed \$6,201,270 to the TPAF for normal and post-retirement medical benefits on behalf of the District. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the District \$1,012,959 during the year ended June 30, 2022 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the general-purpose financial statements, and the combining and individual fund and account group statements and schedules as revenues and expenditure in accordance with GASB 24.

Three-Year Trend Information for PERS

Year	Annual	Percentage	Net
<u>Funding</u>	<u>Pension</u>	<u>of APC</u>	<u>Pension</u>

Public Employees' Retirement System (PERS)**Plan Description**

The State of New Jersey, Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about PERS, please refer to the Division's annual financial statements, which can be found at <https://www.state.nj.us/treasury/pensions/annual-reports.shtml>.

NOTE 4: Pension Plans (Continued)

The vesting and benefit provisions are set by N.J.S.A. 43:15A, PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of $1/55^{\text{th}}$ of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of $1/60^{\text{th}}$ of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Basis of Presentation

The schedule of employer allocations and the schedule of pension amounts by employer (collectively, the Schedules) present amounts that are considered elements of the financial statements of PERS or its participating employers. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of PERS or the participating employers. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of PERS to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Allocation Methodology and Reconciliation to Financial Statements

GASB Statement No. 68, *Accounting and Financial Reporting for Pension*, requires participating employers in PERS to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense. The employer allocation percentages presented in the schedule of employer allocations and applied to amounts presented in the schedule of pension amounts by employer based on the ratio of the contributions of an individual employer to the total contributions to PERS during the measurement period July 1, 2021 through June 30, 2022. Employer allocation percentages have been rounded for presentation purposes; therefore, amounts presented in the schedule of pension amounts by employer may result in immaterial differences. Contributions from employers are recognized when due, based on statutory requirements.

NOTE 4: Pension Plans (Continued)

Although the Division administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarially determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each individual employer of the State and local groups of the plan.

To facilitate the separate (sub) actuarial valuations, the Division maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer allocations are applied to amounts presented in the schedule of pension amount by employer. The allocation percentages for each group of June 30, 2022 are based on the ratio of each employer's contributions to total employer contributions of the group for the fiscal year ended June 30, 2022.

A special funding situation exists for certain Local employers of the Public Employees' Retirement System. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by local employers under Chapter 366, P.L. 2001 and Chapter 133, P.L. 2001. The Chapter 366, P.L. 2001 legislation established the Prosecutors Part of the PERS which provides enhanced retirement benefits for prosecutors enrolled in the PERS. The State is liable for the increased pension costs to a County that resulted from the enrollment of prosecutors in the Prosecutors Part. The June 30, 2022 State special funding situation net pension liability amount of \$127.8 million is the accumulated difference between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The special funding situation for Chapter 133, P.L. 2001 is due to the State paying the additional normal cost related to benefit improvements from Chapter 133. Previously, this additional normal cost was paid from the Benefit Enhancement Fund (BEF). As of June 30, 2022, there is no net pension liability associated with this special funding situation there was no accumulated difference between the annual additional normal cost under the special funding situation and the actual State contribution through the valuation date. The State special funding situation pension expense of \$50.2 million, for the fiscal year ending June 30, 2022, is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2022. The pension expense is deemed to be a State administrative expense due to the special funding situation.

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. State legislation has modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2022, the State's pension contribution was less than the actuarial determined amount.

NOTE 4: Pension Plans (Continued)

The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets.

For the year ended June 30, 2023, the District recognized pension expense of \$479,986. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 40,768	35,952
Changes of Assumptions	17,501	845,798
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	233,785	
Changes in Proportion and Differences Between District Contributions and Proportionate Share of Contributions	605,704	
District Contributions Subsequent to the Measurement Date	<u>479,986</u>	<u> </u>
Total	<u>\$ 1,377,744</u>	<u>881,750</u>

\$479,986 reported as deferred outflows of resources related to pensions resulting from school district, project contributions subsequent to the measurement date (i.e. for the school year ending June 30, 2023, the plan measurement date is June 30, 2022) will be recognized as a reduction of the net pension liability in the year ended June 30, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year Ending
June 30,**

2023	\$ (480,450)
2024	(244,773)
2025	(119,371)
2026	260,423
2027	<u>(573)</u>
	<u>\$ (584,744)</u>

NOTE 4: Pension Plans (Continued)**Additional Information**

Collective balances at December 31, 2022 and 2021 are as follows:

	<u>Dec. 31, 2022</u>	<u>Dec. 31, 2021</u>
Collective Deferred Outflows of Resources	\$ 1,377,744	1,356,195
Collective Deferred Inflows of Resources	881,750	2,736,021
Collective Net Pension Liability	5,648,460	4,366,514
District's Proportion	0.03711%	0.03647%

Components of Net Pension Liability

The components of the collective net pension liability of the participating employers as of June 30, 2022 were as follows:

	<u>2022</u>		
	<u>State</u>	<u>Local</u>	<u>Total</u>
Total Pension Liability	\$ 29,144,869,310	41,029,268,965	70,174,138,275
Plan Fiduciary Net Position	<u>6,758,038,264</u>	<u>25,810,084,045</u>	<u>32,568,122,309</u>
Net Pension Liability	<u>\$ 22,386,831,046</u>	<u>15,219,184,920</u>	<u>37,606,015,966</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	23.19%	62.91%	46.41%

The collective total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases	2.75% - 6.55%
	Based on years of service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 General Below-Medial Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

NOTE 4: Pension Plans (Continued)

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2022 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Market Equity	13.50%	8.38%
Emerging Market Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Assets	3.00%	7.60%
Real Estate	8.00%	11.19%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

NOTE 4: Pension Plans (Continued)**Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate**

The following presents the collective net pension liability of the participating employers as of June 30, 2022, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	2022		
	At 1% Decrease (6.00%)	At Current Discount Rate (7.00%)	At 1% Increase (8.00%)
School District's Proportionate Share Of the Net Pension Liability	<u>\$ 7,256,617</u>	<u>5,648,460</u>	<u>4,279,854</u>

Teachers Pensions and Annuity Fund (TPAF)**Plan Description**

The State of New Jersey, Teacher's Pension and Annuity Fund (TPAF) is a cost sharing multiple-employer defined benefit pension plan with a special-funding situation, by which the State of New Jersey (the State) is responsible to fund 100% of the employer contribution, excluding any local employer early retirement incentive (ERI) contributions. TPAF is administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about TPAF, please refer to the Division's annual financial statements which can be found at <https://www.state.nj.us/treasury/pensions/annual-reports.shtml>.

The vesting and benefit provisions are set by N.J.S.A. 18A:66. TPAF provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of TPAF. Members are always fully vested for their own contributions and, after three years of service credit, become vested for 2% of related interest earned on the contributions. In the case of death before retirement, member's beneficiaries are entitled to full interest credited to the members' accounts.

The following represents the membership tiers for TPAF:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

NOTE 4: Pension Plans (Continued)

Service retirement benefits of $1/55^{\text{th}}$ of final average salary for each year of service credit is available to tiers 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of $1/60^{\text{th}}$ of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tiers 1 and 2 members before reaching age 60, tiers 3 and 4 with 25 years or more of service credit before age 62, and tier 5 with 30 years or more of service credit. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the retirement age for his/her respective tier. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Basis of Presentation

The Schedule of employers and nonemployer allocations and the schedule of pension amounts by employer and nonemployer (collectively, the Schedules) present amounts that are considered elements of the financial statements of TPAF and the State as an employer/nonemployer entity. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of TPAF or the State. The accompanying Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of TPAF to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

Allocation Methodology

GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, requires participating employers in TPAF to recognize their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense. The employer and nonemployer allocation percentages presented in the schedule of employer and nonemployer allocation and applied to, presented in the schedule of pension amount by employer and nonemployer are based on the ratio of the State's actual contributions made as an employer and nonemployer adjusted for unpaid early retirement incentives to total contributions to TPAF during the year ended June 30, 2022. Employer and nonemployer allocation percentages have been rounded for presentation purposes, therefore amounts presented in the schedule of pension amounts by employer and nonemployer may result in immaterial differences.

The contribution policy for TPAF is set by N.J.S.A. 18A:66 and requires contributions by active members and contributing employers. State legislation had modified the amount that is contributed by the State. The State's pension contribution is based on an actuarially determined amount, which includes the employer portion of the normal cost and an amortization of the unfunded accrued liability. Funding for noncontributory group insurance benefits is based on actual claims paid. For fiscal year 2022, State's pension contribution was less than the actuarial determined amount.

NOTE 4: Pension Plans (Continued)**Special Funding Situation**

The employer contributions for local participating employers are legally required to be funded by the State in accordance with N.J.S.A. 18:66-33. Therefore, these local participating employers are considered to be in a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Since the local participating employers do not contribute directly to the plan (except for employer specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers. However, the notes to the financial statements of the local participating employers must disclose the portion of the nonemployer contributing entities' total proportionate share of the net pension liability that is associated with the local participating employer. In addition, each local participating employer must recognize pension expense associated with the employer as well as revenue in an amount equal to the nonemployer contributing entities' total proportionate share of the collective pension expense associated with the local participating employer.

Components of Net Pension Liability

The components of the net pension liability of the State as of June 30, 2022 and 2021 are as follows:

	<u>2022</u>	<u>2021</u>
Total Pension Liability	\$ 76,317,117,835	74,699,133,697
Plan Fiduciary Net Position	<u>24,640,530,532</u>	<u>26,533,142,515</u>
Net Pension Liability	<u>\$ 51,676,587,303</u>	<u>48,165,991,182</u>
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	32.29%	35.52%

State Proportionate Share of Net Pension Liability Attributable to District

	<u>2022</u>	<u>2021</u>
District's Liability	<u>\$ 62,109,467</u>	<u>56,298,842</u>
District's Proportion	0.12019%	0.11689%

NOTE 4: Pension Plans (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) related to pensions will be recognized in pension expense (benefit) as follows:

Year Ending June 30:	
2023	\$ (3,195,610)
2024	(4,595,734)
2025	(4,027,649)
2026	(1,814,100)
2027	(1,980,384)
Thereafter	<u>(2,028,453)</u>
Total	<u>\$ (17,641,930)</u>

The total pension liability for the June 30, 2022 measurement date was determined by an actuarial valuation as of July 1, 2021, which was rolled forward to June 30, 2022. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases	
	2.75% - 5.65%
	Based on years of service
Investment Rate of Return	7.00%

Pre-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Employee mortality table with a 93.9% adjustment for males and 85.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Teachers Above-Median Income Healthy Retiree mortality table with a 114.7% adjustment for males and 99.6% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability mortality rates were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 106.3% adjustment for males and 100.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2021.

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2018 to June 30, 2021.

NOTE 4: Pension Plans (Continued)**Long-Term Expected Rate of Return**

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2022) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in TPAF's target asset allocation as of June 30, 2022 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.12%
Non-U.S. Developed Market Equity	13.50%	8.38%
Emerging Market Equity	5.50%	10.33%
Private Equity	13.00%	11.80%
Real Assets	3.00%	7.60%
Real Estate	8.00%	11.19%
High Yield	4.00%	4.95%
Private Credit	8.00%	8.10%
Investment Grade Credit	7.00%	3.38%
Cash Equivalents	4.00%	1.75%
U.S. Treasuries	4.00%	1.75%
Risk Mitigation Strategies	3.00%	4.91%

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2022. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be based on 100% of the actuarially determined contributions for the State. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments in determining the total pension liability.

NOTE 4: Pension Plans (Continued)**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the net pension liability of the State as of June 30, 2022 calculated using the discount rate as disclosed above as well as what the State's net pension liability would be if it was calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	2022		
	At 1% Decrease (6.00%)	At Current Discount Rate (7.00%)	At 1% Increase (8.00%)
School District's Proportionate Share Of the Net Pension Liability	\$ 0	0	0
State of New Jersey's Proportionate Share Of the District's Net Pension Liability	<u>72,824,670</u>	<u>62,109,467</u>	<u>53,083,255</u>
	<u>\$ 72,824,670</u>	<u>62,109,467</u>	<u>53,083,255</u>

NOTE 5: Post-Retirement Benefits**General Information about the OPEB Plan****Plan description and benefits provided**

The State of New Jersey reports a liability as a result of its statutory requirements to pay other post-employment (health) benefit for State Health Benefit Local Education Retired Employees Plan. The State Health Benefit Local Education Retired Employees Plan is a multiple-employer defined benefit OPEB plan that is administered on a pay-as-you-go basis. Accordingly, no assets are accumulated in a qualifying trust that meets the criteria in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other than Pension*. The State Health Benefit Local Education Retired Employees Plan provides medical, prescription drug, and Medicare Part B reimbursement to retirees and their covered dependents of local education employers.

The employer contributions for the participating local education employers are legally required to be funded by the State of New Jersey in accordance with N.J.S.A. 52:14-17.32f. According to N.J.S.A. 52:14-17.32f, the State provides employer-paid coverage to employees who retire from a board of education or county college with 25 years or more of service credit in, or retires on a disability pension from, one or more of the following plans: the Teachers' Pension and Annuity Fund (TPAF), the Public Employees' Retirement System (PERS), the Police and Firemen Retirement System (PFRS), or the Alternate Benefit Program (ABP). Pursuant to Chapter 78, P.L., 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

NOTE 5: Post-Retirement Benefits (Continued)

The total nonemployer OPEB liability does not include certain other postemployment benefit obligations that are provided by the local education employers. The reporting of these benefits are the responsibility of the individual local education employers.

The School Employees Health Benefits Program (SEHBP) Act is found in New Jersey Statutes Annotated, Title 52, Article 17.25 et. seq. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASBS No. 75.

Additional information on Pensions and OPEB can be accessed at state.nj.us/treasury/pensions/financial-reports.shtml.

Total OPEB Liability

The total OPEB liability as of June 30, 2022 was determined by an actuarial valuation as of June 20, 2021, with was rolled forward to June 30, 2022. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Total OPEB Liability \$50,646,462,966

	<u>TPAF/ABP</u>	<u>PERS</u>	<u>PFRS</u>
Salary Increases	2.75% – 4.25%	2.75% - 6.55%	3.25% - 16.25%
	based on years of service	based on years of service	based on years of service

Preretirement mortality rates were based on the Pub-2010 Healthy “Teachers” (TPAF/ABP), “General” (PERS), and “Safety” (PFRS) classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Postretirement mortality rates were based on the Pub-2010 “General” classification headcount-weighted mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021. Disability mortality was based on the Pub-2010 “General” classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021 for current disables retirees. Future disabled retirees was based on the Pub-2010 “Safety” (PFRS), “General” (PERS), and “Teachers” (TPAF/ABP) classification headcount-weighted disabled mortality table with fully generational mortality improvement projections from the central year using Scale MP-2021.

NOTE 5: Post-Retirement Benefits (Continued)

Actuarial assumptions used in the July 1, 2021 valuation were based on the results of the TPAF, PERS and PFRS experience studies prepared for July 1, 2018 to June 30, 2021.

(a) Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend rate is initially 6.25% and decreases to a 4.50% long-term trend rate after eight years. For post-65 medical benefits PPO, the trend is initially -1.99% in fiscal year 2023, increasing to 13.44% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For HMO the trend is initially -3.54% in fiscal year 2023, increasing to 15.19% in fiscal year 2026 and decreases to 4.50% in fiscal year 2033. For prescription drug benefits, the initial trend rate is 8.00% and decreases to a 4.50% long-term trend rate after eight years. For the Medicare Part B reimbursement, the trend rate is 5.00%.

(b) Discount Rate

The discount rate for June 30, 2022 was 3.54%. This represents the municipal bond return rate as chosen by the Division. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Changes in the total OPEB Liability reported by the State of New Jersey:

	<u>Total OPEB Liability</u>
Balances at June 30, 2021	\$ 60,007,650,970
Changes for the Year:	
Service Cost	2,770,618,025
Interest	1,342,187,139
Change of Benefit Terms	
Difference Between Expected and Actual Experience	1,399,200,736
Changes in Assumptions or Other Inputs	(13,586,368,097)
Member Contributions	42,650,252
Benefit Payments	<u>(1,329,476,059)</u>
Balance at June 30, 2022	<u>\$ 50,646,462,966</u>

There were no changes in benefit terms between the June 30, 2021 measurement date and the June 30, 2022 measurement date.

Changes of assumptions and other inputs reflect a change in the discount rate from 2.16% percent in 2021 to 3.54% percent in 2022.

NOTE 5: Post-Retirement Benefits (Continued)

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the State for school board retirees, as well as what the State's total OPEB liability for school board would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current discount rate:

	1% Decrease (2.54%)	Discount Rate (3.54%)	1% Increase (4.54%)
State of New Jersey's Proportionate Share Of the Total Non-Employer OPEB Liability			
Associated with the School District	<u>\$ 59,529,589,697</u>	<u>50,646,462,966</u>	<u>43,527,080,995</u>

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the State, as well as what the State's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Healthcare Cost Trend Rates	1% Increase
State of New Jersey's Proportionate Share Of the Total Non-Employer OPEB Liability			
Associated with the School District	<u>\$ 41,862,397,291</u>	<u>50,646,462,966</u>	<u>62,184,866,635</u>

OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB.

For the year ended June 30, 2022, the Board of Education recognized OPEB expense of \$2,066,997 determined by the State as the total OPEB liability for benefits provided through a defined benefit OPEB plan that is not administered through a trust that meets the criteria in paragraph 4 of GASBS No. 75 and in which there is a special funding situation.

In accordance with GASBS No. 75, the Board of Education's proportionate share of school retirees OPEB is zero; there is no recognition of the allocation of proportionate share of deferred outflows of resources and deferred inflows or resources. At June 30, 2022, the State reported deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 9,042,402,619	(15,462,950,679)
Changes in Proportion	<u>8,765,620,577</u>	<u>(17,237,289,230)</u>
Total	<u>\$ 17,808,023,196</u>	<u>(32,700,239,909)</u>

NOTE 5: Post-Retirement Benefits (Continued)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to retired school employee's OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	
2023	\$ (2,517,151,602)
2024	(2,517,151,602)
2025	(2,517,151,602)
2026	(2,175,449,761)
2027	(1,243,951,140)
Thereafter	<u>(3,921,361,006)</u>
	<u>\$ (14,892,216,713)</u>

NOTE 6: Compensated Absences

The District accounts for compensated absences (e.g., unused vacation, sick leave) as directed by Governmental Accounting Standards Board Statement No. 16 (GASB 16), "Accounting for Compensated Absences". A liability for compensated absences attributable to services already rendered and not contingent on a specific event that is outside the control of the employer and employee is accrued as employees earn the right to the benefits.

District employees are granted varying amounts of vacation and sick leave in accordance with the District's personnel policy. Upon termination, employees are paid for accrued vacation. The District's policy permits employees to accumulate unused sick leave and carry forward the full amount to subsequent years. Upon retirement employees shall be paid by the District for the unused sick leave in accordance with the District's agreements with the various employee unions.

In the district-wide *Statement of Net Position*, the liabilities whose average maturities are greater than one year should be reported in two components -- the amount due within one year and the amount due in more than one year.

The liability for vested compensated absences of the proprietary fund types is recorded within those funds as the benefits accrue to employees. As of June 30, 2023 no liability existed for compensated absences in the Food Service Fund.

NOTE 7: Capital Reserve Account

A capital Reserve account was established by the Borough of Manasquan Board of Education by inclusion of \$508 on July 1, 2001 for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A. 19:60-2*. Pursuant to *N.J.A.C. 6:23A-5.1(d) 7*, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2022 to June 30, 2023 fiscal year is as follows:

Beginning Balance, July 1, 2022	\$ 244,618
Add:	
Interest Earned	50
Transfer	8,805
Budgeted Increase	75,000
Resolution Increase	<u>200,000</u>
Balance June 30, 2023	<u>\$ 528,473</u>

NOTE 8: Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The District maintains commercial insurance coverage for property, liability, student accident and surety bonds. A complete schedule of insurance coverage can be found in the Statistical Section of this Annual Comprehensive Financial Report.

New Jersey Unemployment Compensation Insurance – The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current year and previous year:

<u>Fiscal Year</u>	<u>District Contributions</u>	<u>Reimbursed</u>	<u>Balance</u>
2022-2023	\$ 26,983	21,865	179,611
2021-2022	31,730	0	174,493
2020-2021	30,368	11,075	142,763

NOTE 9: Tuition Adjustments

Regulations specify that tuition adjustments for any given school year shall be remitted/ received in the two following years after the tuition rate is certified. These adjustments have not been reflected on the June 30, 2023 financial statements.

NOTE 10: Economic Dependency

The District receives a substantial amount of its support from federal and state governments. A significant reduction in the level of support, if this were to occur, may have an effect on the District's programs and activities.

NOTE 11: Contingent Liabilities

The Board is involved in several claims and lawsuits incidental to its operations. In the opinion of the administration and legal counsel, the ultimate resolution of these matters will not have a material adverse effect of the financial position of the District.

NOTE 12: 2% Calculation of Excess Surplus

2022-23 Total General Fund Expenditures Per the ACFR	\$ 40,069,434

Capital Reserve	\$ 528,473
Maintenance Reserve	200,000
Tuition Reserve	<u>200,000</u>
	<u>\$ 928,473</u>

NOTE 13: Fund Balance Appropriated

General Fund – Of the \$3,357,416 General Fund fund balance at June 30, 2023; \$528,473 has been reserved in the Capital Reserve Account; \$200,000 has been reserved for maintenance reserve; \$200,000 is reserved for tuition reserve; \$491,089 is Designated for Subsequent Years Expenditures – Excess Surplus; \$179,611 is reserved for unemployment; Excess Surplus for 2022-2023 is \$751,839; \$840,030 is unassigned; and \$166,374 is reserved for Encumbrances.

NOTE 14: Calculation of Excess Surplus

In accordance with *N.J.S.A. 18A:7F-7*, as amended, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. There is excess fund balance at June 30, 2023 of \$751,839.

NOTE 15: Interfund Receivables and Payables

The following interfund balances remained on the balance sheet at June 30, 2023.

<u>Fund</u>	<u>Interfund Receivable</u>	<u>Interfund Payable</u>
General Fund	\$ 759,362	
Special Revenue Fund		259,362
Capital Projects		503,304
Debt Service Fund	<u>3,304</u>	<u> </u>
	<u>\$ 762,666</u>	<u>762,666</u>

NOTE 15: Interfund Receivables and Payables (Continued)

The interfund receivable in the general fund is due to the special revenue fund awaiting Federal and State reimbursements. The interfund due to debt service from capital projects is for interest earned on capital projects funds. It is anticipated that these interfunds will be liquidated in 2023-2024.

NOTE 16: Shared Services Agreement

On February 23, 2021, the Board of Education entered into a shared services agreement with the Borough of Manasquan providing for the construction of a field house and other related improvements on the High School property. The project cost was estimated at \$5,925,000, which was financed by the issuance of \$5,020,000 of bonds or notes by the Borough.

Future payments on the debt will be established with the Board of Education paying \$116,000 in the first two fiscal years with \$260,000 in each fiscal year thereafter until the debt is extinguished or modified.

NOTE 17: Subsequent Events

Subsequent events have been evaluated through December 22, 2023, which is the date the financial statements were available to be issued. The District issued \$3,300,000 of energy saving investment program bonds on August 3, 2023, maturing on June 30, 2039.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND REPORTING ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

K-1

Honorable President and Members
of the Board of Education
Manasquan School District
County of Monmouth
Manasquan, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Manasquan Board of Education, County of Monmouth, State of New Jersey as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Manasquan Board of Education, County of Monmouth, State of New Jersey's basic financial statements, and have issued our report thereon dated December 22, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Manasquan Board of Education, County of Monmouth, State of New Jersey's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions of the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Manasquan Board of Education, County of Monmouth, State of New Jersey's internal control. Accordingly, we do not express an opinion on the effectiveness of the Manasquan Board of Education, County of Monmouth, and State of New Jersey's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purposes described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Manasquan Board of Education, County of Monmouth, State of New Jersey's financial statements are free from material misstatement, we performed tests of it compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

ROBERT A. HULSART AND COMPANY

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL AND STATE PROGRAM;
REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE
OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
REQUIRED BY UNIFORM ADMINISTRATIVE AWARDS (UNIFORM GUIDANCE), AND
NEW JERSEY OMB'S CIRCULAR 15-08

K-2

Honorable President and Members
of the Board of Education
Manasquan School District
County of Monmouth
Manasquan, New Jersey

Report on Compliance for Each Major Federal & State Program

Opinion on Each Major Federal & State Program

We have audited the Manasquan Board of Education's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *New Jersey State Aid/Grant Compliance Supplement* that could have a direct and material effect on each of the Manasquan Board of Education's major federal and state programs for the year ended June 30, 2023. The Manasquan Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Manasquan Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit in accordance with the auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and NJ OMB 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Manasquan Board of Education and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Manasquan Board of Education's compliance with the requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to its Federal and State programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above have occurred, whether due to fraud or error, and express an opinion on the Manasquan Board of Education's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance and NJ OMB 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Manasquan Board of Education's compliance with the requirements of each major federal or state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Manasquan Board of Education's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Manasquan Board of Education's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of the Manasquan Board of Education's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance which are required to be reported in accordance with the Uniform Guidance or NJ OMB 15-08.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purposes described in the Auditor's Responsibilities for the Audit of Compliance paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and NJ OMB 15-08. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

BOARD OF EDUCATION

K-5

MANASQUAN SCHOOL DISTRICT**NOTES TO SCHEDULES OF FINANCIAL ASSISTANCE****JUNE 30, 2023****NOTE 1: General**

The accompanying schedules of financial assistance present the activity of all federal and state financial assistance programs of the Board of Education, Manasquan School District. The Board of Education is defined in Note 1(A) to the Board's general-purpose financial statements. All federal and state awards received directly from federal and state agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2: Basis of Accounting

The accompanying schedules of expenditures of awards and financial assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Note 1 to the Board's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular 15-08 *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE 3: Relationship to General Purpose Financial Statements

The general-purpose financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes one or more state aid June payments in the current budget year, consistent with N.J.S.A. 18A:22-4.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$(4,599) for the general fund and \$(168,877) for the special revenue fund. See exhibit C-3 for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's general purpose financial statements on a GAAP basis as presented on the following page:

NOTE 3: Relationship to General Purpose Financial Statements

	<u>General Fund</u>	<u>Special Revenue Fund</u>	<u>Food Service</u>	<u>Total</u>
