Vol. 8 No. 9 February 1, 1978

Height Modest Millionaire

Height Modest Millionaire

"I felt weak and upset, how would you feel?" reflected Mr. George C. Height, first winner of the 'Lucky Horoscope' lottery.

How would you feel if you had just become a millionaire as Mr. Height did on Wednesday, January 25? All and all the Manasquan resident had very little to say on his fantastic million-dollar win.

"I feel all right now. I'm getting over it now." When asked what he intended to spend his newly acquired fortune on, the 65-year-old man replied, "First I'm going to Florida, then I'll decide."

Mr. Height was one of 45 finalists trying to win the grand prize of a million dollars. He had not gone to the drawing at Keans College because of death in the family. That afternoon across the street, Mr. Leo Meyers received a phone call informing him that his neighbor had won, and Mr. Meyers went and informed the dubious ticket holder.

"He wouldn't believe me," related Meyers, "It couldn't have happened to a nicer guy."

When asked if he thought winning would change him, Height replied, "I don't know, I'll decide that when I come back (from Florida) in about three weeks."

Other neighbors and friend had these feelings:

"I'm very happy for him, I hope he spends the money wisely."

-Mr. Richard Berardi

"Words fail me."

-Mrs. Martha Seybuchler

"I'm happy he won, I think it's great."

-Mrs. Eva Gaffney

"He won't have to bang garbage cans any more."

-Mr. Larry White

"I think it's terrific, I think it's wonderful having a millionaire as a neighbor."

-Dr. Joeseeph Feldman

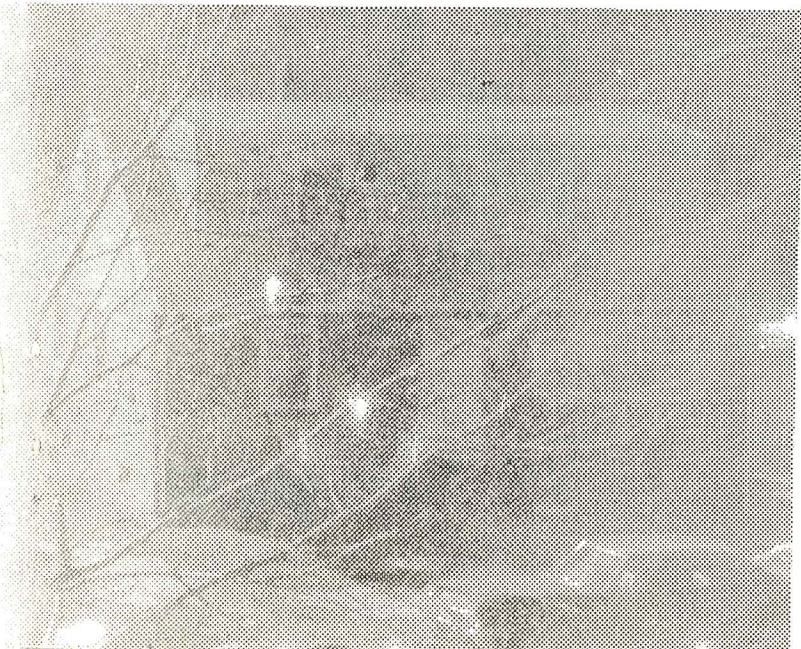

"I think it's wonderful, I just wish it had come at an earlier age. But God willing, I hope he will have many years to enjoy it."

-Mrs. Lucy Röss

Mr. Height resides at 85 Narrumson Rd. with his sister Katherine and niece, Laura.

Elliot Meyers

THE

"STATELY HEIGHT MANOR"

Architect's Blueprints - A Dream Become Reality

The picture on the left shows the final plans for the new addition if it passes. The addition will extend towards Broad Street within 25 feet. In the rear of the building, the cafeteria has been expanded with three extra classrooms added. To the right of the cafeteria is the media center and library. Towards the front, an auditorium as well as an entire music department will be added on.

Crossing over an enclosed bridge leads into another section. A new auxiliary gym, lab science rooms and classrooms have been drawn in.

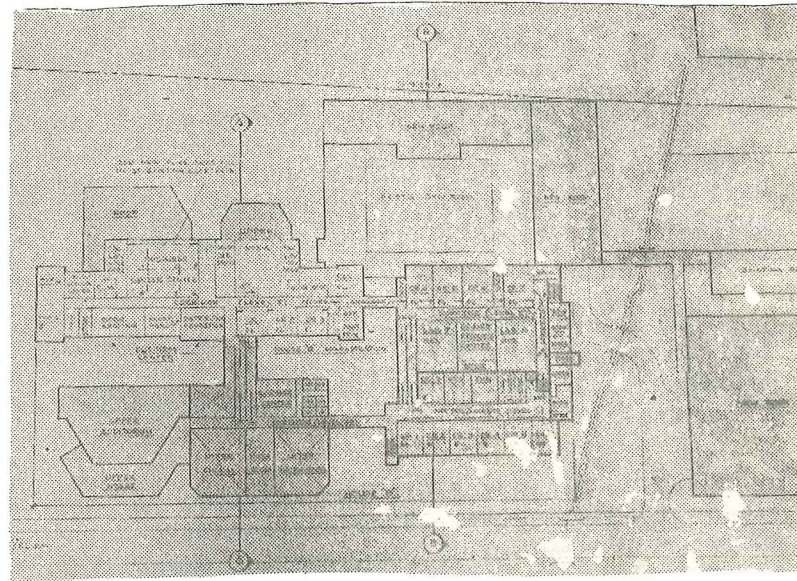

Another enclosed ramp will lead to the new Industrial Arts Center and the existing Arts and Crafts building.

The second level, the picture on the right, has a business resource center, a faculty library, work area, more classrooms and science lab rooms.

Ramps have been drawn in place of stairways. They will prevent "traffic jams" and confusion.

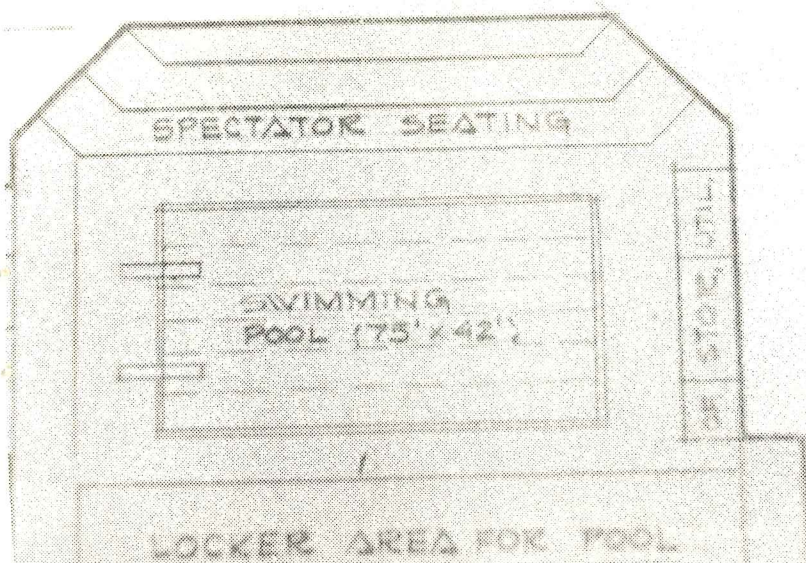

The existing areas have been outlined on the pictures to show readers the size of the new addition.

The second level over the cafeteria has been used for extra rooms instead of being wasted.

The swimming pool, which has been drawn in the final plans is still not definite until it has been voted upon in a separate referendum by each sending district. The olympic size pool will be built in place of an auxiliary gym. It can be beneficial and used by outsiders to pay for the cost.

The gym or the pool will be extended towards the football field, but not on it. If the addition and/or the pool is built, the outside facilities will have to be moved eventually to other sites located in the borough.

Will It Pass This Time?

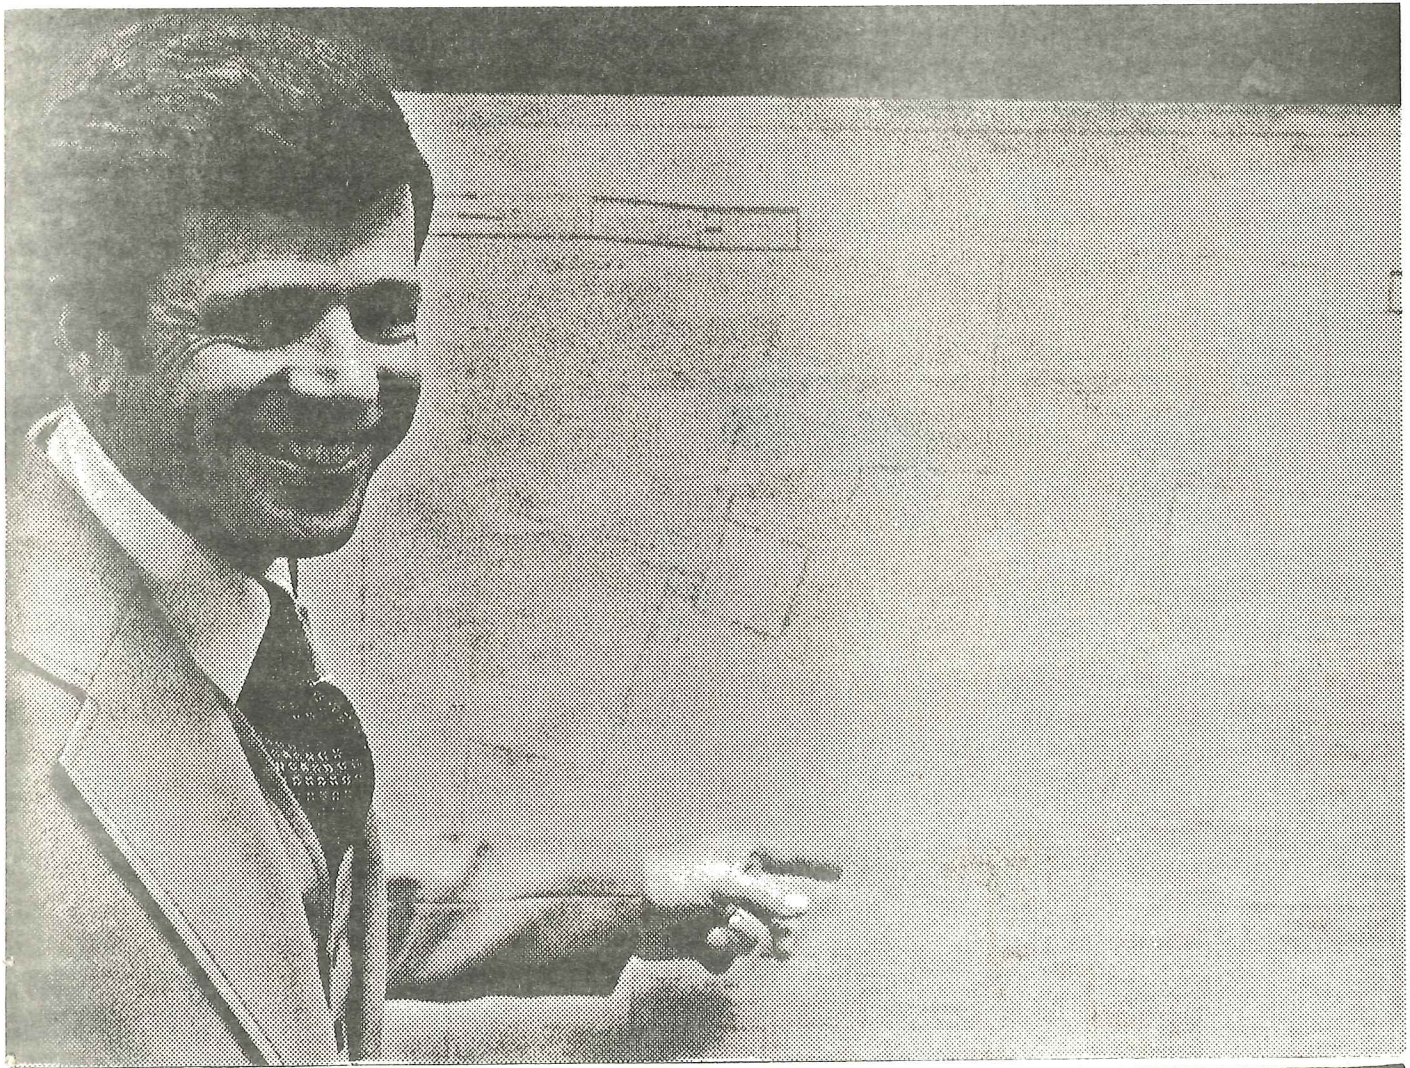

"We have converted all closets, nooks and crannies and there is no space left anywhere. I believe having classes, especially English, meeting four times a week, affects students' SAT scores," explained high school principal, Mrs. Carole Knopp.

"For the past 17 years, the people of the community have been talking about a new addition. They have been concerned but it always failed to pass," stated Manasquan superintendent, Dr. Thomas O'Rourke.

If you are still confused, I will explain. A meeting was held in the Manasquan elementary school on January 23 concerning final plans for a new school addition on the high school. Board members, students and other citizens from the seven sending districts attended in order to add their own viewpoints on the situation.

The most dramatic change proposed will be the extension of the proposed building within 25 feet of Broad Street. In the rear of the gym, the building will be extended towards the football field to incorporate a new auxiliary gym. A new wing will be constructed in front of the existing industrial arts building.

The grand total project cost will be \$8,852,242. Over seven million of this amount is for basic construction of the new addition and updating all existing areas. The remainder of this is divided between the cost of the new equipment and fees.

If sending district citizens are as enthusiastic as architect Quentin E. Armstrong is concerning his blue prints, we may just have that proposed addition after all. Manasquan students, cross your fingers and pray, it's going to be a long fight.

D.E.C.A. Takes 4 First Places

"I was really nervous and I didn't think I would win, but when they announced my name, Gayle LaVance said you could see my skirt shaking from the back of the auditorium," excitedly stated Nancy Oriscello.

Every year, a D.E.C.A. Central Region Mini Conference is held at Middlesex County College. This year there were 42 high schools from Carteret to Toms River South and as far west as Trenton who attended, averaging over 600 students.

Four buildings were occupied for different areas of testing. Each student was tested on one or more competencies depending on the field of study.

The winners, and their awards are Gayle LaVance, honorable mention; Dot Horner, first place all around; Jean Keil, second place; Nancy Oriscello, first place all around; Bruce Wissel, second place; Lisa "Monty" Montana, first place all around; Mark Lord, honorable mention; Tom White, first place all around; Mike Reddington, honorable mention; and Elliot Meyers, honorable mention.

There next step is to the states being held at Great Gorge in McAfee, New Jersey on March 13, 14 and 15. Depending on these results, the winners will then move to the Nationals.

"It was really worthwhile and a great experience," said senior Jean Keil. "I can't wait until the states."

"I'm really proud of all the students. Out of seven first places, Manasquan D.E.C.A. took four of them. The students made a great showing and the high school should be very proud of them," concluded Mr. "Buffy" Silva.

Left to Right:

Front Row-Gayle LaVance, Finance and Credit-Owner Manager, Dorothy Horner, General Merchandising-Master Employee, Jean Keil, General Merchandising-Diorama

Back Row- Mark Lord, Food Service-Owner Manager, Thomas White, Food Marketing-Master Employee, Michael Reddington, Automotive and Petroleum-Master Employee Elliot Meyers, Billboard Advertising

Letters (continued)

Response:

First of all, let me say that if you had been listening to an announcement made on the day prior to the ticketing, you would have been allowed to move your car and save ten dollars. The parking lot is only for faculty use.

Considering Manasquan High School's poor financial situation, lack of decent books, poor storage space, and need for desks and blackboards, your request for a student parking lot "right now" is one of the last things the school needs. By the way, the high school is here to give you an education, not to provide you a place to park your automobile. Walking or parking further away is the alternative until the high school can afford to build a parking lot.

Sean Boyan, Columnist

Security (continued)

Officials stated, after a student and her mother pummeled her in the assistant principal's office. As a result, the student was expelled from school.

Two Monmouth teenagers were sentenced to prison for having hired someone to break a ninth grade teacher's nose.

Not many schools have a person permanently employed to handle the situation. Often it is assigned to the assistant principal, business administrator or even a janitor.

Students now enjoy a wide array of rights which might explain their insubordination to administrators. A 1964 state law forbids corporal punishment except in special situations.

The three "R's", reading, writing and arithmetic must now be joined with the three "S's", security, safety and stability.

Mrs. Deborah Pearsall

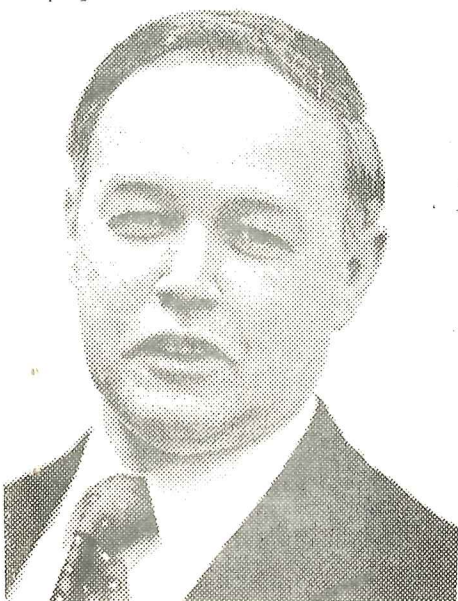

As a board member, my determination is made first in the best interest of the students, secondly in the ability of the taxpayer to pay and lastly the effect on the administration and staff," ended the veteran Board member.

Although Mr. Roger Newman couldn't attend the meeting, he did get back to me with his reasons for running for the Board. "I consider myself to be a good citizen although I do not possess any special skills. I have dedicated myself to the cause of better education in both schools and the elimination of double sessions in the high school," said the appointed Board member. "I'm just a common guy."

Following these speeches, the audience was given time to question the candidates on various issues. Vandalism, censorship, budget priorities, taxes, administrative conventions and the elimination of double sessions were among the topics which came up. Due to limited space, complete answers of a few questions put to the candidates will be printed on the following page.

It can not be impressed enough how important this election is to the Manasquan School District. Think carefully before you cast

your vote. The people that you place in office will be deciding on this year's budget and what items get cut. These people will be making key decisions relating to a possible addition to the school or regionalization. When you cast your vote, think of the type of education you want your child to receive. Most important of all, come out and vote! Your one vote is more important than some people will ever realize. I hope that enough people come out and hit those polls so the election will be an accountable one. Less than ten percent of Manasquan citizens took the opportunity and responsibility to vote last year. Perhaps more people will think more about education than watching Happy Days and come and VOTE on February 14, in the elementary school and the high school. Fight apathy and VOTE for your local Board of Education on February 14!

Mr. Robert J. Solt

other families, and an understanding of the daily pressures on students. Schools exist for students and as a Board member, I will work toward policies and decisions that help teachers and students. They are the most important part of any school."

Mrs. Catherine Rotunda, a present Board member, feels that her full time participation as a Board member qualifies her for the position. "My experience and integrity, along with awareness of all matters involving Board-School-Community provide me with a good background for the Board," concluded Board Vice-President.

Lastly to speak was Board President Mr. Robert Solt. The college graduate is employed by the Berry Metal Service Division of the Berry Group. "I do not succumb to pressure groups and their tactics. When making a deci-

SHOOTING THE BULL WITH SEAN BOYAN

What else can be said about our country's "Fallen Warrior," Hubert Horatio Humphrey, who died two weeks ago? Since the senator's death, thousands of writers have come out of the woodwork to hail the champion of civil rights in our country. It makes me wonder why they didn't say anything before about a man who deserved more credit than he received during his lifetime. Ah, but this is always the way, to praise a man after he has passed away. Criticism never stopped Humphrey though, he kept right on voicing his ideas.

In the last two decades Hubert Humphrey's name had become synonymous with defeat. Nothing could be further from the truth. Though he lost two tries for the presidency, Mr. Humphrey, in the Senate, was the power that pushed for the Civil Rights Bill of 1964. Showing remarkable persuasion powers, he almost single-handedly convinced all of the Republican Senators to pass the bill. He risked his political career so that all people in the United States could enjoy their freedom. "Hubie" sponsored bills in the Senate that were designed to make jobs for people, to insure that they would have better health care, and he also made vital trips to foreign allies to assure them of our support.

Well, one of my main wishes in the Christmas issue for the coming year has not come true. Losing "the conscience of our nation" as he was called by someone, has given us all a lesson on how to die. Though riddled with cancer, the man's optimism overcame his pain and doubts. Humphrey finished his Senate session last year despite his noticeable deterioration, and also pushed hard for the passage of President Carter's energy bill that looks like it may make it now. His advice was more often taken than anyone else's in the Senate. I might also add that no matter what political differences he had with his colleagues, he was a friend of everyone in that body.

Any man that had the heart to call Richard Nixon and wish him a happy birthday, after that man had dealt Humphrey the biggest defeat in his life in the presidential election of 1968, had to be special. Nixon attended the memorial services in Washington, a move that showed decency and respect for the former Vice President. For at least that day in Washington there were no Republicans or Democrats or rivals in the Capitol; there were only people mourning the death of a great leader. The most valid statement at the memorial service was made by Jimmy Carter when he said "Hubert always wanted to be President but never quite made it. Perhaps he could have made a better one than anyone in this room." Hubert would have made a good one. In fact, maybe we wouldn't be in the trouble we are now if he had made it. Every Black, Hispanic, or other minority can thank Hubert Humphrey every time they go to a good school, drink from a water fountain, or graduate from a college. They can thank him for having the courage to fight for their rights.

NEWS ITEM: COWBOYS ARE SUPER.

In a sloppy, rough contest, the Dallas Cowboys whipped the "Cinderella" Broncos in the Super Bowl, January 15th. You've probably seen better contests between the Seattle Sea Hawks and the Tampa Bay Buccaneers than you did on Super Sunday. It just goes to show that there should be some rule changes made for the next one. Coming off two weeks of practice, both Denver and Dallas were not very sharp. When a team has momentum in the playoffs and then doesn't play a game in two weeks, it's not ready. The regular week should be inserted. Witness all of the boring Super Bowls we have had to put up with in the last few years.

Maybe this year's football classic was a little like high school ball, but at least it was exciting. If the Dallas Cowboys can play as poorly as they did and win a Super Bowl, then with a little improvement they will probably do it again next year. Tom Landry had the defense performing perfectly, and showed that he could handle Craig Morton with ease. Denver had all the chances in the world to take the game over but couldn't capitalize. Look for the Cowboys to be back in '79.

Nature Graphs

He's crazy if he thinks I'm gonna sit here holdin' this nut for a LOUZY NICKEL AN HR.

CONTINUED

When you venture out into the wild, you'll need more than just a camera with a normal lens.

The following is a checklist of the basic equipment needed for top quality work in the field.

1. Single-lens reflex camera body.
2. Wide-angle and/or telephoto lens equipped with skylight filters and carrying cases.
3. Light meter if the camera dosen't have one built in.
4. Tripod
5. Cable release
6. Plenty of film
7. Camera bag or case

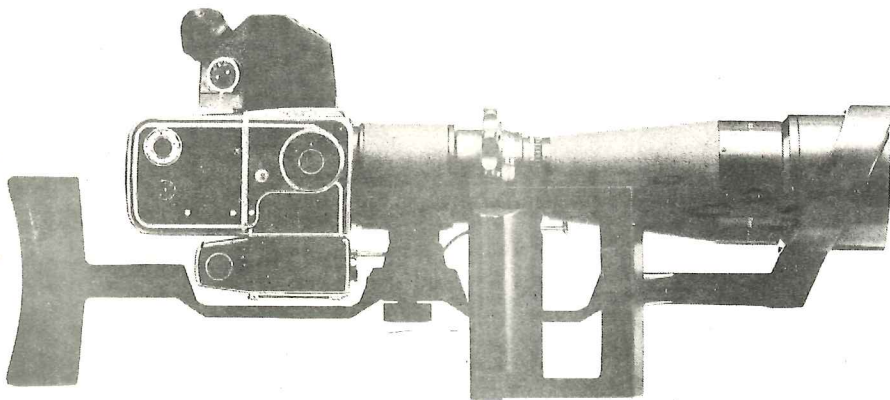

This is just a very basic list of equipment to take on trips because of portability, performance and weight.

Below: I thought I'd put this in just to make you fellow photographers drool. The camera is a 2 1/4 Hasselblad 500 EL/M. It has a built in motor drive for up to five frames per second capability. Using the 500mm Zeiss Tele-Tessar T* lens with gunstock specially designed to shoot at speeds down to 1/125 of a second without a tripod. The Hasselblad has center-weighted meter prism viewfinder.

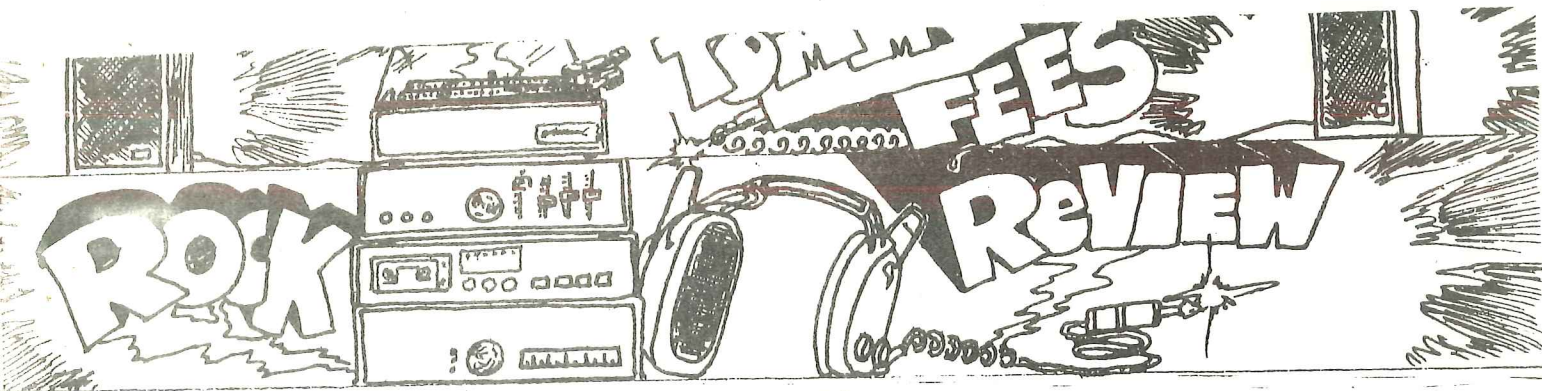

My next article will be entitled "Animals - Free and Captive" which will go into the "how to" and the "what not to do" of photographing animals around your home and those captive in the home and zoo.

If anyone has any questions about anything in photography, write it down with your name so I can answer them in my articles. Leave all questions in the Warrior room.

Kris Hauge

Above left: Minolta XK 35mm SLR camera with 58mm f/1.2 normal lens with a built in lens shade and center weighted metering system. Middle: Assortment of fine lens by Vivitar. Left: A must in nature photography - a stable tripod.

Pink Floyd: A Rocky History

Pink Floyd's original lead guitarist, Syd Barret, was the topic of a recent trivia question. To most people, Pink Floyd's lyrics make no sense. They don't realize that the songs are about Syd Barret and his insanity.

Pink Floyd's original album met critical acclaim when it was released in the mid 1960's. This album was so good that Pink Floyd was the first Rock group to receive a million dollar contract, beating out the Rolling Stones and even the Beatles.

Syd Barret began to use LSD and mescaline more and more frequently, until he was always tripping on it. Soon he became extremely uncontrollable and unable to play for the group. Barret could no longer separate reality from fantasy and was and still is in a mental institution.

The first allusion to Syd Barret's insanity was made on the classic album, "Dark Side of the Moon". The two songs that mention this are "Us and Them" and "Brain Damage". Both songs deal with enemies from within, although "Us and Them" can also be interpreted as a protest to the Vietnam War.

The entire "Wish You Were Here" album deals with Barret's mental state. "Shine on You Crazy Diamond" is about Barret the musician, who couldn't handle his success as he was "caught in the crossfire of childhood and stardom." With the exception of "Have a Cigar", which is a satire on the record company, all the other songs pay homage to Barret.

Pink Floyd moved on, as they set sights on today's society with the LP "Animals". They had to be admired for this editorial against modern times, as most of these efforts today are a failure. People are separated into three groups: pigs, sheep and dogs. The pigs represent the corporate heads who want more of everything. The dogs are the people who will do anything to move up in the companies. The sheep are the common workers who are passive and do what they are told to do.

Pink Floyd won't tour this year and won't have another album out until next year. They usually put out an album every two years and are usually worth the extra time they take.

How Tragic! It has been announced that Kiss won't tour until 1979, and also it has been said that the Sex Pistols have broken up. Maybe taste is in again this year.

Warrior Staff Makes Big Move

"It took 18 years, but I finally have a room I can call my own. Since everything is centrally located, I will be aware of what everyone is doing. The newsroom is advantageously near the supply room and the dark room. Our new location is cheerful, well lighted, modernistic, and it looks like a newsroom," exclaimed Lawrence White, "Warrior" advisor.

The week of January 17th, the "Warrior" staff, packing chairs, typewriters, printing press, and an electric heater, journeyed down to the new "Warrior" room located in the old DECA store. DECA in turn moved into the cafeteria in hopes to receive more business.

"In the old "Warrior" room, the printers were separated from the writers, as a result, during the week the paper came out, there was a limited amount of confusion. In the new room, the only convenience is being closer to the dark room," commented Meave Charlebois.

Patti Martin, editor of the "Warrior," had this to say about the newsroom: "The room is certainly a change. From first appearances it seems to be working out fine. The only problem we might encounter is that of people wandering in the room."

" I like the idea of being viewed by people so they can see what a hard working organization we are. Also when spring comes around, we will be able to open the

doors and have a nice 76 degree breeze to enjoy," said Jay Moglia.

The former "Warrior" room is now being used for much needed book storage space and some video taping.

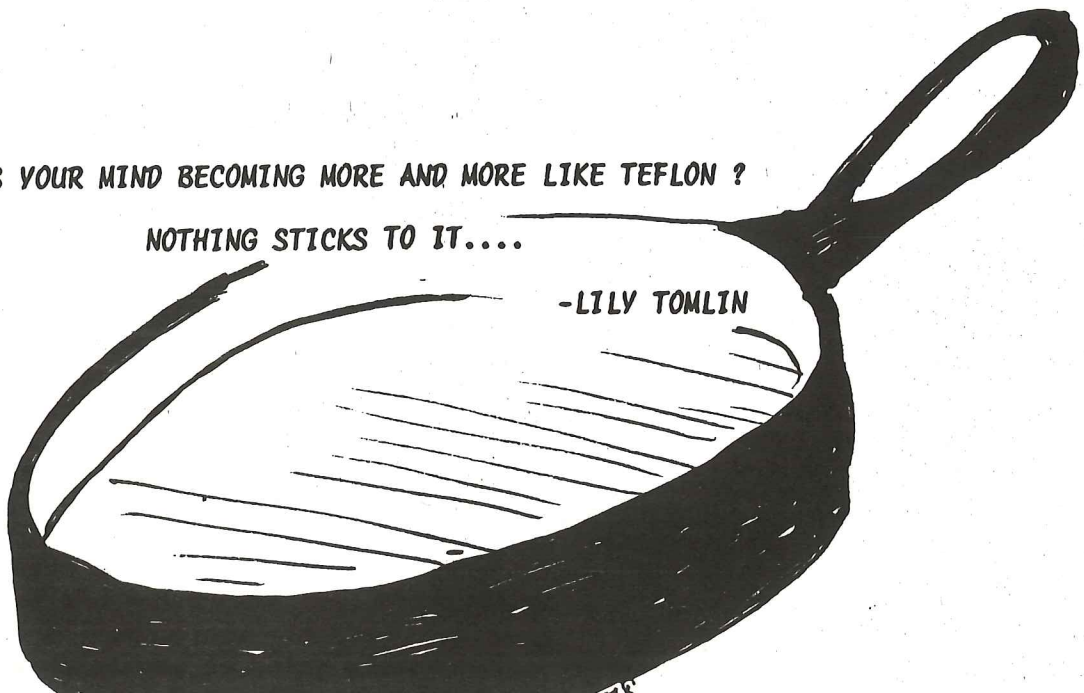

I think there is too much confusion with the printers in the same room. Anything is an improvement and we will have to make the best of our new room. There's no turning back!

Charlie Mulford

NOTHING STICKS TO IT....

-LILY TOMLIN

Bowling teams seem to be at opposite ends

The Manasquan Bowlers had one of their most important wins on January 18. They beat first place Lakewood two games to one. The Keglars were not without their problems though, when two of the Lakewood bowlers had 200 point games.

Jeff Brendel came through with a high series of 532 and a high game of 206. Senior stalwart Ed Solt, solidified the lead with a 516 series and a high game at 196.

Another win for the bowlers was Toms River South, they again downed their opponent 2-1. The bowlers seem to always have difficulty with the first game, but continually stun their opponent by sweeping the second and third games. These wins put the Keglars in a tie for fourth place and a shot at conference honors. High game in this match went to senior Gregg Sodini at 226, also capturing high series at 520.

The girls' bowling team, having more difficulty than the boys, has compiled a record of 10-7. The team is in the rebuilding process and is coming along fine. With only one senior on the squad, they have a promising future.

Joan Sable had the high game at 199 and high series at 464 against their most recent opponent, Point Pleasant Boro.

With the loss of Carole Williams, the team will have a tough time finishing the season. She graduated early leaving a big gap in the girls' team.

Mary Sable seems to be having the best season yet, holding the seasons high game at 224 and high series at 525.

ATTENTION ALL SENIORS

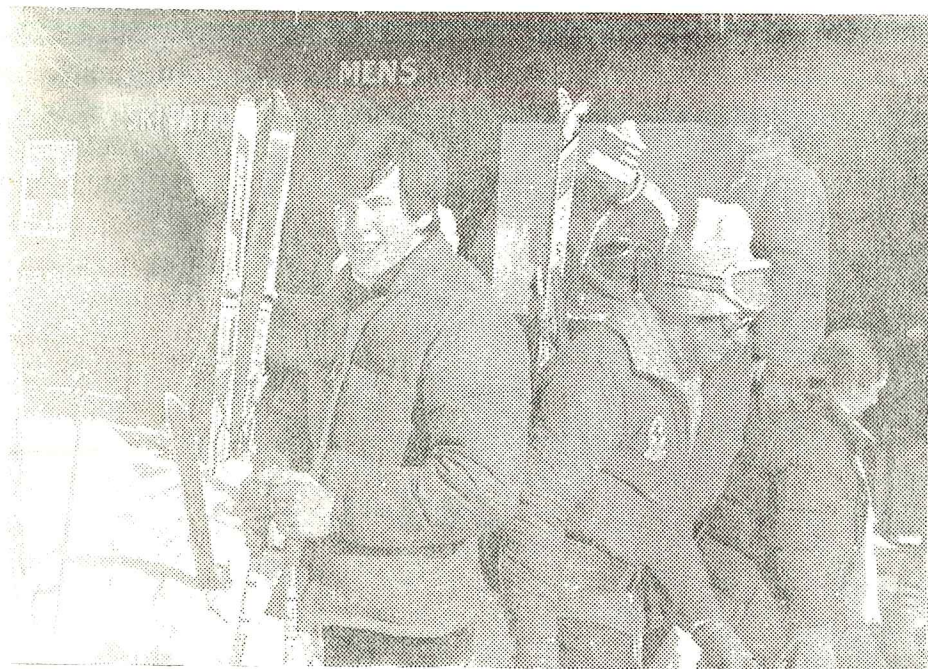

If there are any students who are interested in applying for the Elk's Club Scholarship, please pick up an application in Mrs. Knopp's office. It's an excellent opportunity so don't pass it by.

U.S. Army POSTER CONTEST

The U.S. Army Recruiting Station of Neptune City is sponsoring a Poster Contest open to all high school students in your school! This contest can win you prizes and get a chance to have your poster used by the Army nationally!

There will be three prizes in each school. Anyone male or female in grades 9-12 can have an opportunity to win one of these prizes!

- 1st PRIZE: \$25.00 U.S. Savings Bond & Trophy
- 2nd PRIZE: Engraved Trophy
- 3rd PRIZE: Engraved Trophy

The rules are simple to follow:

1. All winning entries will become property of the U.S. Army. All others will be returned after winners are declared.
2. Contestants must be students currently enrolled in school at entry date.
3. All supplies and materials used will be provided by contestants.
4. Posters will be no larger than 30 X 48 inches and no smaller than 12 X 14 inches. Posters will not protrude in anyway from wall when hung up.
5. Winners will be notified through school officials.
6. All posters will cover at least one but no more than three of the following themes:
 - "History of the Army"
 - "World War I or II and the Army"
 - "Today's Army"
 - "U.S. Army's Delayed Entry Program"
 - "Education in the Army"
 - "Sports in the Army"
 - "Women in the Army"
 - "Careers in the Army"
 - "Benefits in the Army"
 - "Travel in the Army"
7. Posters will be made by individual contestants, no group entries. No professional or outside help is permitted.
8. Any information concerning the themes will be provided by SSG Ray Sciarappa, Neptune City Army Recruiting Station, 774-1368.
9. Posters will be judged by Artistic Value, Originality & Relationship to Theme. No more than 20 words on any poster. Nor more than two entries by any one contestant and only one prize per contestant.
10. Entries will be given a number when submitted. There will be no visible name of contestant on any poster. All entries will be submitted with the following filled out completely: (on a 3x5 inch index card)

1978 NEW CAR REVIEW

BY SCOTT BELIVEAU

The Fiesta, Ford's "gutsy little street fighter", seats four adult passengers comfortably and has EPA mileage ratings of 46 miles per gallon highway and 34 city. The Fiesta may look like the Volkswagen Rabbit, but it does the Rabbit and others in its class one better with a base sticker price of about \$4000.

The Fiesta comes with a 1.6 litre engine mounted transverse. This means that the engine is mounted pointing side to side instead of front to back. By using the transverse mounting, Ford has created a compact car with more front seat leg room than any other car of its size. Accompanying this spunky little engine is a floor-mounted four-speed manual transmission.

Ford has dealt with the problems of steering and traction on snow and ice by equipping the Fiesta with front-wheel drive.

Standard interior features worth mentioning include front adjustable reclining bucket seats, a fold-down bench style rear seat, inside hood release, and a foot pedal operated windshield washer.

A standard exterior feature that adds to the sporty look is the Argent wheels with Michelin BSW steel belted radials. Two other features that not only add to the car's looks but also improve handling, are a front air dam and a rear roof spoiler.

Underneath, the car is equipped with rack and pinion steering, MacPherson front suspension, and front disc brakes.

The Fiesta, as all Ford cars do, has excellent corrosion protection. Ford employs the use of galvanized and other precoated steels and vinyl sealers. In critical areas aluminized wax is used and a finish coat of enamel is applied.

The Fiesta's overall measurements are as follows:

Wheelbase.....	90"
Length.....	147.1"
Width.....	61.7"

SPORTS QUIZ OF THE WEEK

1. What is the name of the Shore-area high school that its nickname doesn't end in s?
 - a) Middletown South
 - b) Long Branch
 - c) Middletown North
 - d) Neptune
2. How many players on a Lacrosse team?
 - a) 10
 - b) 11
 - c) 6
 - d) 8
3. Who did the Mets beat in 1969 to win the National League pennant?
 - a) Los Angeles Dodgers
 - b) Cincinnati Reds
 - c) Atlanta Braves
4. Who won last year's MVP in the NBA?
 - a) Kareem Abdul-Jabbar
 - b) Bill Walton
 - c) Pete Maravich
5. What New York Met pitcher gave Roberto Clemente his 3,000th hit?
 - a) Jon Matlack
 - b) Tom Seaver
 - c) Jerry Koosman
6. Who was the only pitcher in the Major Leagues to pitch back-to-back no hitters?
 - a) Nolan Ryan
 - b) Johnny Vander Meer
 - c) Sandy Koufax
7. Who coached the Los Angeles Lakers when they won 33 straight?
 - a) Tom Heinsohn
 - b) Bill Sharman
 - c) George Mikan
8. How many seasons was the ABA in existence?
 - a) 9
 - b) 11

* * * * *

ANSERS ARE UPSIDE DOWN

1. B. Long Branch
2. A. 10
3. C. Atlanta Braves
4. A. Kareem Abdul-Jabbar
5. A. Jon Matlack
6. B. Johnny Vander Meer
7. B. Bill Sharman
8. A. 9

YOUR WARDROBE

Your wardrobe reveals a great deal about you so clothes should be chosen carefully. Unless you are fortunate enough to indulge your fashion whims and follow the ever-changing trends, you must buy clothes wisely. Purchase clothes with lasting power—either one by one or in groups—as your budget allows.

1. Your wardrobe should be a combination of good taste and common sense.
2. If you have doubts, remember that "understated" is best.
3. Stick to classic, beautifully tailored lines. When clothing is simple and chic, it will work anywhere.
4. Consider this a "guide" only. Clothes should be selected by what looks good on YOU. Study yourself and determine which styles/lines are best for you. Stay with them.
5. Strive for a versatile wardrobe. If necessary, you should be able to go from work to dinner with just a change in accessories.
6. Buy quality— the best you can afford when it comes to "basics". Better made clothes usually hold their shape and last longer. Since you should be able to wear these "basics" for several years to come—this is an important consideration.
7. Begin with the neutral colors (especially in skirts and slacks) so you can easily coordinate outfits.
8. Choose colors carefully. Certain colors will complement your skin tone. It is important to know which shades are flattering to you.
9. Buy blouses and sweaters with other apparel in mind. What can be worn with it.
10. Choose accessories that are simple and stylish. They should not detract from your total look. This also includes jewelry.

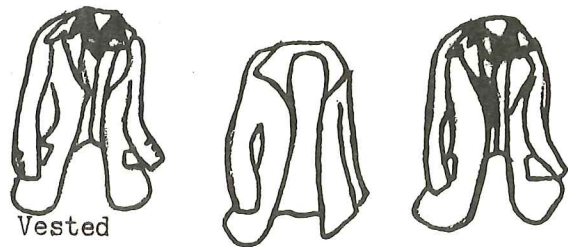

Classic styles you can wear with anything

Stock Tie

Tailored

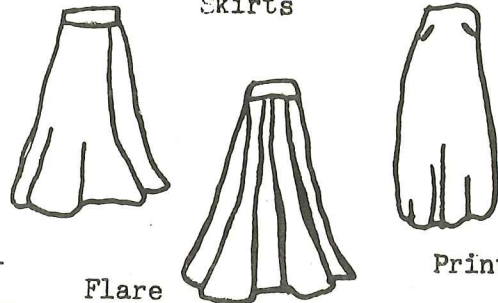

Jackets/Blazer

Vested

Tweed

Skirts

Camel

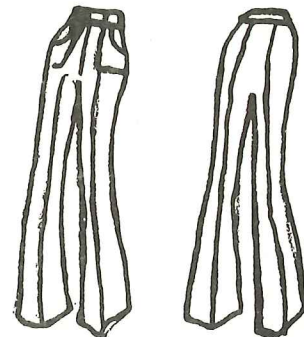

Flare

Print

Coat/Raincoat

Slacks

High-waisted or Khaki

Warriors Upset Mustangs, 31-26

"It was a total team effort," stated JV wrestling coach Mr. John Adams. The JV team had pulled off their biggest victory of the year when they upset the Mustangs of Marlboro 31-26 last Wednesday at the Warriors' home mat.

The victory was big because the Mustangs JV team had not been beaten in two years of competition.

The Warriors got the first three points of the match when freshman Tel Rodriquez scored a 4-2 decision over Steve Geller in the 101 class.

Junior Doug Carter wrestled an aggressive match before he was pinned in the third period. Doug was losing the match 11-9 before he was thrown on his back.

Mike Polesky came up with the Warriors second win of the day when he posted a 12-3 decision over Andy Applegate.

Nick Petagno wrestled well before he was pinned in the second period. Nick is only a freshman, but he wrestled well for his first JV match.

The Mustangs had to forfeit the 129 class; Nick Sthakis was credited with the victory.

Sophomore Mike Clayton came up with a big win, with a 8-6 decision over Marlboro's, Brian Van Curran. The Warriors were leading 15-12 at this point of the match.

Pat Hamilton came up with the Warriors' first pin of the day when he put his man on his back in the third period. Pat was losing 7-2 before he came back for his victory.

Mustangs' Jim Marshall put his team on the board again after he scored a 15-2 decision over Squan's Jim Heany. The Big Blue took control of the match with a 22-17 lead.

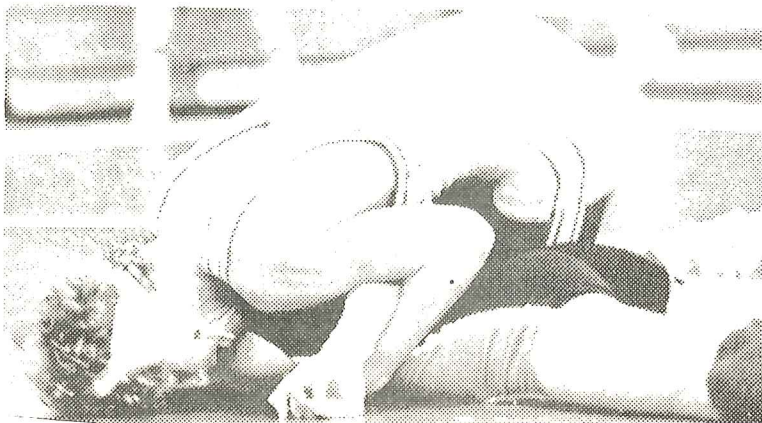

Freshman Dan Brendal never got started as he was pinned in 1:22 of the first period. Mustangs took control of the match 23-22.

Phil Stanley came up with a big victory 6-0 over Dave Warwick. The Warriors saw that they had a chance for an upset.

In the 188 class, Steve Hooegler turned back Squan's Brad Petagno 5-4, giving the Mustangs a 26-25 lead.

The stage was set for Brian Studnicki and Bill Utter in the unlimited class. Squan could pull off an upset if Brian should win. Brian was leading the match 6-0 before he pinned his opponent in the third period giving the Warriors a 31-26 victory.

The Warrior's next match is against Freehold Township on Wednesday, February 1 at the Colonial's home mat.

Sophomore Joe Monte has complete control of his opponent in a recent match.

Southern Deals Big Loss to Grapplers

Reminiscent of Point Boro, Manasquan suffered a big loss to Southern Regional. The Varsity grapplers came away with only three individual wins: 122 - Nick Kenney, 5-3; 141 - Kevin Bals, 4-2; and 158 - Mike Pinkman, 14-3. Squan's nine losses contributed to Southern's victory.

Doug Does It Again

If you missed the Shore Regional match about two weeks ago, you could have seen a near replay versus Holmdel.

In the opening matches, Tel Rodriguez and Timmy Carter suffered losses by pins. Tom Smith came back with a 3-2 victory, while Jack Aitoro recorded a pin. Joe Hopp scored a superior decision, 10-0.

At 135, Matt Sagui was defeated, 9-5. Kevin Bals was successful in defeating his opponent, 3-2. Thanks to an extra point for riding time, Mike Pinkman was given an 8-7 victory.

Still making his comeback, Jimmy Kerr awarded himself with a 4-1 achievement. Doug McCarthy secured the match for Manasquan with his pin in the first period. Wrestling unlimited, Kevin Maher suffered a third period pin.

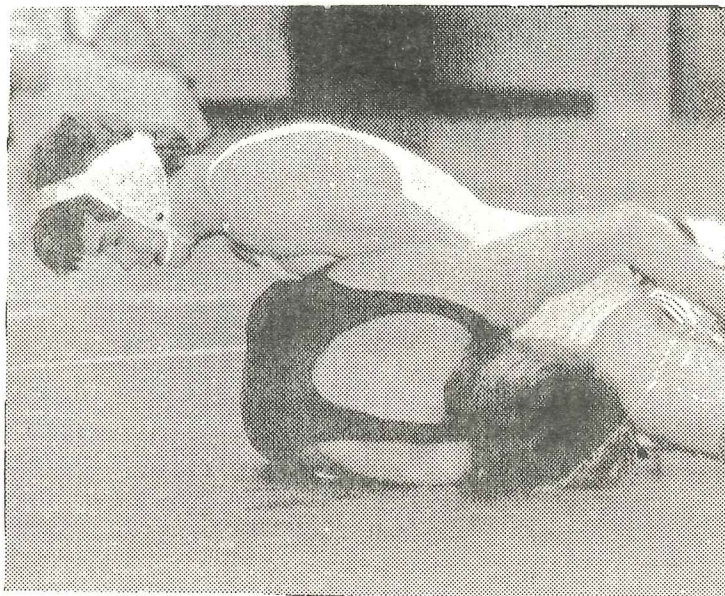

Squan Climbs First Step to Conference Title

Last Wednesday night, in their first conference match, the Varsity wrestlers made a positive move toward winning the Class B conference title. They defeated Marlboro, one of their toughest rivals, by a score of 27-17.

In the 101 weight class, Timmy Carter was awarded his long awaited first victory. He defeated Rick Desmond, 7-2. Tom Smith and Jack Aitoro followed up with 8-2 and 8-4 wins consecutively.

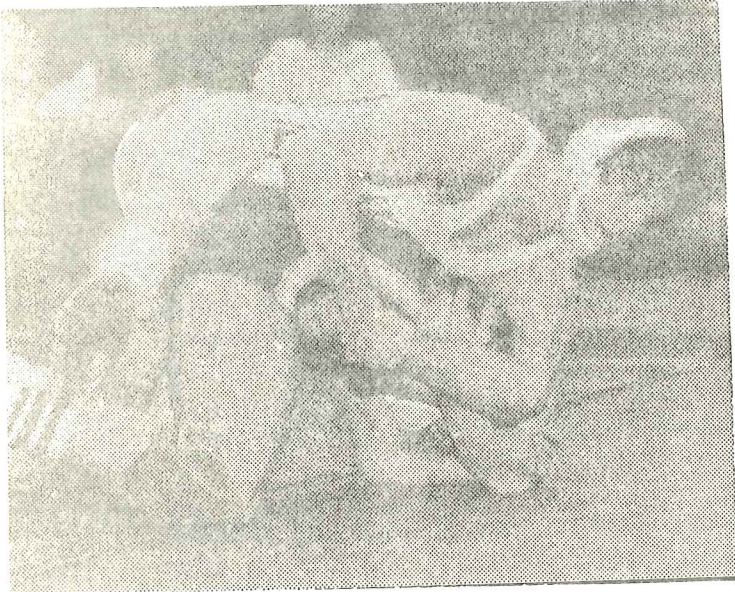

Nick Kenny lost to Marlboro's Lee Herman, 2-8. Immediately after, Lee's teammate, Eric Landan, was pinned by the ailing Joe Hopp in the second period. Joe Kenney, still feeling the affects of an arm injury, was back in action Wednesday night and obtained an 8-3 win over Pete Herman.

Joe Hopp works to put his opponent on his back.

At 141, Kevin Bals tied up Tim Kastner, 6-6. Shawn Ahern moved up to 148 Varsity and was defeated 6-13 by Paul Schiliro. Mike Pinkman scored a major decision over Alvin Brookins, 11-4.

Jim Kerr was plagued by injuries throughout his match. This resulted in a 1-10 loss to Robert Rogers. Rick Marko of Marlboro decisioned Barry Walsh, 6-14, in the 188 weight class. In the unlimited division, Doug McCarthy defeated Craig Reilly 5-3.

Mike Pinkman demonstrates a cross-body ride.

Kevin Bals has the advantage over his Holmdel opponent.

BOSTON DYNASTY CRUMBLES

It all started with Bob Cousy when the Celtics won their first NBA Championship in 1957. Then for the next 12 years Boston won 10 World Championships. What happened?

Now the Boston Celtics, who dominated the National Basketball Association in the 60's much like the Montreal Canadians handle the NHL today, will be completely dead at the close of the season when John "Hondo" Havlicek retires from basketball.

When Havlicek came to the pros in 1962 from Ohio State, he joined Bill Russell, Sam Jones, Tom Heinsohn and Co. and the Celts were unbeatable. You can't put it in words how Red Auerbach's ballclub manhandled the NBA. A team of such greats like these turned the Boston fans into Celtic maniacs.

Then it slowly happened. Bob Cousy retired. Jones, Heinsohn, Frank Ramsey and Bill Russell... retired. Now who was left but Hondo. So now he quits. Jo Jo White will soon kick the bucket and boom — Boston turns into the New Jersey Nets.

Many fans say it's no good to have one team take charge of a league, but you got to admit it was fun to watch Boston kill every team that came into Boston Garden and even on the road.

Now Boston will have to rebuild around Dave Cowens, Kevin Stacom, Cedric Maxwell and a new coach, Satch Sanders, who incidentally is not doing so well making these guys play together. When Boston is on the court it looks like there's five Lloyd Free's playing street ball.

DALLAS: TO BE CONTINUED

The winning of Super Bowl XII by the Dallas Cowboys could be just the beginning. After Dallas surprisingly crushed Denver last January 15 in New Orleans, it looks like the Cowboys will dominate the NFL for the rest of the decade.

Now which conference is better? The NFC won the Pro-Bowl, so now what conclusion must we come to. It really doesn't matter what conference is better--- the Cowboys are the best.

The Dallas offense will be even stonger for the '78 campaign. Tony Dorsett, a possible 1500 yard gainer and Roger Staubach are the NFL's best backfield along with Robert Newhouse. As for the receivers, Drew Pearson and Golden Richards are still young and will continue to set many NFL records for the Cowboys.

The "Cowboy Cream" defense for Dallas is virtually young and even Tom Landry has a lot of good coaching years left. The Cowboys will be the greatest team since the old Green Bay Packers.

* * * *

At this time I would like to express my deepest sympathy to the Anglin family of Spring Lake Heights who lost their boy William Michael Jr. two weeks ago. "Mickey", who was on my Senior League baseball team over the summer, was a great person to be around and will be sorely missed by his peers.

Frosh Hoopsters Win Two Straight

The Warriors knew what it was like to win last week as they scored two decisive victories over Monmouth Regional and Marlboro. Squan jumped to an early lead in both of the contests.

Tony Fleming's 18 points was the key to the victory over Monmouth along with Rich Esdaile's 11 rebounds.

Squan led by 11 points at halftime but Coach DeVincentis must have given his players a brilliant pep talk in the locker room because the Warriors outscored the Falcons 18-6 in the third quarter. Great defensive plays by Frank Petrulla, Rich Esdaile and Mike Neilsen sparked the 23 point lead going into the third period.

The remainder of the game belonged to the frequent substituting of fresh Warrior troops who were able to maintain a 22 point spread at the final.

The Marlboro Mustangs were the Warriors' second victim last Tuesday night by a margin of 55-44.

Squan's Tony Fleming led all scorers with 20 points while Rich Esdaile and Frank Petrulla combined for 13 points.

The Warriors jumped out to an early halftime lead, once again, 25-18. Squan's hot shooting guard, Tony Fleming, contributed 12 points in the second half to put the final touch on the victory and gave Manasquan their fifth win of the season.

The freshman hoopsters next contest will be tonight, away, against Freehold Township at Freehold and the Asbury Park Bishops invade Warrior turf Friday night.
